ORDRES GÉNÉRAUX DE MILICE.

QUARTIERS GÉNÉRAUX.

OTTAWA, 23 mai 1890.

ORDRES GÉNÉRAUX (6.)

No. 1.

MILICE ACTIVE.

PUISSANCE DU CANADA.

RÈGLEMENTS POUR LES EXERCICES ANNUELS DE 1890-91.

Les corps d'infanterie d'artillerie de place ne devront pas être composés de plus de 42 sous-officiers et soldats par compagnie et batterie, y compris les sergents d'état-major et les musiciens.

Les batteries de campagne, 1 major, 1 capitaine, 1 lieutenant, 1 sous-lieutenant, 1 chirurgien, 1 vétérinaire, 1 sergent-major, 1 sergent quartier-maître, 4 sergents, 4 caporaux, 4 bombardiers, 1 trompette, 1 maréchal-ferrant, 58 canonniers et conducteurs et 29 chevaux, y compris les chevaux des officiers et des sous-officiers.

Corps urbains et ruraux.

L'effectif des corps autorisés à faire leurs exercices à leurs quartiers généraux dans chaque district sera déduit de l'effectif total autorisé à faire l'exercice dans le district, la balance représentera le nombre qui pourra être concentré dans un camp d'exercice.

La compagnie "A" de l'école d'infanterie se joindra au camp dans le Nouveau-Brunswick, la compagnie "B" au camp dans le district No. 6, la compagnie "C" se joindra au camp dans le district No. 2, la compagnie "D" au camp dans le district No. 1, et un détachement avec deux pièces de la batterie "A" se joindra au camp dans le district Nos. 3 et 4. Comme ces différents corps reçoivent paiement comme corps permanents, ils seront considérés comme formant une addition à l'effectif autorisé pour les districts 1, 2, 3, 4, 6, et 8, mais ne recevront aucune solde pour se service.

Corps urbains.

Toutes les *corps urbains* (à l'exception des batteries d'artillerie de campagne et les compagnies qui appartiennent à des bataillons d'infanterie ruraux) pourront avoir la permission de faire douze jours d'exercice annuel à leurs quartiers généraux respectifs à l'époque qui leur conviendra le mieux avant le 1er décembre 1890.

La brigade du Nouveau-Brunswick et les batteries Nos. 1 et 2 d'artillerie de place, Lévis, seront considérées comme corps urbains pour les fins d'exercices.

Toute compagnie urbaine formant partie d'un bataillon rural ne pourra avoir la permission de faire les exercices pour lesquels il est accordé paiement, qu'en cas qu'elle aura été choisie et fera ses exercices au camp avec le bataillon auquel elle appartient.

Corps ruraux.

Le choix parmi les corps ruraux des différentes armes dans chaque district se fera en proportion de leur force respective. Les corps qui n'ont pas fait les exercices l'année dernière seront choisis les premiers.

Les corps, ainsi choisis dans les districts 1, 2, 3, 4, 5, 6, 7, 8 et 9 (non compris les compagnies d'infanterie isolées et des batteries d'artillerie de place, mais y comprenant les batteries d'artillerie de campagne qui ne sont pas exceptées spécialement,) seront concentrés dans un camp pour douze jours d'exercices, y compris le jour pour se rendre au camp et le jour pour en revenir.

Les compagnies d'infanterie isolées ou du génie, ou les batteries d'artillerie de place, choisies pour faire les exercices annuels de 1890-91 pourront avoir la permission de s'exercer à leurs quartiers généraux respectifs aux mêmes conditions que les corps urbains.

Corps urbains et ruraux.

Les batteries d'artillerie de campagne de Sydney, Winnipeg et Montréal feront leurs exercices dans un camp près de leurs quartiers généraux, d'après les règlements applicables aux corps dans un camp d'exercice si ce n'est qu'il sera payé 25 cents par officier et soldat et 35 cents par cheval par jour pour tenir lieu du coût de transport, rations, fourrage, combustible pour cuisine et indemnité pour marmites.

La 1ère brigade d'artillerie de campagne se joindra au camp de brigade du District No. 2. L'effectif de ces deux batteries sera compris dans la quotité du district auquel ils appartiennent.

A l'exception de la batterie de campagne de Winnipeg, les corps choisis pour l'exercice dans les districts Nos. 10, 11 et 12 feront leurs exercices à leurs quartiers généraux d'après les règlements applicables aux corps urbains.

Si on le préfère, les corps autorisés à faire les exercices dans le district No. 12 pourront s'assembler dans un seul camp d'après les mêmes règlements quant à la nourriture, etc., applicables aux batteries de campagne dans le paragraphe précédent.

Dans ce cas on n'accordera pas d'officier aux provisions. L'état-major sera composé de l'aide-adjudant général et du major de brigade.

L'aide-adjudant général de chaque district notifiera l'officier commandant de chaque corps choisi pour faire les exercices, de même que ceux qui ne pourront recevoir une solde, et enverra aux quartiers généraux un retour des corps qui auront reçu avis et de ceux qui ne pourront recevoir de solde ; avec aussi les détails des moyens employés par lui pour faire son choix.

Les corps qui n'auront pas été choisis et qui ne peuvent être payés sont, par le présent, relevés de l'obligation de faire les exercices pour l'année 1890–91.

Etat-major et commandement.

L'état-major de chaque camp d'exercice sera comme suit :—

L'aide-adjudant-général commandera, à moins qu'il soit autrement ordonné : l'état-major, 1 major de brigade, 1 officier proposé aux approvisionnements, 1 quartier-maître de camp (*fourrier*), 1 instructeur de mousqueterie, 1 officier médical principal, 5 sous-officiers d'état-major, et quand l'effectif du camp excèdera 1,500, 1 ordonnance.

Lorsqu'il y aura plus que quatre bataillons d'infanterie au camp ils devront être divisés, de temps à autre, pour l'exercice seulement, en deux brigades, et deux officiers, non nécessairement les plus anciens, choisis pour commander ces brigades à l'exercice.

Lorsqu'il y aura deux batteries ou plus au camp l'officier en commandement veillera à ce qu'elles soient en brigade et exercées ensemble sous les ordres du plus ancien officier d'artillerie, jusqu'à ce qu'elles soient en état de faire la manœuvre avec les autres armes.

Les cinq batteries d'artillerie au camp d'exercice de Niagara, seront embrigadées sous les ordres de l'Inspecteur d'artillerie et leur état-major se composera d'un major de brigade et deux sous-officiers. Les quatre batteries et le détachement de deux pièces d'artillerie au camp d'exercices de districts Nos. 3 & 4 seront embrigadées sous l'assistant inspecteur d'artillerie avec un état-major semblable.

Tout l'état-major temporaire, devrait être choisi, si la chose est possible, ayant égard à l'intérêt du service, parmi les officiers des régiments campés, ce qui donnerait à quelques-uns de ces officiers l'occasion d'apprendre le service d'état-major, et à d'autres d'apprendre celui du grade supérieur.

Il faudrait porter attention à la propreté et au maintien des hommes. Les casquettes (*caps*) et les casques, (*helmets*) doivent être portés comme il convient ; les boutons et les agrafes perdus soigneusement remplacés.

Les mentonnières se porteront invariablement sous le menton aux parades et en devoir.

Campements.

Les dates des différents camps seront comme suit :—

District 1	17	juin	1890.
2	17		do
3 et 4	17		do
5	24		do
6	24		do
7	1er	juillet	do
8	24	juin	do
9		sept.	do

En faisant le choix d'un endroit on devra d'abord considérer les qualités qu'offre cet endroit pour le campement, pour le mouvement des troupes, et pour les commodités de tir, puis prendre en considération la commodité de l'endroit quant à l'assemblée des différents corps.

Chaque camp doit avoir un champ de tir et ce qu'il faut pour la pratique du tir à la cible.

Les principaux points à observer sont :—

1o. L'instruction du tir.

2o. L'instruction des officiers et des soldats dans l'exercice en ordre ouvert pour l'escarmouche et pour l'attaque.

On ne consacrera que peu de temps, ou même aucun temps du tout aux défilés, qui sont de purs mouvements de parades et que l'on doit pratiquer avant ou après le rassemblement au camp.

Il ne sera permis à aucun officier ou soldat de résider ou de coucher hors du camp, si ce n'est avec la permission de l'officier commandant (qui devrait invariablement résider au camp lui-même)—permission qui ne devrait être accordée que dans un cas spécial.

Dans un camp il ne devrait y avoir (devant la tente de l'officier commandant) qu'un seul pavillon anglais, (*Union Jack*), qui devrait être hissé au lever du soleil et descendu à son coucher. Les régiments pourraient se servir de banderoles rouges portant leur numéro ou leur insigne et l'officier commandant en avoir une plus grande devant sa tente.

Les femmes, les amies ou enfants des officiers ou soldats ne seront logés en dedans des lignes d'aucun camp d'instruction.

Les officiers commandants s'appliqueront à enseigner à leurs hommes les nouveaux exercices d'infanterie, et les défilés et mouvements de parade ne doivent se faire au détriment d'exercices plus utiles et plus pratiques. Quand la chose est possible, les jours d'inspection, on trouvera les marches en campagne et les avant et arrière gardes plus avantageux pour les soldats que les défilés et les mouvements de parade.

TRANSPORT.

Les règlements relatifs au transport seront suivis en autant qu'ils peuvent être applicables à l'usage des camps d'exercices.

L'aide adjudant général dans chaque district spécifiera les routes que les corps devront prendre aller et retour.

Si pour se rendre aux camps les corps sont obligés de voyager par plus d'un chemin de fer, ou autre voie publique de transport, une réquisition séparée sera donnée pour le transport sur chaque ligne indépendante. Ceci est nécessaire afin de faciliter le contrôle des comptes fournis par chaque compagnie.

Les réquisitions de transport par chemin de fer ou bateau à vapeur, seront données par l'aide adjudant-général du district ; les comptes pour transport, relativement au prix et nombre de personnes, seront aussi contrôlés par lui.

Sauf exception, les officiers et soldats seulement se rendant au camp *bonâ fide* pour y faire leurs exercices seront transportés aux frais du public.

Les troupes de cavalerie, dont les quartiers généraux sont à moins de 25 milles, et toute compagnie d'infanterie dont les quartiers généraux sont à moins de 6 milles du camp, marcheront pour s'y rendre.

Les batteries de campagne marcheront jusqu'au camp si la distance est à moins de 6 milles. S'il y a plus de 6 milles mais moins de 25 milles une indemnité en argent leur sera allouée au taux de quatre centins par mille pour les hommes qui ne pourront pas être portés par les chevaux, ou sur les affûts de canon et les avant-trains de la batterie.

Tout corps dont les quartiers généraux ne sont pas à plus de 6 milles des gares de chemins de fer ou quais de bateaux à vapeur, d'où il sera transporté, s'y rendra à pied.

Quant aux compagnies d'infanterie dont les quartiers sont à plus de 6 milles de la gare de chemin de fer ou quai du bateau à vapeur qui doit les transporter, les officiers auront six centins et les soldats quatre centins par mille pour le nombre de milles nécessairement parcourus par chemin ordinaire de voiture, aller et retour.

Une pareille indemnité sera payée aux compagnies dont les quartiers généraux sont à plus de 6 milles du camp, pourvu qu'on ne puisse faire usage de chemin de fer ou bateau à vapeur pour aucune partie de cette distance.

NOURRITURE.

Les aides-adjudants généraux de district demanderont les soumissions qui auront été autorisées, et mettront à effet les dispositions relatives aux *Soumissions*, des Règlements de 1887. Les soumissions devront être faites *en double* et adressées au ministre de la Milice.

RATIONS.

Comme la distribution des rations dans le camp ne commencera que le matin du jour qui suivra celui de l'arrivée, les corps qui s'y rendront devront se pourvoir de rations cuites et de fourrage pour toute une journée. Il sera payé en argent au lieu de rations pour le premier jour de campement vingt cents pour chaque officier et soldat et trente-cinq cents pour chaque cheval.

Si l'aide-adjudant général le préfère, il pourra accorder une demi-ration de nourriture et fourrage le premier et le dernier jour du camp au lieu d'une ration entière le dernier jour.

En sus de son fourniment ordinaire chaque officier et chaque soldat devra se procurer et apporter au camp, un couteau, une fourchette et une cuillère, une assiette et un gobelet de ferblanc ; chaque compagnie, un couteau et une fourchette à dépecer, une pelle et une hache ; chaque bataillon, des marmites de camp et les ustensiles nécessaires à la cuisine.

L'officier des approvisionnements se guidera sur les Règlements, 1887, en ce qui regarde les provisions qu'il recevra et délivrera. Les sous-sections 2, 3 et 4 du paragraphe 617 ne s'appliqueront pas aux camps d'exercice.

Le combustible pour la cuisine sera distribué d'après l'échelle insérée dans le paragraphe 649 des Règlements, 1887 ; et une indemnité de six piastres par troupe et compagnie, et dix piastres par batterie d'artillerie de campagne sera payée à chaque corps pour se procurer des marmites, si le département n'en a pas fournies.

Les arrangements pour la cuisine seront les mêmes que pour le service actif. Les poêles de cuisine ne devront pas alors être transportés au camp par aucun corps aux dépens du public.

A l'officier des approvisionnements il sera alloué une journée après la levée du camp pour régler ses comptes. Cependant cet officier ne devra pas négliger de faire en sorte que tous les comptes avec les pièces justificatives, de chaque jour, soient convenablement arrangés et complétés à la fin de cette journée.

TENTES ET COUVERTURES.

Les tentes nécessaires et une couverture pour chaque officier et chaque soldat seront fournies pour les camps du mois de juin. Dans le mois de septembre deux couvertures pour chaque officier et chaque soldat, seront fournies. Ces livraisons de tentes et de couvertures seront faites sur la demande de chaque officier commandant, d'après la teneur des paragraphes 743 à 753 des Règlements et Ordres, 1887.

Au quartier-maître du camp il sera alloué une journée avant l'ouverture et une journée après la levée du camp pour recevoir et délivrer les effets de campement, les renvoyer au magasin et régler ses comptes.

Le quartier-maître pourra se rendre une journée avant l'arrivée de son corps au camp pour y faire, d'après les instructions de l'aide-adjudant général du district, les arrangements que nécessitera le campement de son corps. S'il est nécessaire il restera aussi une journée de plus en devoir après la levée du camp.

Si le temps est mauvais et que les tentes soient mouillées lors de la levée du camp, l'aide-adjudant genéral du district usera de sa discrétion sur les ordres à donner en ce qui regarde la protection des effets publics et leur renvoi dans le magasin militaire.

RÈGLEMENTS MÉDICAUX.

Autant que possible, chaque officier, sous-officier et soldat sera soumis à une inspection médicale avant de laisser les quartiers généraux du corps de milice auquel il appartient. Lorsque cette inspection n'aura pu se faire avant le départ, alors elle devra se faire aussitôt après l'arrivée au camp ; et il sera fait à l'officier commandant un rapport écrit et complet sur chaque homme.

Cette inspection est exigée en vue de s'assurer, 1° si l'homme souffre dans le temps de quelque maladie, telle que rhumatisme, maladie des poumons ou du cœur, de quelque viscère de l'abdomen, ou de quelque espèce de maladie syphilique ; s'il a la vue courte, s'il a quelque articulation affectée ; s'il a les pieds formés de manière à le gêner dans sa marche. 2° Si l'homme a quelque prédisposition à quelqu'une de ces maladies, ou en a récemment souffert ; enfin s'il y a chez lui quelque chose qui pourrait le rendre impropre au service militaire.

S'il se trouve des hommes affectés comme susdit, on ne devra pas leur permettre d'aller au camp, non plus d'y demeurer, tant pour leur propre bien que pour prévenir toute réclamation de compensation vis-à-vis du public pour cause de maladie, par des personnes qui ne sont aucunement propres au service militaire

Le plus ancien chirurgien sera le chirurgien en chef. Il établira un hôpital dans lequel les patients du camp seront soignés par les chirurgiens de leurs corps respectifs. Ces chirurgiens recevront les médecines, etc., du chirurgien en chef à qui une boîte est confiée pour ce service.

Le chirurgien de chaque bataillon et batterie de campagne fera tous les matins un rapport de santé dont il transmettra une copie au chirurgien en chef qui tiendra registre des admissions et des libérations de tous les malades passant par l'hôpital selon la formule B. (No. 283).

Chaque chirurgien en chef donnera un reçu pour tous les articles médicaux qui lui seront délivrés pour l'usage de la brigade et sera responsable du soin et de l'emploi de ces articles. Lorsqu'il sera relevé de son office il remettra dans les magasins du district toutes les médecines et les effets s'y rattachant qui n'auront pas été dépensés, fera une liste de ceux qu'il aura dépensés, et pour ce son reçu lui sera remis.

Le vin et toute autre boisson spiritueuse qui pourra être prescrite en cas de maladie devra être payé par la personne qui s'en servira.

Les officiers médicaux ne devront faire pour le compte du gouvernement, aucune dépense sans autorisation préalable.

MALADIES OU ACCIDENTS.

Dans le cas de maladie ou d'accident sérieux le chirurgien en chef conjointement avec l'officier commandant le camp, prendront tous les arrangements immédiats qui pourront être nécessaires, envoyant le patient chez lui si possible, ou au plus proche hôpital, et le chirurgien en chef fera sans délai un rapport minutieux de toutes les circonstances ayant trait au cas et l'adressera aux quartiers généraux.

MUNITIONS.

A chaque batterie d'artillerie de campagne il sera alloué 100 charges et à chaque batterie d'artillerie de place 20 charges à poudre seulement pour l'exercice et la pratique du tir.

Les munitions fournies antérieurement pour l'exercice et la pratique et qui n'ont pas été dépensées par les corps qui les ont obtenues doivent être déduites de la quantité de munitions autorisées pour cette année.

CORPS ARMÉS DE LA CARABINE.

Il faudra porter attention au nettoyage des armes et de l'équipement pendant le séjour au camp.

Il sera alloué à chaque homme ayant reçu autorisation de s'exercer, vingt cartouches à balle et vingt cartouches blanches pour la pratique, conformément aux paragraphes 437 à 446 inclusivement des Règlements de 1887.

PRATIQUE DU TIR.

On ne peut donner trop de soin à la pratique du tir. Elle se fera dans chaque camp. Elle démontre l'attention qu'on a portée à l'exercice de position et de pointage.

Les officiers de compagnie sont notifiés que le premier de ces exercices peut être pratiqué avec avantage tous les jours à la première parade du matin et lorsque les hommes sont au repos.

Tout soldat doit tirer sous la surveillance de l'Instructeur de mousqueterie et en présence du plus ancien officier de la compagnie le nombre de cartouches à balle autorisées à cette fin, et personne ne pourra tirer plus que la part accordée par le gouvernement, savoir : vingt.

A la pratique du tir à la cible chaque soldat tirera 5 cartouches à 100 verges et 5 cartouches à 200 verges, debout, 5 cartouches à 300 verges à genoux, et 5 cartouches à 400 verges dans une position militaire quelconque.

Quand l'état des cibles le permettra un homme qui ne fait pas 4 points à une distance quelconque doit continuer à tirer à cette distance jusqu'à ce qu'il ait fait le nombre de points voulus, et alors il lui sera permis de tirer à une autre distance, et ainsi de suite. "Debout," à "genoux" et "couché," tel que défini dans l'exercice de position, sont les positions militaires reconnues.

A la fin du tir individuel une classification sera faite et ceux qui auront obtenu 40 points seront classés comme tireur de premier ordre ; ceux qui auront obtenu 30 points et n'auront pas atteint 40, seront rangés dans la deuxième catégorie, et ceux qui ne parviendront pas à 30 points formeront la troisième catégorie. A 100, 200 et 300 verges la cible aura 4 pieds de largeur avec un blanc d'un pied de diamètre, 1 centre de 3 pieds de diamètre et *l'outer* (le dehors du tracé) comprendra le reste de la cible. A 400 verges la cible aura 6 pieds de largeur, blanc 2 pieds de diamètre, contre 4 pieds de diamètre et *l'outer* le reste de la cible.

Valeur des points. *Outer*, disque ou pavillon noir, 2 ; centre, disque ou pavillon noir et blanc, 3 ; blanc, disque ou pavillon blanc, 4. Le signal de danger ou pour cesser le feu sera dans tous les cas un pavillon rouge ; sous aucun précepte on ne doit tirer lorsque le pavillon de danger est en vue à la butte du marqueur.

Personne ne doit charger son arme qu'au moment de tirer, et s'il est nécessaire, dans un but quelconque de cesser le feu, tout homme ayant un fusil chargé le déchargera aussitôt et restera ainsi jusqu'à ce que l'ordre de recommencer le feu ait été donné.

EXAMENS.

Pendant les exercices l'officier commandant du camp devra éprouver les aptitudes des officiers de chaque corps pour l'accomplissement de leurs devoirs respectifs, c'est-à-dire les officiers de compagnie dans l'exercice de leur compagnie ou batterie, et les officiers supérieurs et adjudants dans l'exercice de leur batterie, bataillon ou brigade selon le cas. Les divers officiers seront invités séparément à donner les commandements, et à expliquer la nature des mouvements.

L'officier commandant du camp fera aux quartiers généraux un rapport confidentiel sur les capacités de chaque officier, et le genre d'épreuve subie sera clairement expliqué.

Les questions imprimées déjà émises par l'inspecteur de l'artillerie seront employées par cet officier à l'inspection du corps d'artillerie.

INSPECTIONS.

Les aides-adjudants généraux enverront aux quartiers généraux un rapport donnant les dates auxquelles les corps dans leurs districts respectifs auront terminé leurs exercices et seront prêts pour l'inspection.

L'inspection des corps de milice qui doit avoir lieu à la fin des exercices annuels se fera sur les lieux mêmes pendant les exercices du jour, à l'exception des brigades d'artillerie de place, lesquelles se feront au lieu et date que l'on jugera le plus à propos. Cette inspection devra coïncider avec l'inspection et réunion annuelle de tout le corps sous l'état-major du district.

Aux inspections on attachera une grande importance à la propreté des armes, à l'ajustement convenable des fourniments du soldat, à la manière dont les gardes et les sentinelles remplissent leurs devoirs et à la connaissance que les officiers et les sous-officiers doivent avoir de leurs hommes aussi bien que de leurs exercices et de leurs devoirs.

Les officiers inspecteurs doivent veiller à la propreté de toutes les parties du camp et de ses environs et en faire rapport.

SOLDE.

Avant de congédier les hommes on fera l'appel de tous les noms entrés sur le rôle de service, et cela en présence de l'officier inspecteur, qui, avant de certifier le bordereau, comparera ce dernier avec le rôle afin de s'assurer que chaque personne pour laquelle il est demandé paiement, a réellement droit de recevoir le montant inscrit à la suite de son nom.

Les récépissés, sur le bordereau, des hommes qui ne savent signer leurs noms devront être certifiés par un sergent ou autre personne que le capitaine ou officier commandant la compagnie.

Les corps urbains et autres qui font les exercices en vertu de règlements pour les corps urbains, recevront la solde nette affectée à leur grade respectif.

L'officier commandant de chaque camp recevra cinq piastres et tout autre officier faisant partie de l'état-major d'un camp recevra deux piastres et cinquante centins par jour pour subsistance, ainsi que fourrage gratuit et une piastre par jour pour un cheval s'il en est besoin pour l'accomplissement de ses devoirs comme officier à cheval.

Tout sous-officier faisant partie de l'état-major d'un camp d'exercice recevra une solde supplémentaire de cinquante centins par jour au lieu de rations.

Les officiers sous-officiers et soldats de tout corps faisant ces exercices au camp recevront pour chaque jour d'exercice la solde nette de leurs rangs respectifs tel que porté au paragraphe 865 et 866 des règlements de 1887. Il sera payé pour les chevaux des officiers et des troupes une piastre par jour en sus des rations gratuites (pour les officiers, sous-officiers et soldats) et fourrage gratuit (pour les chevaux). Si la paille n'est pas requise on donnera l'équivalent en foin ou en avoine si on le demande.

Les quartiers-maîtres des bataillons qui se rendront un journée d'avance au camp recevront une indemnité de une piastre par jour en sus de leur solde pour ce jour et le premier jour du camp. Ils recevront aussi une semblable indemnité pour chaque jour qu'ils resteront après la levée du camp d'après les instructions de l'aide-adjudant général du district. Il n'y aura pas de rations accordées pour ces jours ni indemnité en tenant lieu.

Les troupes de cavalerie ne se composeront que de 35 chevaux chaque.

Aucun officier à cheval ne pourra recevoir de solde que pour un cheval dont il se sert.

La solde pour chevaux devra comprendre les dépenses du ferrage pendant les exercices.

Tout officier ou soldat absent du camp sera privé de sa solde, indemnité ou ration pour tels jours d'absence.

On n'accordera pas de solde à aucune batterie d'artillerie de place, corps de génie, ou infanterie dans le cas où moins que deux officiers et 32 soldats en faisant partie n'aient participé aux exercices d'après les règlements.

Avant qu'un corps de milice puisse être payé l'officier commandant devra certifier le bordereau de paie déclarant que les officiers, sous-officiers et soldats pour qui paiement est demandé ont été *réellement présents* dans le corps de milice et qu'ils ont fait le nombre de jours d'exercice spécifiés en regard de leurs noms pour l'année 1890-91.

Les officiers d'état-major, les officiers commandants, de toutes les armes, et les capitaines des troupes, batteries et compagnies sont priés de prêter une attention spéciale à la forme de certificats qu'ils doivent signer au bas des bordereaux. Le département les tiendra responsables de l'exactitude de ces bordereaux. Ils devront en conséquence voir à ce que chaque officier, sous-officier et milicien n'y figure que pour le nombre de jours d'exercice que chacun aura réellement fait durant l'année pour laquelle paiement est demandé. Tout individu qui n'aura pas fait le nombre de jours d'exercice autorisé pour le corps auquel il appartient ne sera payé que pour le nombre réel de jours d'exercice qu'il aura faits avec le corps dont il fait partie.

RAPPORTS.

L'officier inspecteur dans son rapport annuel devra spécifier s'il s'est conformé aux clauses de l'ordre ci-dessus.

Afin qu'un rapport complet sur les exercices et les instructions militaires pour l'année fiscale de 1890-91 puisse être présenté à temps au parlement, tous les exercice pour lesquels il est accordé paiement devront être terminés avant le premier décembre 1890, et les rapports des aides-adjudants généraux *pas plus tard* que le cinq du même mois.

L'inspecteur d'artillerie s'arrangera pour faire une tournée d'inspection dans les Provinces Maritimes. Les batteries de place dans ces provinces devront compléter leurs exercices avant le 3 septembre.

Par ordre,
WALKER POWEL, Colonel,
Adjudant général de la milice,
Canada.

AVIS DU GOUVERNEMENT.

AVIS AUX MARINS.

N° 21 de 1890.

CHANGEMENTS DANS LE BALISAGE DU FLEUVE SAINT-LAURENT EN BAS DE QUÉBEC.

Lorsque les bouées seront placées dans le fleuve Saint-Laurent en bas de Québec, à l'ouverture de la navigation ce printemps, ou aussitôt après qu'il sera possible de le faire, les changements ci-après décrits seront exécutés, et le nouvel arrangement des bouées sera continué permanemment à l'avenir.

Ces changements sont faits pour la plus grande sûreté ou commodité de la navigation, et la Commission hydrographique sous la conduite du commandant Maxwell, M.R., en 1887 et 1888, a trouvé que plusieurs de ces changements étaient très désirables.

Ces changements affectent les Cartes de l'Amirauté Nos 310, 313, 314, 315, 317, 318 et 2516.

I. Récif Barrett.—La bouée à gaz et à cloche qui était autrefois sur le Récif Barrett,

Lat. N. 47° 53' 15"

sera remplacée par une bouée à gaz sphérique sans cloche. Cette bouée sera, comme auparavant, bigarrée, blanc et noir, et donnera une lumière brillante fixe à une élévation de 10 pieds au-dessus de l'eau.

Ceci affecte la Liste de phares canadiens et de signaux de brume, n° 49*b*.

II. Batture du Milieu.—La bouée-boîte bigarrée rouge et noir qui marquait autrefois la Batture du Milieu, dans le chenal de l'Ile aux Lièvres, sera discontinuée, étant rendue inutile par le balisage des deux battures ci-dessous immédiatement décrites, qui sont respectivement sises à une petite distance au nord-est et au sud-ouest de là.

III. Rocher Marmen.—Une bouée-boîte noire sera placée au nord-est du Rocher Marmen, qui est située au S.E. ¾ E., un peu plus d'un mille et demi du phare des Pots à l'Eau-de-vie, et dans 7 pieds d'eau.

A partir de la bouée l'extrémité S.O. de l'île aux Lièvres est dans une direction S. 73° 48' O., le phare des Pots à l'Eau-de-vie N. 54° 52' O., et le clocher de l'église de St. Patrice à Fraserville s'aperçoit au nord-est de la jetée de la Rivière-du-Loup.

IV. Rocher Demers.—Une bouée-boîte rouge sera placée au sud-ouest du Rocher Demers, qui est dans 11 pieds d'eau, et à 3½ encâblures sud-ouest de la Batture du Milieu, et S.E. ¾ S. à presque 1½ mille du phare des Pots à l'Eau-de-vie.

A partir de la bouée l'extrémité sud-ouest de l'île aux Lièvres est dans une direction S. 77° 33' O., le phare des Pots à l'Eau-de-vie N. 33° 42' O., et l'extrémité nord de l'Ile Blanche N. 9° 36' E.

V. Battures Sainte-Anne.—La bouée-boîte noire au large des battures Sainte-Anne sera transportée à environ un mille au nord-est de son ancienne position, de façon à marquer convenablement l'angle du banc.

Nouvelle position—Lat. N. 47° 26' 30"
Long. O. 70° 8' 35"

A partir de la bouée le phare de la Pointe aux Orignaux est dans une direction N. 75° 50' E., l'église de Sainte-Anne S. 26° 50' E., et l'église de Saint-Roch S. 29° 50' O.

VI. Extrémité est des battures Saint-Roch.—Une nouvelle bouée-boîte noire sera placée dans 28 pieds d'eau à l'ouest d'une batture recouverte de 16 pieds d'eau que le commandant Maxwell découvrit en 1887, N. E. par E. ¾ E., à 2⅓ milles du phare de la Traverse d'en bas.

A partir de la bouée, l'église de Sainte-Anne est dans une direction S. 59° E., l'église de Saint-Roch S. 2° 15' O., et le moulin en cailloux sur l'île aux Coudres N. 71° 55' O.

VII. Extrémité ouest de la batture de Saint-Roch.—La première bouée noire au sud-ouest du phare de la Traverse d'en haut sera transportée à 3½ encâblures au nord de son ancienne position en dehors d'un rocher nouvellement découvert avec 24 pieds d'eau au-dessus.

A partir de la bouée, l'église de Saint-Roch est dans une direction S. 83° 25' E., et l'église de Saint-Jean Port-Joli S. 11° 45' O.

VIII. Channel Patch.—La bouée à gaz autrefois sur le *Channel Patch*,

Lat. N. 47° 15' 0"
Long. O. 70° 19' 35"

sera remplacée par une bouée à gaz avec cloche. La bouée sera, comme autrefois, bigarrée blanc et noir, et donnera une lumière brillante fixe à une élévation de 11 pieds au-dessus de l'eau.

Ceci affecte les Listes des phares canadiens et signaux de brume n° 57*a*.

IX. Rétrécis ouest du chenal Beaujeu. — La bouée-boîte rouge aux rétrécis ouest du chenal Beaujeu sera transportée au sud de son ancienne position. Ce changement est devenu nécessaire vu que plusieurs hauts fonds à l'entour ont été découverts pendant le lever hydrographique de 1887. La nouvelle position sera justement au sud d'une batture recouverte de 22 pieds d'eau.

A partir de cette nouvelle position le phare de l'île aux Grues est dans une direction S. 65° 45' O., la balise South Diamond N. 17° 15' O., et la balise sud à la Pointe Macpherson N. 6° 35' E.

Lat. N. 47° 0' 45"
Long. O. 70° 39' 20"

qui autrefois était peinturée en rouge, sera à l'avenir peinturée en jaune, la couleur distinctive de la Quarantaine.

Ceci affecte la Liste des phares canadiens et des signaux de brume n° 60*b*.

XI. La Longue Pointe.—Une bouée-boîte rouge sera ancrée dans 30 pieds d'eau, au sud de la Longue Pointe, qui est une batture s'étendant au large depuis le Cap Gribanne, dans le chenal nord, les hauteurs d'eau variant de 8 à 21 pieds.

Position de la bouée—Lat. N. 47° 9' 8"
Long. O. 70° 40' 5"

A partir de la bouée, le phare du Cap Brûlé est dans une direction S. 60° 40' O., et les maisons à Abattis se voient d'abord au sud du quai du Saut au Cochon.

XII. Retrécis de l'est.—La bouée-boîte rouge aux Retrécis de l'est, au delà de la Pointe de la Traverse (Traverse Spit) sera placée à environ 1¼ encâblure au nord-est de son ancienne position, pour marquer une profondeur de 18 pieds à l'eau basse.

Nouvelle position—Lat. N. 47° 4' 15"
Long. O. 70° 44' 29"

A partir de la bouée le phare du Cap Brûlé est dans une direction N. 32° 45' E., l'extrémité sud-ouest de l'Ile Patience S. 38° 40' E., et l'entrée sud-ouest de l'Ile aux Réaux, S. 35° O.

XIII. Traverse du Nord.—La bouée bigarrée noir et blanc dans la Traverse du nord sera ancrée dans 28 pieds d'eau tout près du nord-est d'un banc recouvert de 12 pieds d'eau, trouvé pendant le lever hydrographique de 1887 à l'extrémité nord-ouest du Sable ouest.

Nouvelle position—Lat. N. 47° 2' 34"
Long. O. 70 45 50

A partir de la bouée, l'extrémité ouest du petit îlot au bout ouest de la Grosse-Ile est en ligne avec l'extrémité nord-est de l'Ile aux Reaux, et la Pointe Saint-Jean se voit juste au sud de la Pointe Bellefeuille.

XIV. Les Ilets, chenal d'Orléans.—Celle des trois bouées rouges marquant les Ilets qui est le plus à l'ouest sera ancrée dans 22 pieds d'eau, au sud d'une batture recouverte de 9 pieds d'eau, au sud de son ancienne position, et de façon à indiquer une ligne droite jusqu'à la prochaine bouée à l'est.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Quebec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle adopté par la Chambre, le 23 juin 1887, dont copie peut être obtenue du greffier de la Chambre ;

(*a.*) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression.

(*b.*) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c.*) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer

à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré, durant trois mois, entre l'expiration de la dernière session parlementaire avant l'avis et la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extrajudiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

[*Assented to* 16*th May*, 1890.]

HER Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows :—

SHORT TITLE.

1. This Act may be cited as "*The Bank Act.*"

INTERPRETATION.

2. In this Act, unless the context otherwise requires,—

(*a.*) The expression "the bank" means any bank to which this Act applies ;

(*b.*) The expression "Treasury Board" means the board provided for by section nine of chapter twenty-eight of the Revised Statutes of Canada, or any Act in amendment thereof or substitution therefor ;

(*c.*) The expression "goods, wares and merchandise" includes, in addition to the things usually understood thereby, timber, deals, boards, staves, saw-logs and other lumber, petroleum, crude oil, and all agricultural produce and other articles of commerce ;

(*d.*) The expression "warehouse receipt" means any receipt given by any person for any goods, wares, or merchandise, in his actual, visible and continued possession, as bailee thereof, in good faith, and not as of his own property, and includes receipts given by any person who is the owner or keeper of a harbor, cove, pond, wharf, yard, warehouse, shed, storehouse or other place for the storage of goods, wares or merchandise, for goods, wares and merchandise delivered to him as bailee and actually in the place, or in one or more of the places owned or kept by him, whether such person is engaged in other business or not;

(*e*.) The expression "bill of lading" includes all receipts for goods, wares or merchandise, accompanied by an undertaking to transport the same from the place where they were received to some other place, whether by land or water, or partly by land and partly by water, and by any mode of carriage whatever;

(*f*.) The word "manufacturer" includes maltsters, distillers, brewers, refiners and producers of petroleum, tanners, curers, packers, canners of meat, pork, fish, fruit or vegetables, and any person who produces by hand, art, process or mechanical means any goods, wares or merchandise.

APPLICATION OF ACT.

3. The provisions of this Act apply to the several banks enumerated in Schedule A to this Act, and to every bank incorporated after the first day of January, in the year one thousand eight hundred and ninety, whether this Act is specially mentioned in its Act of incorporation or not, but not to any other bank, except as hereinafter specially provided.

4. The charters or Acts of incorporation, and any Acts in amendment thereof, of the several banks enumerated in Schedule A to this Act are continued in force, so far as regards the incorporation and corporate name, the amount of capital stock, the amount of each share of such stock and the chief place of business of each bank, until the first day of July, in the year one thousand nine hundred and one, subject to the right of each bank to increase or reduce its capital stock in the manner hereinafter provided; and as to all other particulars this Act shall form and be the charter of each of the said banks until the said first day of July, in the year one thousand nine hundred and one,—subject in the case of La Banque du Peuple to the provisions hereinafter made in respect to that bank: Provided always, that the said charters or Acts of incorporation are hereby continued in force only in so far as they, or any of them, are not forfeited or rendered void under the terms thereof, or of this Act, or of any other Act passed or to be passed, by reason of the non-performance of the conditions thereof, or by insolvency, or otherwise.

5. All the provisions of this Act, except those contained in sections three, six to seventeen (both inclusive), nineteen to twenty-seven (both inclusive), thirty-three, forty-five, and eighty-nine to ninety-six (both inclusive), apply to La Banque du Peuple: Provided, that wherever the word "directors" is used in any of the sections which apply to the said bank, it shall be read and construed as meaning the principal partners or members of the corporation of the said bank; and so much of the Act incorporating the said bank, or of any Act amending or continuing it, as is inconsistent with any section of this Act applying to the said bank, or which makes any provision in any matter provided for by such sections other than such as is hereby made, is hereby repealed; otherwise the said Acts are continued in force, subject to the proviso contained in section four of this Act.

6. The provisions contained in sections two, seven, thirty-seven, forty-seven to eighty-eight (both inclusive), and ninety-seven to one hundred and four (both inclusive), apply to the

Bank of British North America and the Bank of British Columbia respectively; and the provisions contained in the other sections of this Act do not apply to the said banks.

7. For the purposes of the several sections of this Act made applicable to the Bank of British North America and the Bank of British Columbia, the chief office of the Bank of British North America shall be the office of the bank at Montreal, in the Province of Quebec, and the chief office of the Bank of British Columbia shall be the office of the bank at Victoria, in the Province of British Columbia.

8. The provisions of this Act may be extended to the Merchants' Bank of Prince Edward Island by the Treasury Board, upon the application of the directors of the said bank, before the expiration of the present charter of the said bank; and upon publication in the *Canada Gazette* of the resolution of the directors applying hereunder, and of the minute of the Treasury Board thereon allowing such application, the provisions of this Act shall, from the time named in such minute, or if there is no time named therein, from the date of the publication thereof in the *Canada Gazette*, apply to the said bank; and its charter and Act of incorporation, and any Acts in amendment thereof, shall thereupon be extended for the same time and to the extent as if the name of the said bank had been included in Schedule A to this Act.

INCORPORATION AND ORGANIZATION OF BANKS.

9. The capital stock of every bank hereafter incorporated, the name of the bank, the place where its chief office is to be situate, and the name of the provisional directors shall be declared in the Act of incorporation of every such bank:

2. An Act of incorporation of a bank in the form set forth in Schedule B to this Act shall be construed to confer upon the bank thereby incorporated all the powers, privileges and immunities, and to subject it to all the liabilities and provisions set forth in this Act.

10. The capital stock of any bank hereafter incorporated shall be not less than five hundred thousand dollars, and shall be divided into shares of one hundred dollars each.

11. The number of provisional directors shall be not less than five nor more than ten, and they shall hold office until directors are elected by the subscribers to the stock, as hereinafter provided.

12. For the purpose of organizing the bank, the provisional directors may cause stock books to be opened, after giving public notice thereof,—upon which stock books shall be recorded the subscriptions of such persons as desire to become shareholders in the bank; and such books shall be opened at the place where the chief office of the bank is to be situate, and elsewhere, in the discretion of the provisional directors, and may be kept open for such time as they deem necessary.

13. So soon as a sum not less than five hundred thousand dollars of the capital stock of the bank has been *bonâ fide* subscribed, and a sum not less than two hundred and fifty thousand dollars thereof has been paid to the Minister of Finance and Receiver General, the provisional directors may, by public notice, published, for at least four weeks, call a meeting of the subscribers to the said stock, to be held in the place named in the Act of incorporation as the chief place of business of the bank, at such time and at such place therein as set forth in the said notice; at which meeting the subscribers shall determine the day upon which the annual general meeting of the bank is to be held, and shall elect such number of directors, duly qualified under this Act, not less than five nor more than ten, as they think necessary, who shall hold office until the annual general meeting in the year next succeeding their election; and upon the election of directors as aforesaid the functions of the provisional directors shall cease.

14. The bank shall not issue notes nor commence the business of banking until it has obtained from the Treasury Board a certificate permitting it to do so, and no application for such certificate shall be made until directors have been elected by the subscribers to the stock in the manner hereinbefore provided; and every director, provisional director, or other person, issuing or authorizing the issue of the notes of such bank or transacting or authorizing the transaction of any business in connection with such bank, except such as is hereinbefore provided, before the obtaining of the certificate from the Treasury Board, shall be guilty of an offence against this Act.

15. No certificate shall be given by the Treasury Board until it has been shown to the satisfaction of the Board, by affidavit or otherwise, that all the requirements of this Act and of the special Act of incorporation of the bank, as to the payment required to be made to the Minister of Finance and Receiver General, the election of directors, deposit for security for note issue, or otherwise, have been complied with, and that the sum so paid was then held by the Minister of Finance and Receiver General; and no certificate as aforesaid shall be given except within one year from the passing of the Act of incorporation of the bank applying for the said certificate.

16. In the event of the bank not obtaining a certificate from the Treasury Board within one year from the time of the passing of its Act of incorporation, all the rights, powers and privileges conferred on such bank by its Act of incorporation shall thereupon cease and determine and be of no force and effect whatever.

17. Upon the issue of the certificate in manner hereinbefore provided, the Minister of Finance and Receiver General shall forthwith pay to the bank the amount of money so deposited with him as aforesaid, without interest, after deducting therefrom the amount required to be deposited under section fifty-four of this Act; and in case no certificate is issued by the Treasury Board within the time limited for the issue thereof, the amount so deposited shall be returned to the person depositing the same; but in no case shall the Minister of Finance and Receiver General be under any obligation to see to the proper application of the same in any way.

INTERNAL REGULATIONS.

18. The shareholders of the bank (or, in the case of La Banque du Peuple, the principal partners or members of the corporation thereof,) may regulate, by by-law, the following matters incident to the management and administration of the affairs of the bank, that is to say: The day upon which the annual general meeting of the shareholders for the election of directors shall be held; the record to be kept of proxies, and the time, not exceeding thirty days, within which proxies must be produced and recorded prior to a meeting in order to entitle the holder to vote thereon; the number of the directors, which shall not be less than five and not more than ten, and the quorum thereof, which shall not be less than three; their qualification, subject to the provisions hereinafter made; the method of filling vacancies in the board of directors whenever the same occur during each year, and the time and proceedings for the election of directors, in case of a failure of any election on the day appointed for it; the remuneration of the president, vice-president and other directors; and the amount of discounts or loans which may be made to directors, either jointly or severally, or to any one firm or person, or to any shareholder, or to corporations:

2. The shareholders may authorize the directors to establish guarantee and pension funds for the officers and employees of the bank and their families, and to contribute thereto out of the funds of the bank:

3. Until it is otherwise prescribed by by-law under this section, the by-laws of the bank on any matter which may be regulated by by-law under this section shall remain in force, except as to any provision fixing the qualification of directors at an amount less than that prescribed by this Act; and no person shall be elected or continue to be a director unless he holds stock paid up to the amount required by this Act, or such greater amount as is required by any by-law in that behalf:

4. The foregoing provisions of this section, touching directors, shall not apply to La Banque du Peuple, which shall in these matters be governed by the provisions of its charter.

19. The stock, property, affairs and concerns of the bank shall be managed by a board of directors, who shall be elected annually in manner hereinafter provided, and shall be eligible for re-election:

2. Each director shall hold capital stock of the bank as follows:—When the paid-up capital stock is one million dollars or less, each director shall hold stock on which not less than three thousand dollars has been paid up; when the paid-up capital stock is over one million dollars and does not exceed three million dollars, each director shall hold stock on which not less than four thousand dollars has been paid up; and when the paid-up capital stock exceeds three million dollars, each director shall hold stock on which not less than five thousand dollars has been paid up:

3. A majority of the directors shall be natural-born or naturalized subjects of Her Majesty:

4. The directors shall be elected by the shareholders on such day in each year as is appointed by the charter or by any by-law of the bank, and such election shall take place at the head office of the bank at such time of the day as the directors appoint; and public notice thereof shall be given by the directors, by publishing the same for at least four weeks previous to the time of holding such election, in a newspaper published at the place where the said head office is situate:

5. The persons, to the number authorized to be elected, who have the greatest number of votes at any election, shall be directors:

6. If it happens at any election that two or more persons have an equal number of votes and the election or non-election of one or more of such persons as a director or directors depends on such equality, then the directors who have a greater number, or the majority of them, shall determine which of the said persons so having an equal number of votes shall be the director or directors, so as to complete the full number; and the said directors, as soon as may be, after the said election, shall proceed to elect, by ballot, two of their number to be president and vice-president respectively:

7. If a vacancy occurs in the board of directors, such vacancy shall be filled in the manner provided by the by-laws; but the non-filling of the vacancy shall not vitiate the acts of a quorum of the remaining directors; and if the vacancy so created is in the office of the president or vice-president, the

directors shall, from among themselves, elect a president or vice-president, who shall continue in office for the remainder of the year.

20. If an election of directors is not made on the day appointed for that purpose, such election of directors may take place on any other day according to the by-laws made by the shareholders in that behalf; and the directors then in office shall remain in office until a new election is made.

21. At all meetings of the directors, the president, or in his absence the vice-president, or in the absence of both of them, one of the directors present, chosen to act *pro tempore*, shall preside; and the president, vice-president or president *pro tempore* so presiding shall vote as a director, and if there is an equal division on any question shall also have a casting vote.

22. The directors may make by-laws and regulations (not repugnant to the provisions of this Act or the laws of Canada) touching the management and disposition of the stock, property, affairs and concerns of the bank, and touching the duties and conduct of the officers, clerks and servants employed therein, and all such other matters as appertain to the business of a bank: Provided always, that all by-laws of the bank heretofore lawfully made and now in force, in regard to any matter respecting which the directors may make by-laws under this section (including any by-laws for establishing guarantee and pension funds for the employees of the bank), shall remain in force until they are repealed or altered by others made under this Act.

23. The directors may appoint as many officers, clerks and servants for carrying on the business of the bank, and with such salaries and allowances, as they consider necessary, and they may also appoint a director or directors for any branch of the bank:

2. Before permitting any cashier, officer, clerk or servant of the bank to enter upon the duties of his office, the directors shall require him to give bond, guarantee, or other security to the satisfaction of the directors, for the due and faithful performance of his duties.

24. The directors of the bank, or any four of them,—or any number not less than twenty-five of the shareholders of the bank, who are together proprietors of at least one-tenth of the paid-up capital stock of the bank, by themselves or by their proxies,—may, at any time, call a special general meeting of the shareholders, to be held at their usual place of meeting, upon giving six weeks' previous public notice, specifying in such notice the object of such meeting:

2. If the object of any such special general meeting is to consider the proposed removal of the president or vice-president, or of a director of the bank, for maladministration or other specified and apparently just cause, and if a majority of the votes of the shareholders at such meeting is given for such removal, a director to replace him shall be elected or appointed in the manner provided by the by-laws of the bank, or if there are no by-laws providing therefor, then by the shareholders at such meeting; and if it is the president or vice-president who is removed, his office shall be filled by the directors in the manner provided in case of a vacancy occurring in the office of president or vice-president.

25. Every shareholder shall, on all occasions on which the votes of the shareholders are taken, have one vote for each share held by him for at least thirty days before the time of meeting; and in all cases when the votes of the shareholders are taken, the voting shall be by ballot:

2. All questions proposed for the consideration of the shareholders shall be determined by the majority of the votes of the shareholders present in person or represented by proxy; and the chairman elected to preside at any such meeting of the shareholders shall vote as a shareholder only, unless there is a tie,—in which case, except as to the election of a director, he shall have a casting vote:

3. If two or more persons are joint holders of shares, any one of such joint holders may be empowered, by letter of attorney from the other joint holder or holders, or a majority of them, to represent the said shares, and vote accordingly:

4. Shareholders may vote by proxy, but no person other than a shareholder eligible to vote shall be permitted to vote or act as such proxy, and no manager, cashier, clerk or other subordinate officer of the bank shall vote either in person or by proxy, or hold a proxy for that purpose:

5. No appointment of a proxy to vote at any meeting of the shareholders of the bank shall be valid for that purpose unless it has been made or renewed in writing within the two years next preceding the time of such meeting:

6. No shareholder shall vote, either in person or by proxy, on any question proposed for the consideration of the shareholders of the bank at any meeting of such shareholders, or in any case in which the votes of the shareholders of the bank are taken, unless he has paid all calls made by the directors which are then due and payable.

CAPITAL STOCK.

26. The capital stock of the bank may be increased from time to time, by such percentage or by such amount, as is determined upon by by-law passed by the shareholders, at the annual general meeting, or at any special general meeting called for the purpose: Provided always, that no such by-law shall come into operation, or be of any force or effect, unless and until a certificate approving thereof has been issued by the Treasury Board:

2. No such certificate shall be issued by the Treasury Board unless application therefor is made within three months from the time of the passing of such by-law, nor unless it appears to the satisfaction of the Treasury Board that a copy of such by-law, together with notice of intention to apply for such certificate, has been published for at least four weeks in the *Canada Gazette*, and in one or more newspapers published in the place where the chief office or place of business of the bank is situate; nothing herein contained, however, shall be construed to prevent the Treasury Board from refusing to issue such certificate if it thinks best so to do.

27. Any of the original unsubscribed capital stock, or of the increased stock of the bank, shall, when the directors so determine, be allotted to the then shareholders of the bank *pro ratâ*, and at such rate as is fixed by the directors, but no fraction of a share shall be so allotted; provided that in no case shall a rate be fixed by the directors, which will make the premium (if any) paid or payable on such stock so allotted exceed the percentage which the reserve fund of the bank then bears to the paid-up capital stock thereof; and any of such allotted stock which is not taken up by the shareholder to whom such allotment has been made, within six months from the time when notice of the allotment was mailed to his address, or which he declines to accept, may be offered for subscription to the public, in such manner and on such terms as the directors prescribe.

28. The capital stock of the bank may be reduced by by-law passed by the shareholders at the annual general meeting, or at a special general meeting called for the purpose; but no such by-law shall come into operation or be of force or effect until a certificate approving thereof has been issued by the Treasury Board:

2. No such certificate shall be issued by the Treasury Board unless application therefor is made within three months from the time of the passing of the by-law, nor unless it appears to the satisfaction of the Board that the shareholders voting for such by-law represent a majority in value of all the shares then issued by the bank, and that a copy of the by-law, together with notice of intention to apply to the Treasury Board for the issue of a certificate approving thereof, has been published for at least four weeks in the *Canada Gazette*, and in one or more newspapers published in the place where the chief office or place of business of the bank is situate; nothing herein contained, however, shall be construed to prevent the Treasury Board from refusing to issue such certificate if it thinks best so to do:

3. In addition to evidence of the passing of the by-law and the publication thereof in the manner above provided, statements showing the amount of stock issued and the number of shareholders, with the amount of stock held by each, represented at such meeting, and the number of shareholders, with the amount of stock held by each, who voted for such by-law, and also full statements of the assets and liabilities of the bank, together with a statement of the reasons and causes why such reduction is sought, shall be laid before the Treasury Board at the time of the application for the issue of a certificate approving such by-law:

4. The passing of such by-law, and any reduction of the capital stock of the bank thereunder, shall not, in any way, diminish or interfere with the liability of the shareholders of the bank to the creditors thereof at the time of the issue of the certificate approving such by-law:

5. If, in any case, legislation is sought to sanction any reduction of the capital stock of any bank, a copy of the by-law or resolution passed by the shareholders in regard thereto, together with statements similar to those above provided to be laid before the Treasury Board, shall be filed with the Minister of Finance and Receiver-General, at least one month prior to the introduction into Parliament of the Bill relating to such reduction:

6. The capital shall not be reduced below the amount of two hundred and fifty thousand dollars of paid-up stock.

SHARES AND CALLS.

29. The shares of the capital stock of the bank shall be personal estate, and shall be assignable and transferable at the chief place of business of the bank, or at such of its branches, or at such place or places in the United Kingdom, or in any of the British colonies or possessions, and according to such form, and subject to such rules and regulations, as the directors prescribe; and books of subscription may be opened, and the dividends accruing on any shares of such stock may be made payable at any of the places aforesaid; and the directors may appoint such agents in the United Kingdom, or in any of the British colonies or possessions, for the purposes of this section, as they deem necessary.

30. The shares of the capital stock shall be paid in by such instalments and at such times and places as the directors appoint: Provided always, that the directors may cancel any subscription for any share unless a sum equal to ten per cent at least on the amount subscribed for is actually paid at the time of, or within thirty days after, the time of subscribing; but such cancellation shall not relieve the subscriber from his liability to creditors in the event of insolvency as hereinafter provided.

31. The directors may make such calls of money from the several shareholders for the time being, upon the shares subscribed for by them respectively, as they find necessary:

2. Such calls shall be made at intervals of not less than thirty days, and upon notice to be given at least thirty days prior to the day on which such call shall be payable; and no such call shall exceed ten per cent of each share subscribed.

32. The directors may, in case of the non-payment of any call, in the corporate name of the bank, sue for, recover, collect and get in all such calls, or may cause and declare such shares to be forfeited to the bank.

33. If any shareholder refuses or neglects to pay any instalment upon his shares of the capital stock at the time appointed therefor, such shareholder shall incur a penalty to the use of the bank of a sum of money equal to ten per cent on the amount of such shares; and if the directors declare any shares to be forfeited to the bank they shall, within six months thereafter, without any previous formality other than thirty days' public notice of their intention so to do, sell at public auction the said shares, or so many of the said shares as shall, after deducting the reasonable expenses of the sale, yield a sum of money sufficient to pay the unpaid instalments due on the remainder of the said shares and the amount of penalties incurred upon the whole; and the president or vice-president, manager or cashier of the bank shall execute the transfer to the purchaser of the shares so sold; and such transfer shall be as valid and effectual in law as if it had been executed by the original holder of the shares thereby transferred; but the directors, or the shareholders at a general meeting, may, notwithstanding anything in this section contained, remit, either in whole or in part, and conditionally or unconditionally, any forfeiture or penalty incurred by the non-payment of instalments as aforesaid, or the bank may enforce the payment of any call or calls by suit, instead of declaring the shares forfeited.

34. In any action brought to recover any money due on any such call it shall not be necessary to set forth the special matter in the declaration or statement of claim, but it shall be sufficient to allege that the defendant is holder of one share or more, as the case may be, in the capital stock of the bank, and is indebted to the bank for a call or calls upon such share or shares, in the sum to which the call or calls amount, as the case may be, stating the amount and number of such calls, whereby an action has accrued to the bank to recover the same from such defendant by virtue of this Act; and it shall not be necessary to prove the appointment of the directors.

TRANSFER AND TRANSMISSION OF SHARES.

35. No assignment or transfer of the shares of the capital stock of the bank shall be valid unless it is made and registered and accepted by the person to whom the transfer is made, in a book or books kept for that purpose, nor unless the person making the same has, if required by the bank, previously discharged all his debts or liabilities to the bank which exceed in amount the remaining stock, if any, belonging to such person, valued at the then current rate; and no fractional part of a share, or less than a whole share, shall be assignable or transferable.

36. A list of all transfers of shares registered each day in the books of the bank, showing the parties to such transfers and the number of shares transferred in each case, shall be made up at the end of each day and kept at the chief place of business of the bank, for the inspection of its shareholders.

37. All sales or transfers of shares, and all contracts and agreements in respect thereof, hereafter made or purporting to be made, shall be null and void (saving however, as to a purchaser not having knowledge of the defect, his rights and remedies under the contract of sale), unless the person making such sale or transfer, or in whose name or on whose behalf the same is made, is at the time thereof the registered owner in the books of the bank of the share or shares so sold or transferred, or intended or purported so to be, or has the registered owner's assent to the sale, and the distinguishing number or numbers of such share or shares, if any, shall be designated in the contract or agreement of sale or transfer; and any person, whether principal, broker or agent, who violates the provisions of this section by wilfully selling or transferring, or attempting to sell or transfer, any share or shares by a false number, or of which the principal is not, at the time of such sale or attempted sale, the registered owner, or acting with the registered owner's assent to the sale, shall be guilty of an offence against this Act.

38. When any share of the capital stock has been sold under a writ of execution, the officer by whom the writ was executed shall, within thirty days after the sale, leave with the bank an attested copy of the writ, with the certificate of such officer indorsed thereon, certifying to whom the sale has been made; and thereupon (but not until after all debts and liabilities of the holder of the share to the bank, and all liens existing in favor of the bank thereon, have been discharged, as herein provided), the president, vice-president, manager or cashier of the bank shall execute the transfer of the share so sold to the purchaser; and such transfer shall be, to all intents and purposes, as valid and effectual in law as if it had been executed by the holder of the said share.

39. If the interest in any share in the capital stock becomes transmitted in consequence of the death, bankruptcy, or insolvency of any shareholder, or in consequence of the marriage of a female shareholder, or by any other lawful means than by a transfer according to the provisions of this Act, such transmission shall be authenticated by a declaration in writing, as hereinafter mentioned, or in such other manner as the directors of the bank require; and every such declaration shall distinctly state the manner in which and the person to whom such shares have been transmitted, and shall be made and signed by such person; and the person making and signing such declaration shall acknowledge the same before a judge of a court of record, or before the mayor, provost or chief magistrate of a city, town, borough or other place, or before a notary public, where the same is made and signed; and every declaration so signed and acknowledged shall be left with the cashier, manager or other officer or agent of the bank, who shall thereupon enter the name of the person entitled under such transmission in the register of shareholders; and until such transmission has been so authenticated, no person claiming by virtue of any such transmisson shall be entitled to participate in the profits of the bank, or to vote in respect of any such share of the capital stock: Provided always, that every such declaration and instrument as, by this and the next following section of this Act, are required to perfect the transmission of a share in the bank which is made in any country other than Canada, or any other British colony, or the United Kingdom, shall be further authenticated by the clerk of a court of record and under the seal of such court, or by the British consul or vice-consul, or other accredited representative of the British Government in the country where the declaration is made, or shall be made directly before such British consul or vice-consul or other accredited representative; and provided also, that the directors, cashier or other officer or agent of the bank may require corroborative evidence of any fact alleged in any such declaration.

40. If the transmission of any share of the capital stock has taken place by virtue of the marriage of a female shareholder, the declaration shall be accompanied by a copy of the register of such marriage, or other particulars of the celebration thereof, and shall declare the identity of the wife with the holder of such share, and shall be made and signed by such female shareholder and her husband; and they may include therein a declaration to the effect that the share transmitted is the separate property and under the sole control of the wife, and that she may receive and grant receipts for the dividends and profits accruing in respect thereof, and dispose of and transfer the share itself, without requiring the consent or authority of her husband; and such declaration shall be binding upon the bank and persons making the same, until the said persons see fit to revoke it by a written notice to that effect to the bank; but the omission of a statement in any such declaration that the wife making the same is duly authorized by her husband to make the same shall not invalidate the declaration.

41. If the transmission has taken place by virtue of any testamentary instrument, or by intestacy, the probate of the will, or the letters of administration, or act of curatorship or tutorship, or an official extract therefrom, shall, together with such declaration, be produced and left with the cashier or other officer or agent of the bank, who shall, thereupon, enter in the register of shareholders the name of the person entitled under such transmission.

42. If the transmission of any share of the capital stock has taken place by virtue of the decease of any shareholder, the production to the directors and the deposit with them of an authentic notarial copy of the will of the deceased shareholder, if such will is in notarial form according to the law of the Province of Quebec, or of any authenticated copy of the probate of the will of the deceased shareholder, or of letters of administration of his estate, or of letters of verification of heirship, or of the act of curatorship or tutorship, granted by any court in Canada having power to grant the same, or by any court or authority in England, Wales, Ireland, or any British colony, or of any testament testamentary or testament dative expede in Scotland, or, if the deceased shareholder died out of Her Majesty's dominions, the production to and deposit with the directors of any authenticated copy of the probate of his will or letters of administration of his property, or other document of like import, granted by any court or authority having the requisite power in such matters, shall be sufficient justification and authority to the directors for paying any dividend, or for transferring or authorizing the transfer of any share, in pursuance of and in conformity to such probate, letters of administration, or other such document as aforesaid.

43. 70. The bank may acquire and hold an absolute title in or to real or immovable property mortgaged to it as security for a debt due or owing to it, either by obtaining a release of the equity of redemption in the mortgaged property, or by procuring a foreclosure, or by other means whereby, as between individuals, an equity of redemption can, by law, be barred, and may purchase and acquire any prior mortgage or charge on sucq property: Provided always, that no bank shall hold any real or immovable property, howsoever acquired, except such as is required for its own use, for any period exceeding seven years from the date of the acquisition thereof.

2. If the previous holder of such warehouse receipt or bill of lading is the agent of the owner of the goods, wares and merchandise mentioned therein, the bank shall be vested with all the right and title of the owner thereof, subject to his right to have the same re-transferred to him, if the debt, as security for which they are held by the bank, is paid:

Such security may be given by the owner and may be taken in the form set forth in Schedule C to this Act, or to the like effect; and by virtue of such security, the bank shall acquire the same rights and powers in respect to the goods, wares and merchandise, stock or products covered thereby, as if it had acquired the same by virtue of a warehouse receipt.

75. The bank shall not acquire or hold any warehouse receipt or bill of lading or security under the next preceding section to secure the payment of any bill, note or debt, unless such bill, note or debt is negotiated or contracted at the time of the acquisition thereof by the bank, or upon the written promise or agreement that such warehouse receipt or bill of lading or security would be given to the bank; but such bill, note or debt may be renewed, or the time for the payment thereof extended, without affecting any such security:

2. The bank may, on shipment of any goods, wares and merchandise for which it holds a warehouse receipt, or security as aforesaid, surrender such receipt or security and receive a bill of lading in exchange therefor, or, on the receipt of any goods, wares and merchandise for which it holds a bill of lading or security, as aforesaid, it may surrender such bill of lading or security, store such goods, wares and merchandise, and take a warehouse receipt therefor, or may ship them, or part of them, and take another bill of lading therefor:

77. All advances made on the security of any bill of lading or warehouse receipt, or security given under section seventy-four of this Act, shall give to the bank making such advances a claim for the repayment of such advances on the goods, wares and merchandise therein mentioned, or into which they have been converted, prior to and by preference over the claim of any unpaid vendor ; but such preference shall not be given over the claim of any unpaid vendor who had a lien upon such goods, wares and merchandise at the time of the acquisition by the bank of such warehouse receipt, bill of lading, or security, unless the same was acquired without knowledge on the part of the bank of such lien.

78. In the event of the non-payment at maturity of any debt secured by a warehouse receipt or bill of lading, or security given under section seventy-four of this Act, the bank may sell the goods, wares and merchandise mentioned therein, or so much thereof as will suffice to pay such debt with interest and expenses, returning the overplus, if any, to the person from whom such warehouse receipt, or bill of lading, or security, or the goods, wares and merchandise mentioned therein, as the case may be, were acquired ; but such power of sale shall be subject to the following provisions, namely :

2. 81. No promissory note, bill of exchange or other negotiable security, discounted by or indorsed or otherwise assigned to the bank, shall be held to be void, usurious or tainted by usury, as regards such bank, or any maker, drawer, acceptor, indorser, or indorsee thereof, or other party thereto, or *bonâ fide* holder thereof, nor shall any party thereto be subject to any penalty or forfeiture by reason of any rate of interest taken, stipulated or received by such bank, on or with respect to such promissory note, bill of exchange, or other negotiable security, or paid or allowed by any party thereto to another in compensation for, or in consideration of the rate of interest taken or to be taken thereon by such bank; but no party thereto, other than the bank, shall be entitled to recover or liable to pay more than the lawful rate of interest in the Province where the suit is brought, nor shall the bank be entitled to recover a higher rate than seven per cent per annum; and no innocent holder of or party to any promissory note, bill of exchange or other negotiable security, shall in any case be deprived of any remedy against any party thereto, or liable to any penalty or forfeiture, by reason of any usury or offence against the laws of any such Province, respecting interest, committed in respect of such note, bill or negotiable security, without the complicity or consent of such innocent holder or party.

84. The bank may receive deposits from any person whomsoever, whatever his age, status or condition in life, and whether such person is qualified by law to enter into ordinary contracts or not; and, from time to time, may repay any or all of the principal thereof, and may pay the whole or any part of the interest thereon to such person, without the authority, aid, assistance or intervention of any person or official being required, unless before such repayment the money so deposited in and repaid by the bank is lawfully claimed as the property of some other person, in which case it may be paid to the depositor with the consent of the claimant, or to the claimant with the consent of the depositor: Provided always, that if the person making any such deposit could not, under the law of the Province where the deposit is made, deposit and withdraw money in and from a bank without this section, the total amount to be received from such person on deposit shall not, at any time, exceed the sum of five hundred dollars :

2. The bank shall not be bound to see to the execution of any trust, whether expressed, implied or constructive, to which any deposit made under the authority of this section is subject; and except only in the case of a lawful claim, by some other person before repayment, the receipt of the person in whose name any such deposit stands, or if it stands in the name of two persons the receipt of one, or if in the names of more than two persons the receipt of a majority of such persons, shall be a sufficient discharge to all concerned for the payment of any money payable in respect of such deposit, notwithstanding any trust to which such deposit is then subject, and whether or not the bank sought to be charged with such trust (and with whom the deposit has been made) had notice thereof; and the bank shall not be bound to see to the application of the money paid upon such receipt.

Every bank which neglects to make up and send in, as aforesaid, any monthly return required by this section within the time hereby limited, shall incur a penalty of fifty dollars for each and every day after the expiration of such time during which the bank neglects so to make up and send in such return; and the date upon which it appears by the post office stamp or mark upon the envelope or wrapper enclosing such return for transmission to the Minister of Finance and Receiver General, that the same was deposited in the post office, shall be taken *primâ facie*, for the purposes of this section, to be the date upon which such return was made up and sent in.

86. The Minister of Finance and Receiver General may also call for special returns from any bank, whenever, in his judgment, they are necessary to afford a full and complete knowledge of its condition :

2. Such special returns shall be made and signed in the manner and by the persons specified in the next preceding section, and every bank which neglects to make and send in any such special return within thirty days from the date of the demand therefor by the Minister of Finance and Receiver General shall incur a penalty of five hundred dollars for each and every day such neglect continues; and the provisions contained in the last preceding section as to the *primâ facie* evidence of the date upon which returns are made up and sent in thereunder, shall apply to returns made under this section : Provided always, that the Minister of Finance and Receiver General may extend the time for sending in such special returns for such further period, not exceeding thirty days, as he thinks expedient.

87. The bank shall, within twenty days after the close of each calendar year, transmit or deliver to the Minister of Finance and Receiver General, to be by him laid before Parliament, a certified list showing the names of the shareholders of the bank on the last day of such calendar year, with their additions and residences, the number of shares then held by them respectively, and the value at par ot such shares :

88. The bank shall, within twenty days after the close of each calendar year, transmit or deliver to the Minister of Finance and Receiver General, to be by him laid before Parliament, a return of all dividends which have remained unpaid for more than five years, and also of all amounts or balances in respect to which no transactions have taken place or upon which no interest has been paid during the five years prior to the date of such return : Provided always, that in case of moneys deposited for a fixed period, the period of five years above referred to shall be reckoned from the date of the termination of such fixed period :

2. 90. As a condition of the rights and privileges conferred by this Act or by any Act in amendment thereof, the following provision shall have effect:—The liability of the bank under any law, custom, or agreement to repay moneys deposited with it and interest (if any) and to pay dividends declared and payable on its capital stock, shall continue notwithstanding any statute of limitations or any enactment or law relating to prescription:

2. This section applies to moneys heretofore or hereafter deposited, and to dividends heretofore or hereafter declared.

91. Any suspension by the bank of payment of any of its liabilities as they accrue, in specie or Dominion notes, shall, if it continues for ninety days, consecutively, or at intervals within twelve consecutive months, constitute the bank insolvent and operate a forfeiture of its charter or Act of incorporation, so far as regards all further banking operations; and the charter or Act of incorporation shall remain in force only for the purpose of enabling the directors or other lawful authority to make and enforce the calls mentioned in the next following sections of this Act and to wind up its business.

92. If any suspension of payment in full in specie or Dominion notes of all or any of the notes or other liabilities of the bank continues for three months after the expiration of the time which, under the preceding section, would constitute the bank insolvent, and if no proceedings are taken under any general or special Act for the winding up of the bank, the directors shall make calls on the shareholders thereof, to the amount they deem necessary to pay all the debts and liabilities of the bank, without waiting for the collection of any debts due to it or the sale of any of its assets or property:

2. 94. Any failure on the part of any shareholder liable to any such call to pay the same when due, shall operate a forfeiture by such shareholder of all claim in or to any part of the assets of the bank,—such call and any further call thereafter being nevertheless recoverable from him as if no such forfeiture had been incurred.

95. Nothing in the six sections next preceding contained shall be construed to alter or diminish the additional liabilities of the directors as hereinbefore mentioned and declared.

96. Persons who, having been shareholders of the bank, have only transferred their shares, or any of them, to others, or registered the transfer thereof within sixty days before the commencement of the suspension of payment by the bank, and persons whose subscriptions to the stock of the bank have been cancelled in manner hereinbefore provided within the said period of sixty days before the commencement of the suspension of payment by the bank, shall be liable to all calls on the shares held or subscribed for by them, as if they held such shares at the time of such suspension of payment, saving their recourse against those by whom such shares were then actually held.

An Act respecting certain Savings Banks in the Province of Quebec.

[*Assented to* 16*th May*, 1890.]

HER Majesty, by, and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows :—

1. In this Act, unless the context otherwise requires, the expression "the bank" means either of the savings banks to which this Act applies.

CHARTERS CONTINUED.

2. The charters of the City and District Savings Bank of Montreal and of La Caisse d'Economie de Notre-Dame de Québec are hereby continued and shall remain in force until the first day of July in the year one thousand nine hundred and one, except in so far as they, or either of them, are or become forfeited or void under the terms thereof, or of this Act, or of any other Acts heretofore or hereafter passed relating to the said savings banks, by non-performance of the conditions of such charters or Acts respectively, or by insolvency or otherwise.

INTERNAL REGULATIONS.

3. Public notice shall be given by the directors of the bank of the holding of annual or other meetings, by publishing the same for at least four weeks in a newspaper at the place where the head office of the bank is situate ; and such notice shall be given in both the English and French languages.

4. The qualification of a director shall be the holding of twenty-five shares of stock ; and the directors shall be elected annually at a general meeting of the shareholders, and shall be eligible for re-election :

2. Each shareholder shall, on every occasion on which the votes of the shareholders are taken, have one vote for each share held by him for at least three months before the time of voting :

3. Shareholders may vote by proxy, but no person but a shareholder shall vote or act as such proxy :

4. No cashier, clerk, or other officer of the bank shall vote, either in person or by proxy, or hold a proxy for that purpose :

5. Every director of the bank who becomes insolvent, or assigns his estate and effects for the benefit of his creditors, or absents himself, without the consent of the board, for twelve consecutive months from the meetings of the directors, or is convicted of any felony, shall thereupon, *ipso facto*, cease to be a director, and the vacancy so created shall forthwith be filled up in the manner provided by the charter.

5. No failure to elect directors of the bank shall operate any dissolution of the corporation, but in case of such failure to elect, the required election shall be made as soon thereafter as possible, at a special meeting of the shareholders, which the directors are hereby authorized to call for that purpose ; and until such subsequent election takes place, the official acts of the directors holding office shall be valid.

CALLS.

6. The directors may call up the stock subscribed for and remaining unpaid, by calls not exceeding five per cent., made at intervals of not less than three months, whenever it is, in their opinion, necessary or expedient to make such calls; and all amounts paid upon stock, and all accumulated profits thereon after deduction of dividends as hereinafter provided, shall be invested or lent in the manner hereinafter provided as to the investment or loan of moneys deposited with the bank: Provided that the limitation of the amount of any call, or of the intervals at which calls may be made, shall not apply to the case of deficiency of the funds of the bank to meet the claims of depositors and other liabilities hereinafter provided for.

7. The amount of every such call, if not paid when due, may be recovered with interest by the directors, in the name of the bank, in any court having jurisdiction to the amount; and in any action for the recovery thereof it shall be sufficient to allege and prove the charter, and that the calls were made under this Act, and that the defendant is the holder of a share or shares in respect of which the amount is due, without alleging or proving any other matter or thing whatsoever; and the evidence of any officer of the bank, cognizant of any fact required to be proved, shall be sufficient proof thereof; and any copy of the charter, purporting to be certified as a true copy thereof by the Secretary of State of Canada, shall be deemed authentic and shall be *primâ facie* evidence of the charter and of the contents thereof.

2. Such calls shall be made at intervals of thirty days, and upon notice to be given thirty days at least prior to the day on which the call is payable:

3. No such call shall exceed twenty per centum on each share, and payment thereof may be enforced in the manner hereinbefore provided as to calls on unpaid-up stock:

4. The first of such calls shall be made within ten days after such deficiency is ascertained:

5. Failure on the part of any shareholder liable to such call to pay the same when due shall operate a forfeiture by such shareholder of all claim in or to any part of the assets of the bank; but such call and any further call thereafter shall nevertheless be recoverable from him as if no such forfeiture had been incurred:

6. Every director who refuses to make or enforce, or to concur in making or enforcing any call under this section, is guilty of a misdemeanor and shall be personally responsible for any damages suffered by reason of such default; and every liquidator or other officer or person appointed to wind up the affairs of the bank, in case of its insolvency, shall have the powers of the directors with respect to such calls.

9. Persons who, having been shareholders in the bank, have only transferred their shares or any of them to others, or registered the transfer thereof, within two months before the commencement of the failure of the bank to meet the claims of its creditors on demand, shall be liable to calls on such shares under the next preceding section, as if they had not transferred them, saving their recourse against those to whom they were transferred.

DIVIDENDS.

10. The directors of the bank shall make half-yearly dividends of so much of the profits of the bank as to the majority of them seems advisable, and as is not inconsistent with the provisions of this Act, and they shall give public notice of the payment of such dividends at least thirty days previously, in the manner herein provided as to notices of meetings.

TRANSFER OF SHARES AND DEPOSITS.

11. The shares in the bank shall be transferable in the manner provided by the by-laws and regulations made as prescribed by the charter; and the transferee shall have the rights and shall be subject to the liabilities of the original holder:

2. No share shall be divided, and if any share is held by several persons jointly, one of them shall be appointed by letter of attorney by the others to vote thereon, to receive dividends and to do all things that require to be done in respect thereof; and such letter of attorney shall be lodged with the bank.

12. If the interest in any deposit or share in the bank becomes transmitted in consequence of the death or insolvency of any depositor or shareholder, or in consequence of the marriage of a female depositor or shareholder, or by any other lawful means than by a transfer upon the books of the bank, or by deed served upon the bank, such transmission shall be authenticated by a declaration in writing,—which declaration shall distinctly state the manner in which and the person to whom such deposit or share has been transmitted, and shall be, by such person, made and signed; and every such declaration shall be, by the person making and signing the same, sworn to before a judge or justice of a court of record or chief magistrate of a city, town, borough or other place, or before a notary public, where the same is made and signed; and every such declaration, so signed and sworn to, shall be left with the manager or other officer or agent of the bank, who shall thereupon enter the name of the person, so entitled to such deposit or share under such transmission, as proprietor thereof, in the books of the bank; and until such transmission is so authenticated, no person claiming by virtue of any such transmission, shall be entitled to receive such deposit or share, or any part thereof, or any interest or dividend thereon:

2. Every such declaration and instrument as by this and the next following section of this Act are required to perfect the transmission of a deposit or share in the bank, made in any other country than Canada or some other of the British colonies or the United Kingdom of Great Britain and Ireland, shall be further authenticated by the British consul or vice-consul, or other accredited representative of the British Government in the country where the declaration is made, or shall be made directly before such British consul or vice-consul, or other accredited representative:

3. Nothing in this Act contained shall prevent the directors, manager or other officer or agent of the bank from

requiring corroborative evidence of any facts alleged in any such declaration :

4. If payment is made to any depositor of any deposit or of any interest thereon, or of any dividend on any share, after transmission thereof by any of the means mentioned in this section, but before such declaration is made and authenticated as aforesaid, such payment shall be valid and shall discharge the bank.

13. If the transmission of any deposit or share is by virtue of the marriage of a female depositor or shareholder, the declaration shall be accompanied by a copy of the register of such marriage, and shall declare the identity of the wife with the holder of such deposit or share ; and if the transmission has taken place by virtue of any testamentary instrument or by intestacy, or by the vacancy of the estate of a deceased depositor or shareholder, the probate of the will, or, if it is notarial, an authentic copy thereof, or the letters of administration, or act of tutorship or curatorship, or authentic certificates of birth, as the case may be, shall, together with such declaration, be produced and left with the manager or other officer or agent of the bank, who shall thereupon enter the name of the person entitled under such transmission in the books of the bank.

DEPOSITS AND LOANS.

14. The bank may receive deposits of money for the benefit of persons depositing the same, and may invest the same as hereinafter provided, and may accumulate the revenues and profits derived from the investment of so much thereof as is not required to meet ordinary demands by the depositors, and out of such accumulation may allow and pay to the depositors thereof such rate of interest on such deposits as is from time to time fixed by the Governor in Council, not being more than five per centum per annum.

15. Every depositor, on making his first deposit in the bank, shall disclose and declare his name, residence, addition and occupation.

16. The bank may receive deposits from any person, whatever is his status or condition of life, and whether such person is qualified by law to enter into ordinary contracts or not ; and the bank may pay the principal or any part thereof, and the whole or any part of the interest thereon, to such person, without the authority, aid, assistance or intervention of any person or official being required : Provided always, that if the person making any deposit in the bank is not, by the laws of the Province of Quebec, authorized so to do, the total amount of deposits made by such person shall not exceed the sum of two thousand dollars.

17. Any payment of interest or dividend, or of the whole or any part of any deposit, made in good faith to any person who appears *primâ facie* to be entitled to such interest, dividend or deposit, by the production of a declaration in writing and of the documents herein mentioned in support thereof, shall be valid ; and the discharge of such person shall be sufficient, and shall discharge the bank from all or any further claim by any person for such interest, dividend or deposit.

18. The bank shall always hold at least twenty per centum of the moneys deposited with it in Dominion securities, or deposits in chartered banks.

19. The bank may, subject to the provisions in the next preceding section contained, invest any moneys deposited with it in any stock or public securities of the Dominion of Canada, or of any of the Provinces of Canada, or in any municipal debentures, or in such securities as are accepted by the Government of Canada as deposits from Insurance Companies, or in the manner provided in the two sections next following, and not otherwise; but the bank may continue to hold any stock of any now existing chartered bank, held by it before it received its charter, and may sell and dispose of such stock.

20. The bank may also lend such moneys, upon the personal security of individuals, or to any corporate bodies, provided that collateral securities of the nature mentioned in the next preceding section, or British or foreign public securities, or stock of some chartered bank in Canada, or stock in any incorporated building or loan society, or bonds or debentures or stock of any incorporated institution or company, or such securities as are accepted by the Government of Canada as deposits from Insurance Companies, are taken in addition to such personal or corporate security, with authority to sell such securities if the loan is not paid, and provided also that the bank may lend moneys without collateral securities to the Dominion or any Provincial Government, or to the corporation of any city in Canada with a population of at least twenty thousand inhabitants, within the limits of the borrowing powers of such corporation.

21. The bank shall not make any loan, directly or indirectly, upon the security of real or immovable property, or with any reference to the security of real or immovable property; but nothing herein contained shall prevent the bank from taking security upon real or immovable property in addition to such collateral securities, subsequently to the making of the loan and subsidiary to the security originally taken therefor.

22. In the event of the non-payment of any loan within thirty days after such loan becomes due and payable, or within such shorter delay as shall be fixed by any agreement made between the bank and the borrower at the time such loan is contracted, the bank may sell in manner herein provided the collateral securities, other than real estate, held by it as security for such loan, or so much thereof as will suffice to pay the amount of such loan and all interest thereon and the costs and expenses of sale, returning the surplus, if any, to the borrower, or person or corporation depositing such securities :

2. Except as hereinafter provided, no such sale shall be made except by public auction, after notice thereof by advertisement stating the time and place of such sale, in at least two newspapers published in or nearest to the place where the sale is to be made, of which newspapers one at least shall be published in the English language and one other in the French language ; and notice of the time and place of such sale shall be given to the person depositing such collateral security, by addressing and mailing to the last address of such person, a letter containing such notice :

3. Nothing herein contained shall prevent the bank from collecting or realizing such debt, or any balance due thereon, out of such collateral securities, in any way which has been agreed upon with the person depositing the same ;

4. The president or vice-president, manager, cashier or other officer of the bank, thereunto authorized by the directors, may transfer and convey any security so sold to the purchaser, in whom the property in such security shall become vested by such conveyance or transfer, but without any warranty from the bank, or from any officer thereof: Provided always that the bank at any such sale may become the purchaser of any of the securities held by it.

23. The bank may purchase any lands or immovable property offered for sale under execution at the suit of the bank, or exposed for sale by the bank under a power of sale given to it for that purpose, in cases in which, under similar circumstances, an individual could so purchase, without any restriction as to the value of the property which it may so purchase, and may acquire a title thereto, as any individual purchasing at sheriff's sale or under a power of sale, in like circumstances, could do, and may take, have, hold and dispose of the same at pleasure.

24. The bank may acquire and hold an absolute title in or to land mortgaged to it as security for a debt due or owing to it, either by obtaining a release of the equity of redemption in the mortgaged property, or by procuring a foreclosure, or by other means whereby, as between individuals, an equity of redemption can, by law, be barred, or may purchase and acquire any prior mortgage or charge on such land: Provided always, that the bank shall not hold any real or immovable property, howsoever acquired, except such as is required for its own use for any period exceeding seven years from the date of the acquisition thereof; and for each violation of the provisions of this section the bank shall incur a penalty not exceeding five hundred dollars, which shall be recoverable with costs in any court of competent jurisdiction by any person who sues for the same, and one-half thereof shall be paid to the Minister of Finance and Receiver General for the public uses of Canada, and the other half thereof to the person suing for the same.

25. Nothing in any charter, Act, or law shall be construed as having prevented or as preventing the bank from acquiring and holding an absolute title to and in any such mortgaged lands, whatever the value thereof may be, or from exercising or acting upon any power of sale contained in any mortgage given to it or held by it, authorizing or enabling it to sell or convey away any lands so mortgaged.

26. Nothing herein contained shall prevent the bank from depositing money in any of the chartered banks carrying on the general business of banking within the Province of Quebec.

GENERAL PROVISIONS.

27. The directors of the bank shall continue to distribute to charitable institutions yearly, as heretofore, the interest accruing on the amounts invested for that purpose:

2. The principal of the Poor Fund of the City and District Savings Bank of Montreal, which has been ascertained and settled at one hundred and eighty thousand dollars, shall continue invested and shall be held by the said bank in the city and municipal debentures in which the same is now invested and held, with power to change the investment of the same or of any part thereof, from time to time, with the approval and permission of the Treasury Board, but not otherwise:

3. The principal of the Charity Fund of La Caisse d'Economie de Notre-Dame de Québec, which has been ascertained and settled at eighty-three thousand dollars, shall continue invested and shall be held by the said bank in debentures of the city of Quebec, with power to change the investment of the same or of any part thereof, from time to time, with the approval and permission of the Treasury Board, but not otherwise.

28. The shareholders may authorize the directors to establish guarantee and pension funds for the officers and employees of the bank and their families, and to contribute thereto out of the funds of the bank.

29. The bank shall not issue any bank note, or note intended to circulate as money or as a substitute for money, or be deemed a bank within the meaning of "*The Bank Act.*"

30. The bank shall not be bound to see to the execution of any trust, whether express, implied or constructive, to which any deposit or share therein is subject; and the receipt of the person in whose name any such deposit or share stands in the books of the bank, or, if it stands in the name of more persons than one, the receipt of one of the persons, shall be a sufficient discharge to the bank for such deposit or share, interest or dividend thereon, or for any other sum of money payable in respect of such deposit or share, unless express notice to the contrary has been given to the bank, or such deposit is made upon express conditions as to the person or persons to whom such deposit shall be paid, in which case such deposit shall be governed by such conditions, notwithstanding any trust to which such deposit is then subject, and whether or not the bank has had notice of such trust; and the bank shall not be bound to see to the application of the money paid on such receipt, whether given by one of such persons or by all of them.

31. Monthly returns shall be made, by the bank, to the Minister of Finance and Receiver General, and shall be made up within the first ten days of each month, and shall exhibit the condition of the bank on the last juridical day of the month next preceding; and such monthly returns shall be signed by the president or vice-president, or the director then acting as president, and by the manager, cashier or other principal officer of the bank at its chief place of business, and shall be published in the *Canada Gazette;* and such monthly returns shall be in the form set forth in the schedule to this Act.

32. The bank shall furnish, annually, to the Minister of Finance and Receiver General, to be laid before Parliament, certified lists of the shareholders, with their additions and residences, and the number of shares they respectively hold and the amounts paid up thereon.

33. The bank shall, within twenty days after the close of each calendar year, transmit or deliver to the Minister of Finance and Receiver General, to be laid by him before Parliament, a return of all dividends which have remained unpaid for more than five years, and also of all amounts or balances in respect to which no transactions have taken place, or upon which no interest has been paid during the five years prior to the date of such return. Provided always, that in case of moneys deposited for a fixed period, the period of five years above referred to, shall be reckoned from the date of the termination of such fixed period:

(2.) Such return shall be signed in the manner required for the monthly returns under section thirty-one of this Act, and shall set forth the name of each shareholder or creditor, his last known address, the amount due, the agency of the bank at which the last transaction took place, and the date thereof; and if such shareholder or creditor is known to the bank to be dead, such return shall show the names and addresses of his legal representatives, so far as known to the bank;

(3.) If the bank neglects to transmit or deliver to the Minister of Finance and Receiver General the return above referred to, within the time hereinbefore limited, it shall incur a penalty of fifty dollars for each and every day during which such neglect continues;

(4.) Upon the winding-up of the bank in insolvency or under any general winding-up Act or otherwise, and before the final distribution of the assets, or within three years from the commencement of the suspension of payment by the bank, or the commencement of the winding up thereof which ever shall first happen, the assignees, liquidators, directors or other officials in charge of such winding-up shall, notwithstanding any Statute of Limitations, or other enactment or law relating to prescription, pay to the Minister of Finance and Receiver General out of the assets of the bank any moneys payable either to shareholders or depositors, which may then remain unclaimed, and upon such payment being made the bank and its assets shall be relieved from all further liability in respect to the amount so paid ;

(5.) The moneys paid to him as aforesaid shall be held by the Minister of Finance and Receiver General, subject to all rightful claims on behalf of any person other than the bank and in case a claim to any moneys so paid as aforesaid should be thereafter established to the satisfaction of the Treasury Board, the Governor in Council shall, on the report of the Treasury Board, direct payment thereof to be made to the parties entitled thereto, together with interest on the principal sum thereof at the rate of three per centum per annum for a period not exceeding six years from the date of payment thereof to the said Minister of Finance and Receiver General as aforesaid : Provided however, that no such interest shall be paid or payable on such principal sum, unless interest thereon was payable by the bank paying the same to the said Minister of Finance and Receiver General ;

(6.) As a condition of the rights and privileges conferred by this Act or by any Act in amendment thereof, the following provision shall have effect, namely :—The liability of the bank under any law, custom or agreement to repay moneys deposited with it, and interest, if any, and to pay dividends declared and payable on its capital stock shall continue, notwithstanding any Statute of Limitations or any enactment or law relating to prescription :

2. This section applies to moneys heretofore or hereafter deposited and to dividends heretofore or hereafter declared.

OFFENCES AND PENALTIES.

34. Every officer, clerk, or servant, who is employed under the provisions of this Act, and who defaces, alters, erases, or in any manner or way whatsoever, changes the effect of the books of account kept under the provisions of this Act, or any entry in the said books of account, for any fraudulent purpose, and every such officer, clerk or servant, who secretes, appropriates or embezzles any bond, obligation, bill or note, or any security for money, or any money or effects intrusted to him, or in his custody, or to which he has obtained access as such agent, officer, clerk or servant, to whomsoever the said property belongs, is guilty of felony, and, on conviction thereof, shall be liable to imprisonment for life : Provided always, that nothing herein contained, nor the conviction or punishment of the offender, shall prevent, lessen or impair any remedy which Her Majesty, or the Minister of Finance and Receiver General, or any other person, would otherwise have against any other person whatsoever.

35. Every person who, with intent to defraud, falsely pretends to be the owner of any deposit made under this Act, or of the interest upon such deposit, and who is not such owner, and who demands or claims from the bank with which such deposit has been made, or from any person employed under this Act, the payment of such deposit or interest, or of any portion thereof, as the case may be, and whether he does or does not thereby obtain any part of such deposit or interest, is guilty of a misdemeanor, and shall be punishable accordingly.

36. The making of any wilfully false or deceptive statement in any account, return, report or other document respecting the affairs of the bank is, unless it amounts to a higher offence, a misdemeanor punishable by imprisonment for a term not exceeding five years, and every president, vice-president, director, auditor, manager, cashier or other officer of the bank, who prepares, signs, approves or concurs in such statement, return, report or document, or uses the same with intent to deceive or mislead any person, shall be held to have wilfully made such false statement, and shall further be responsible for all damages sustained by such person in consequence thereof.

COMMENCEMENT OF ACT.

37. This Act shall come into force on the first day of July in the year one thousand eight hundred and ninety-one, and from the last mentioned day chapter one hundred and twenty-two of the Revised Statutes of Canada, intituled : "*An Act respecting certain Savings Banks in the Provinces of Ontario and Quebec*," shall be repealed, except as to rights theretofore acquired or liabilities incurred in regard to any matter or thing done, or contract or agreement made or entered into, or offence committed thereunder, and nothing in this Act shall affect any action then pending under the said chapter, but the same shall be decided as if the said chapter had not been repealed.

(*f.*) The expression "Delivery" means transfer of possession, actual or constructive, from one person to another;

(*g.*) The expression "Holder" means the payee or indorsee of a bill or note who is in possession of it, or the bearer thereof;

(*h.*) The expression "Indorsement" means an indorsement completed by delivery;

(*i.*) The expression "Issue" means the first delivery of a bill or note, complete in form, to a person who takes it as a holder;

(*j.*) The expression "Value" means valuable consideration.

(*k.*) The expression "Defence" includes counter-claim.

PART II.

BILLS OF EXCHANGE.

Form and Interpretation.

3. A bill of exchange is an unconditional order in writing, addressed by one person to another, signed by the person giving it, requiring the person to whom it is addressed to pay, on demand or at a fixed or determinable future time, a sum certain in money to or to the order of a specified person, or to bearer:

2. An instrument which does not comply with these conditions, or which orders any act to be done in addition to the payment of money, is not, except as hereinafter provided, a bill of exchange:

3. An order to pay out of a particular fund is not unconditional within the meaning of this section; but an unqualified order to pay, coupled with (*a*) an indication of a particular fund out of which the drawee is to re-imburse himself, or a particular account to be debited with the amount, or (*b*) a statement of the transaction which gives rise to the bill, is unconditional:

4. A bill is not invalid by reason—

(*a.*) That it is not dated;

(*b.*) That it does not specify the value given, or that any value has been given therefor;

(*c.*) That it does not specify the place where it is drawn or the place where it is payable.

4. An inland bill is a bill which is, or on the face of it purports to be, (*a*) both drawn and payable within Canada, or (*b*) drawn within Canada upon some person resident therein. Any other bill is a foreign bill:

2. Unless the contrary appears on the face of the bill, the holder may treat it as an inland bill.

5. A bill may be drawn payable to, or to the order of, the drawer; or it may be drawn payable to, or to the order of, the drawee:

2. Where in a bill drawer and drawee are the same person, or where the drawee is a fictitious person or a person not having capacity to contract, the holder may treat the instrument, at his option, either as a bill of exchange or as a promissory note.

6. The drawee must be named or otherwise indicated in a bill with reasonable certainty:

2. A bill may be addressed to two or more drawees, whether they are partners or not; but an order addressed to two drawees in the alternative, or to two or more drawees in succession is not a bill of exchange.

7. Where a bill is not payable to bearer, the payee must be named or otherwise indicated therein with reasonable certainty:

2. A bill may be made payable to two or more payees jointly, or it may be made payable in the alternative to one of two, or one or some of several payees. A bill may also be made payable to the holder of an office for the time being:

3. Where the payee is a fictitious or non-existing person, the bill may be treated as payable to bearer.

8. When a bill contains words prohibiting transfer, or indicating an intention that it should not be transferable, it is valid as between the parties thereto, but it is not negotiable:

2. A negotiable bill may be payable either to order or to bearer:

3. A bill is payable to bearer which is expressed to be so payable, or on which the only or last indorsement is an indorsement in blank:

4. A bill is payable to order which is expressed to be so payable, or which is expressed to be payable to a particular person, and does not contain words prohibiting transfer or indicating an intention that it should not be transferable:

5. Where a bill, either originally or by indorsement, is expressed to be payable to the order of a specified person, and not to him or his order, it is nevertheless payable to him or his order, at his option.

9. The sum payable by a bill is a sum certain within the meaning of this Act, although it is required to be paid—

(*a.*) With interest;
(*b.*) By stated instalments;
(*c.*) By stated instalments, with a provision that upon default in payment of any instalment the whole shall become due;
(*d.*) According to an indicated rate of exchange, or according to a rate of exchange to be ascertained as directed by the bill:

2. Where the sum payable is expressed in words and also in figures, and there is a discrepancy between the two, the sum denoted by the words is the amount payable:

3. Where a bill is expressed to be payable with interest, unless the instrument otherwise provides, interest runs from the date of the bill, and if the bill is undated, from the issue thereof.

10. A bill is payable on demand—
(*a.*) Which is expressed to be payable on demand, or on presentation; or
(*b.*) In which no time for payment is expressed:

2. Where a bill is accepted or indorsed when it is overdue, it shall, as regards the acceptor who so accepts, or any indorser who so indorses it, be deemed a bill payable on demand.

11. A bill is payable at a determinable future time, within the meaning of this Act, which is expressed to be payable—
(*a.*) At a fixed period after date or sight:
(*b.*) On or at a fixed period after the occurrence of a specified event which is certain to happen, though the time of happening is uncertain:

2. An instrument expressed to be payable on a contingency is not a bill, and the happening of the event does not cure the defect.

12. Where a bill expressed to be payable at a fixed period after date is issued undated, or where the acceptance of a bill payable at a fixed period after sight is undated, any holder may insert therein the true date of issue or acceptance, and the bill shall be payable accordingly;

Provided that (*a*) where the holder in good faith and by mistake inserts a wrong date, and (*b*) in every case where a wrong date is inserted, if the bill subsequently comes into the hands of a holder in due course, the bill shall not be voided thereby, but shall operate and be payable as if the date so inserted had been the true date.

13. Where a bill or an acceptance, or any indorsement on a bill, is dated, the date shall, unless the contrary is proved, be deemed to be the true date of the drawing, acceptance, or indorsement, as the case may be:

2. A bill is not invalid by reason only that it is antedated or postdated, or that it bears date on a Sunday or other non-juridical day.

14. Where a bill is not payable on demand, the day on which it falls due is determined as follows:
(*a.*) Three days, called days of grace, are, in every case where the bill itself does not otherwise provide, added to the time of payment as fixed by the bill, and the bill is due and payable on the last day of grace: Provided that—
(1.) Whenever the last day of grace falls on a legal holiday or non-juridical day in the Province where any such bill is payable, then the day next following, not being a legal holiday or non-juridical day in such Province, shall be the last day of grace:

2. In all matters relating to bills of exchange the following and no other shall be observed as legal holidays or non-juridical days, that is to say:

(*a.*) In all the Provinces of Canada, except the Province of Quebec—

Sundays;
New Year's Day;
Good Friday;
Easter Monday;
Christmas Day;

The birthday (or the day fixed by proclamation for the celebration of the birthday) of the reigning Sovereign; and if such birthday is a Sunday, then the following day;

The first day of July (Dominion Day), and if that day is a Sunday, then the second day of July as the same holiday;

Any day appointed by proclamation for a public holiday, or for a general fast, or a general thanksgiving throughout Canada; and the day next following New Year's Day and Christmas Day, when those days respectively fall on Sunday;

(*b.*) And in the Province of Quebec the said days, and also—

The Epiphany;
The Annunciation;
The Ascension;
Corpus Christi;
St. Peter and St. Paul's Day;
All Saints' Day;
Conception Day;

(*c*). And also, in any one of the Provinces of Canada, any day appointed by proclamation of the Lieutenant Governor of such Province for a public holiday, or for a fast or thanksgiving within the same, or being a non-juridical day by virtue of a statute of such Province:

3. Where a bill is payable at sight, or at a fixed period after date, after sight, or after the happening of a specified event, the time of payment is determined by excluding the day from which the time is to begin to run and by including the day of payment:

4. Where a bill is payable at sight or a fixed period after sight, the time begins to run from the date of the acceptance if the bill is accepted, and from the date of noting or protest if the bill is noted or protested for non-acceptance, or for non-delivery:

5. The term "Month" in a bill means the calendar month:

6. Every bill which is made payable at a month or months after date becomes due on the same numbered day of the month in which it is made payable as the day on which it is dated—unless there is no such day in the month in which it is made payable, in which case it becomes due on the last day of that month—with the addition, in all cases, of the days of grace.

15. The drawer of a bill and any indorser may insert therein the name of a person to whom the holder may resort in case of need, that is to say, in case the bill is dishonored by non-acceptance or non-payment. Such person is called the referee in case of need. It is in the option of the holder to resort to the referee in case of need or not, as he thinks fit.

16. The drawer of a bill, and any indorser, may insert therein an express stipulation—

(*a.*) Negativing or limiting his own liability to the holder;

(*b.*) Waiving, as regards himself, some or all of the holder's duties.

17. The acceptance of a bill is the signification by the drawee of his assent to the order of the drawer:

2. An acceptance is invalid unless it complies with the following conditions, namely:—

(*a.*) It must be written on the bill and be signed by the drawee. The mere signature of the drawee without additional words is sufficient;

(*b.*) It must not express that the drawee will perform his promise by any other means than the payment of money;

3. Where in a bill the drawee is wrongly designated or his name is misspelt, he may accept the bill as therein described, adding, if he thinks fit, his proper signature, or he may accept by his proper signature.

18. A bill may be accepted—

(*a.*) Before it has been signed by the drawer, or while otherwise incomplete;

(*b.*) When it is overdue, or after it has been dishonored by a previous refusal to accept, or by non-payment:

2. When a bill payable after sight is dishonored by non-acceptance, and the drawee subsequently accepts it, the holder, in the absence of any different agreement, is entitled to have the bill accepted as of the date of first presentment to the drawee for acceptance.

19. An acceptance is either (*a*) general, or (*b*) qualified: a general acceptance assents without qualification to the order of the drawer; a qualified acceptance in express terms varies the effect of the bill as drawn:

2. In particular, an acceptance is qualified which is—

(*a.*) Conditional, that is to say, which makes payment by the acceptor dependent on the fulfilment of a condition therein stated; but an acceptance to pay at a particular specified place is not conditional or qualified.

(*b.*) Partial, that is to say, an acceptance to pay part only of the amount for which the bill is drawn;

(*c.*) Qualified as to time;

(*d.*) The acceptance of some one or more of the drawees, but not of all.

20. Where a simple signature on a blank paper is delivered by the signer in order that it may be converted into a bill, it operates as a *primâ facie* authority to fill it up as a complete bill for any amount, using the signature for that of the drawer, or the acceptor, or an indorser; and, in like manner, when a bill is wanting in any material particular, the person in possession of it has a *primâ facie* authority to fill up the omission in any way he thinks fit:

2. In order that any such instrument when completed may be enforceable against any person who became a party thereto prior to its completion, it must be filled up within a reasonable time, and strictly in accordance with the authority given; reasonable time for this purpose is a question of fact:

Provided, that if any such instrument, after completion, is negotiated to a holder in due course, it shall be valid and effectual for all purposes in his hands, and he may enforce it as if it had been filled up within a reasonable time and strictly in accordance with the authority given.

21. Every contract on a bill, whether it is the drawer's, the acceptor's or an indorser's, is incomplete and revocable, until delivery of the instrument in order to give effect thereto:

Provided, that where an acceptance is written on a bill, and the drawee gives notice to, or according to the directions of, the person entitled to the bill that he has accepted it, the acceptance then becomes complete and irrevocable:

2. As between immediate parties, and as regards a remote party, other than a holder in due course, the delivery—

(*a.*) In order to be effectual must be made either by or under the authority of the party drawing, accepting or indorsing, as the case may be;

(*b.*) May be shown to have been conditional or for a special purpose only, and not for the purpose of transferring the property in the bill;

But if the bill is in the hands of a holder in due course, a valid delivery of the bill by all parties prior to him, so as to make them liable to him, is conclusively presumed :

3. Where a bill is no longer in the possession of a party who has signed it as drawer, acceptor or indorser, a valid and unconditional delivery by him is presumed until the contrary is proved.

Capacity and Authority of Parties.

22. Capacity to incur liability as a party to a bill is co-extensive with capacity to contract :

Provided, that nothing in this section shall enable a corporation to make itself liable as drawer, acceptor or indorser of a bill, unless it is competent to it so to do under the law for the time being in force relating to such corporation :

2. Where a bill is drawn or indorsed by an infant, minor, or corporation having no capacity or power to incur liability on a bill, the drawing or indorsement entitles the holder to receive payment of the bill, and to enforce it against any other party thereto.

23. No person is liable as drawer, indorser, or acceptor of a bill who has not signed it as such : Provided that—

(*a.*) Where a person signs a bill in a trade or assumed name, he is liable thereon as if he had signed it in his own name ;

(*b.*) The signature of the name of a firm is equivalent to the signature by the person so signing of the names of all persons liable as partners in that firm.

24. Subject to the provisions of this Act, where a signature on a bill is forged or placed thereon without the authority of the person whose signature it purports to be, the forged or unauthorized signature is wholly inoperative, and no right to retain the bill or to give a discharge therefor or to enforce payment thereof against any party thereto can be acquired through or under that signature, unless the party against whom it is sought to retain or enforce payment of the bill is precluded from setting up the forgery or want of authority :

Provided, that nothing in this section shall affect the ratification of an unauthorized signature not amounting to a forgery : And provided also, that if a cheque, payable to order, is paid by the drawee upon a forged indorsement out of the funds of the drawer, or is so paid and charged to his account, the drawer shall have no right of action against the drawee for the recovery back of the amount so paid, or no defence to any claim made by the drawee for the amount so paid, as the case may be, unless he gives notice in writing of such forgery to the drawee within one year after he has acquired notice of such forgery ; and in case of failure by the drawer to give such notice within the said period, such cheque shall be held to have been paid in due course as respects every other party thereto or named therein, who has not previously instituted proceedings for the protection of his rights.

25. A signature by procuration operates as notice that the agent has but a limited authority to sign, and the principal is bound by such signature only if the agent in so signing was acting within the actual limits of his authority.

26. Where a person signs a bill as drawer, indorser or acceptor, and adds words to his signature indicating that he signs for or on behalf of a principal, or in a representative character, he is not personally liable thereon ; but the mere addition to his signature of words describing him as an agent, or as filling a representative character, does not exempt him from personal liability :

2. In determining whether a signature on a bill is that of the principal or that of the agent by whose hand it is written, the construction most favorable to the validity of the instrument shall be adopted.

The Consideration for a Bill.

27. Valuable consideration for a bill may be constituted by—

(*a.*) Any consideration sufficient to support a simple contract;

(*b.*) An antecedent debt or liability; such a debt or liability is deemed valuable consideration, whether the bill is payable on demand or at a future time:

2. Where value has at any time been given for a bill, the holder is deemed to be a holder for value as regards the acceptor and all parties to the bill who became parties prior to such time:

3. Where the holder of a bill has a lien on it, arising either from contract or by implication of law, he is deemed to be a holder for value to the extent of the sum for which he has a lien.

28. An accommodation party to a bill is a person who has signed a bill as drawer, acceptor, or indorser, without receiving value therefor, and for the purpose of lending his name to some other person:

2. An accommodation party is liable on the bill to a holder for value; and it is immaterial whether, when such holder took the bill, he knew such party to be an accommodation party or not.

29. A holder in due course is a holder who has taken a bill, complete and regular on the face of it, under the following conditions, namely:—

(*a.*) That he became the holder of it before it was overdue and without notice that it had been previously dishonored, if such was the fact;

(*b.*) That he took the bill in good faith and for value, and that at the time the bill was negotiated to him he had no notice of any defect in the title of the person who negotiated it:

2. In particular, the title of a person who negotiates a bill is defective within the meaning of this Act when he obtained the bill, or the acceptance thereof, by fraud, duress, or force and fear, or other unlawful means, or for an illegal consideration, or when he negotiates it in breach of faith, or under such circumstances as amount to a fraud:

3. A holder, whether for value or not, who derives his title to a bill through a holder in due course, and who is not himself a party to any fraud or illegality affecting it, has all the rights of that holder in due course as regards the acceptor and all parties to the bill prior to that holder.

30. Every party whose signature appears on a bill is *primâ facie* deemed to have become a party thereto for value:

2. And every holder of a bill is *primâ facie* deemed to be a holder in due course; but if, in an action on a bill, it is admitted or proved that the acceptance, issue or subsequent negotiation of the bill is affected with fraud, duress, or force and fear, or illegality, the burden of proof that he is such holder in due course shall be on him, unless and until he proves that, subsequent to the alleged fraud or illegality, value has in good faith been given for the bill by some other holder in due course:

3. No bill, although given for a usurious consideration or upon a usurious contract, is void in the hands of a holder, unless such holder had at the time of its transfer to him actual knowledge that it was originally given for a usurious consideration, or upon a usurious contract:

4. Every bill or note the consideration of which consists, in whole or in part, of the purchase money of a patent right, or of a partial interest, limited geographically or otherwise, in a patent right, shall have written or printed prominently and legibly across the face thereof, before the same is issued, the words "given for a patent right:" and without such words thereon such instrument and any renewal thereof shall be void, except in the hands of a holder in due course without notice of such consideration.

5. The indorsee or other transferee of any such instrument having the words aforesaid so printed or written thereon, shall take the same subject to any defence or set-off in respect of the whole or any part thereof which would have existed between the original parties:

6. Every one who issues, sells or transfers, by indorsement or delivery, any such instrument not having the words "given for a patent right" printed or written in manner aforesaid across the face thereof, knowing the consideration of such instrument to have consisted, in whole or in part, of the purchase money of a patent right, or of a partial interest, limited geographically or otherwise, in a patent right, is guilty of a misdemeanor, and liable to imprisonment for any term not exceeding one year, or to such fine, not exceeding two hundred dollars, as the court thinks fit.

Negotiation of Bills.

31. A bill is negotiated when it is transferred from one person to another in such a manner as to constitute the transferee the holder of the bill:

2. A bill payable to bearer is negotiated by delivery:

3. A bill payable to order is negotiated by the indorsement of the holder completed by delivery:

4. Where the holder of a bill payable to his order transfers it for value without indorsing it, the transfer gives the transferee such title as the transferrer had in the bill, and the transferee in addition acquires the right to have the indorsement of the transferrer:

5. Where any person is under obligation to indorse a bill in a representative capacity, he may indorse the bill in such terms as to negative personal liability.

32. An indorsement in order to operate as a negotiation must comply with the following conditions, namely:—

(*a.*) It must be written on the bill itself and be signed by the indorser. The simple signature of the indorser on the bill, without additional words, is sufficient;

An indorsement written on an allonge, or on a "copy" of a bill issued or negotiated in a country where "copies" are recognized, is deemed to be written on the bill itself;

(*b.*) It must be an indorsement of the entire bill. A partial indorsement, that is to say, an indorsement which purports to transfer to the indorsee a part only of the amount payable, or which purports to transfer the bill to two or more indorsees severally, does not operate as a negotiation of the bill;

(*c.*) Where a bill is payable to the order of two or more payees or indorsees who are not partners, all must indorse, unless the one indorsing has authority to indorse for the others:

2. Where, in a bill payable to order, the payee or indorsee is wrongly designated, or his name is misspelt, he may indorse the bill as therein described, adding his proper signature; or he may indorse by his own proper signature:

3. Where there are two or more indorsements on a bill, each indorsement is deemed to have been made in the order in which it appears on the bill, until the contrary is proved:

4. An indorsement may be made in blank or special. It may also contain terms making it restrictive.

33. Where a bill purports to be indorsed conditionally, the condition may be disregarded by the payer, and payment to the indorsee is valid, whether the condition has been fulfilled or not.

34. An indorsement in blank specifies no indorsee, and a bill so indorsed becomes payable to bearer:

2. A special indorsement specifies the person to whom, or to whose order, the bill is to be payable:

3. The provisions of this Act relating to a payee apply, with the necessary modifications, to an indorsee under a special indorsement:

4. Where a bill has been indorsed in blank, any holder may convert the blank indorsement into a special indorsement by writing above the indorser's signature a direction to pay the bill to or to the order of himself or some other person.

35. An indorsement is restrictive which prohibits the further negotiation of the bill, or which expresses that it is a mere authority to deal with the bill as thereby directed, and not a transfer of the ownership thereof, as, for example, if a bill is indorsed "Pay D only," or "Pay D for the account of X," or "Pay D, or order, for collection:"

2. A restrictive indorsement gives the indorsee the right to receive payment of the bill and to sue any party thereto that his indorser could have sued, but gives him no power to transfer his rights as indorsee unless it expressly authorizes him to do so:

3. Where a restrictive indorsement authorizes further transfer, all subsequent indorsees take the bill with the same rights and subject to the same liabilities as the first indorsee under the restrictive indorsement.

36. Where a bill is negotiable in its origin, it continues to be negotiable until it has been (*a*) restrictively indorsed, or (*b*) discharged by payment or otherwise;

2. Where an overdue bill is negotiated, it can be negotiated only subject to any defect of title affecting it at its maturity, and thenceforward no person who takes it can acquire or give a better title than that which had the person from whom he took it:

3. A bill payable on demand is deemed to be overdue within the meaning and for the purposes of this section, when it appears on the face of it to have been in circulation for an unreasonable length of time; what is an unreasonable length of time for this purpose is a question of fact:

4. Except where an indorsement bears date after the maturity of the bill, every negotiation is *primâ facie* deemed to have been effected before the bill was overdue:

5. Where a bill which is not overdue has been dishonored, any person who takes it with notice of the dishonor takes it subject to any defect of title attaching thereto at the time of dishonor; but nothing in this sub-section shall affect the rights of a holder in due course.

37. Where a bill is negotiated back to the drawer, or to a prior indorser, or to the acceptor, such party may, subject to the provisions of this Act, re-issue and further negotiate the bill, but he is not entitled to enforce the payment of the bill against any intervening party to whom he was previously liable.

38. The rights and powers of the holder of a bill are as follows:—

(*a.*) He may sue on the bill in his own name;

(*b.*) Where he is a holder in due course, he holds the bill free from any defect of title of prior parties, as well as from mere personal defences available to prior parties among themselves, and may enforce payment against all parties liable on the bill;

(*c.*) Where his title is defective, (1) if he negotiates the bill to a holder in due course, that holder obtains a good and complete title to the bill, and (2) if he obtains payment of the bill the person who pays him in due course gets a valid discharge for the bill.

General Duties of the Holder.

39. Where a bill is payable at sight or after sight, presentment for acceptance is necessary in order to fix the maturity of the instrument:

2. Where a bill expressly stipulates that it shall be presented for acceptance, or where a bill is drawn payable elsewhere than at the residence or place of business of the drawee, it must be presented for acceptance before it can be presented for payment:

3. In no other case is presentment for acceptance necessary in order to render liable any party to the bill:

4. Where the holder of a bill, drawn payable elsewhere than at the place of business or residence of the drawee, has not time, with the exercise of reasonable diligence, to present the bill for acceptance before presenting it for payment on the day that it falls due, the delay caused by presenting the bill for acceptance before presenting it for payment is excused, and does not discharge the drawer and indorsers.

40. Subject to the provisions of this Act, when a bill payable after sight is negotiated, the holder must either present it for acceptance or negotiate it within a reasonable time:

2. If he does not do so, the drawer and all indorsers prior to that holder are discharged:

3. In determining what is a reasonable time within the meaning of this section, regard shall be had to the nature of the bill, the usage of trade with respect to similar bills, and the facts of the particular case.

41. A bill is duly presented for acceptance which is presented in accordance with the following rules:

(*a.*) The presentment must be made by or on behalf of the holder to the drawee or to some person authorized to accept or refuse acceptance on his behalf, at a reasonable hour on a business day and before the bill is overdue;

(*b.*) Where a bill is addressed to two or more drawees, who are not partners, presentment must be made to them all, unless one has authority to accept for all, when presentment may be made to him only;

(*c.*) Where the drawee is dead, presentment may be made to his personal representative;

(*d.*) Where authorized by agreement or usage, a presentment through the post office is sufficient:

2. Presentment in accordance with these rules is excused, and a bill may be treated as dishonored by non-acceptance—

(*a.*) Where the drawee is dead or bankrupt, or is a fictitious person or a person not having capacity to contract by bill;

(*b.*) Where, after the exercise of reasonable diligence, such presentment cannot be effected;

(*c.*) Where, although the presentment has been irregular, acceptance has been refused on some other ground:

3. The fact that the holder has reason to believe that the bill, on presentment, will be dishonored does not excuse presentment.

42. When a bill is duly presented for acceptance and is not accepted on the day of presentment or within two days thereafter, the person presenting it must treat it as dishonored by non-acceptance. If he does not, the holder shall lose his right of recourse against the drawer and indorsers.

43. A bill is dishonored by non-acceptance—

(*a.*) When it is duly presented for acceptance, and such an acceptance as is prescribed by this Act is refused or cannot be obtained; or—

(*b.*) When presentment for acceptance is excused and the bill is not accepted:

2. Subject to the provisions of this Act, when a bill is dishonored by non-acceptance an immediate right of recourse against the drawer and indorsers accrues to the holder, and no presentment for payment is necessary.

44. The holder of a bill may refuse to take a qualified acceptance, and if he does not obtain an unqualified acceptance may treat the bill as dishonored by non-acceptance:

2. Where a qualified acceptance is taken, and the drawer or an indorser has not expressly or impliedly authorized the holder to take a qualified acceptance, or does not subsequently assent thereto, such drawer or indorser is discharged from his liability on the bill;

The provisions of this sub-section do not apply to a partial acceptance, whereof due notice has been given. Where a foreign bill has been accepted as to part, it must be protested as to the balance:

3. When the drawer or indorser of a bill receives notice of a qualified acceptance, and does not within a reasonable time express his dissent to the holder, he shall be deemed to have assented thereto.

45. Subject to the provisions of this Act, a bill must be duly presented for payment. If it is not so presented, the drawer and indorsers shall be discharged:

2. A bill is duly presented for payment which is presented in accordance with the following rules:—

(*a.*) Where the bill is not payable on demand, presentment must be made on the day it falls due;

(*b.*) Where the bill is payable on demand, then, subject to the provisions of this Act, presentment must be made within a reasonable time after its issue, in order to render the drawer liable, and within a reasonable time after its indorsement, in order to render the indorser liable;

In determining what is a reasonable time, regard shall be had to the nature of the bill, the usage of trade with regard to similar bills, and the facts of the particular case;

(*c.*) Presentment must be made by the holder or by some person authorized to receive payment on his behalf, at the proper place, as hereinafter defined, either to the person designated by the bill as payer or to his representative or some person authorized to pay or refuse payment on his behalf, if, with the exercise of reasonable diligence, such person can there be found;

(*d.*) A bill is presented at the proper place:—

(1.) Where a place of payment is specified in the bill or acceptance, and the bill is there presented;

(2.) Where no place of payment is specified, but the address of the drawee or acceptor is given in the bill, and the bill is there presented;

(3.) Where no place of payment is specified and no address given, and the bill is presented at the drawee's or acceptor's place of business, if known, and if not, at his ordinary residence, if known;

(4.) In any other case, if presented to the drawee or acceptor wherever he can be found, or if presented at his last known place of business or residence:

3. Where a bill is presented at the proper place, and, after the exercise of reasonable diligence, no person authorized to pay or refuse payment can be found there, no further presentment to the drawee or acceptor is required:

4. Where a bill is drawn upon, or accepted by two or more persons who are not partners, and no place of payment is specified, presentment must be made to them all:

5. Where the drawee or acceptor of a bill is dead, and no place of payment is specified, presentment must be made to a personal representative, if such there is, and with the exercise of reasonable diligence he can be found:

6. Where authorized by agreement or usage, a presentment through the post office is sufficient:

7. Where the place of payment specified in the bill or acceptance is any city, town or village, and no place therein is specified, and the bill is presented at the drawee's or acceptor's known place of business or known ordinary residence therein, and, if there is no such place of business or residence the bill is presented at the post office, or principal post office in such city, town or village, such presentment is sufficient.

46. Delay in making presentment for payment is excused when the delay is caused by circumstances beyond the control of the holder, and not imputable to his default, misconduct or negligence. When the cause of delay ceases to operate, presentment must be made with reasonable diligence:

2. Presentment for payment is dispensed with—

(*a*.) Where, after the exercise of reasonable diligence, presentment, as required by this Act, cannot be effected;

The fact that the holder has reason to believe that the bill will, on presentment, be dishonored, does not dispense with the necessity for presentment;

(*b*.) Where the drawee is a fictitious person;

(*c*.) As regards the drawer, where the drawee or acceptor is not bound, as between himself and the drawer, to accept or pay the bill, and the drawer has no reason to believe that the bill would be paid if presented;

(*d*.) As regards an indorser, where the bill was accepted or made for the accommodation of that indorser, and he has no reason to expect that the bill would be paid if presented;

(*e*.) By waiver of presentment, express or implied.

47. A bill is dishonored by non-payment (*a*) when it is duly presented for payment and payment is refused or cannot be obtained, or (*b*) when presentment is excused and the bill is overdue and unpaid:

2. Subject to the provisions of this Act, when a bill is dishonored by non-payment, an immediate right of recourse against the drawer, acceptor and indorsers accrues to the holder.

48. Subject to the provisions of this Act, when a bill has been dishonored by non-acceptance or by non-payment, notice of dishonor must be given to the drawer and each indorser, and any drawer or indorser to whom such notice is not given is discharged; Provided that—

(*a*.) Where a bill is dishonored by non-acceptance, and notice of dishonor is not given, the rights of a holder in due course subsequent to the omission shall not be prejudiced by the omission;

(*b*.) Where a bill is dishonored by non-acceptance and due notice of dishonor is given, it shall not be necessary to give notice of a subsequent dishonor by non-payment, unless the bill shall in the meantime have been accepted.

49. Notice of dishonor, in order to be valid and effectual, must be given in accordance with the following rules:—

(*a*) The notice must be given by or on behalf of the holder, or by or on behalf of an indorser who, at the time of giving it, is himself liable on the bill;

(*b.*) Notice of dishonor may be given by an agent either in his own name, or in the name of any party entitled to give notice, whether that party is his principal or not ;

(*c.*) Where the notice is given by or on behalf of the holder, it enures for the benefit of all subsequent holders and all prior indorsers who have a right of recourse against the party to whom it is given ;

(*d.*) Where notice is given by or on behalf of an indorser entitled to give notice as hereinbefore provided, it enures for the benefit of the holder and all indorsers subsequent to the party to whom notice is given ;

(*e.*) The notice may be given in writing or by personal communication, and may be given in any terms which sufficiently identify the bill and intimate that the bill has been dishonored by non-acceptance or non-payment ;

(*f.*) The return of a dishonored bill to the drawer or an indorser is, in point of form, deemed a sufficient notice of dishonor ;

(*g.*) A written notice need not be signed, and an insufficient written notice may be supplemented and validated by verbal communication. A misdescription of the bill shall not vitiate the notice, unless the party to whom the notice is given is in fact misled thereby ;

(*h.*) Where notice of dishonor is required to be given to any person, it may be given either to the party himself, or to his agent in that behalf ;

(*i.*) Where the drawer or indorser is dead, and the party giving notice knows it, the notice must be given to a personal representative, if such there is and, with the exercise of reasonable diligence, he can be found ;

(*j.*) Where there are two or more drawers or indorsers who are not partners, notice must be given to each of them, unless one of them has authority to receive such notice for the others ;

(*k.*) The notice may be given as soon as the bill is dishonored, and must be given not later than the next following juridical or business day :

2. Where a bill, when dishonored, is in the hands of an agent, he may either himself give notice to the parties liable on the bill, or he may give notice to his principal. If he gives notice to his principal, he must do so within the same time as if he were the holder, and the principal, upon receipt of such notice, has himself the same time for giving notice as if the agent had been an independent holder :

3. Where a party to a bill receives due notice of dishonor, he has, after the receipt of such notice, the same period of time for giving notice to antecedent parties that the holder has after the dishonor :

4. Notice of the protest or dishonor of any bill payable in Canada shall, notwithstanding anything in this section contained, be sufficiently given if it is addressed in due time to any party to such bill entitled to such notice, at his customary address or place of residence or at the place at which such bill is dated, unless any such party has, under his signature, designated another place ; and in such latter case such notice shall be sufficiently given if addressed to him in due time at such other place ; and such notice so addressed shall be sufficient, although the place of residence of such party is other than either of such above-mentioned places ; and such notice shall be deemed to have been duly served and given for all purposes if it is deposited in any post office, with the postage paid thereon, at any time during the day on which such protest or presentment has been made, or on the next following juridical or business day ; such notice shall not be invalid by reason of the fact that the party to whom it is addressed is dead :

5. Where a notice of dishonor is duly addressed and posted, as above provided, the sender is deemed to have given

due notice of dishonor, notwithstanding any miscarriage by the post office.

50. Delay in giving notice of dishonor is excused where the delay is caused by circumstances beyond the control of the party giving notice, and not imputable to his default, misconduct, or negligence: when the cause of delay ceases to operate the notice must be given with reasonable diligence:

2. Notice of dishonor is dispensed with—

(*a.*) When, after the exercise of reasonable diligence, notice as required by this Act cannot be given to or does not reach the drawer or indorser sought to be charged;

(*b.*) By waiver express or implied: notice of dishonor may be waived before the time of giving notice has arrived, or after the omission to give due notice;

(*c.*) As regards the drawer, in the following cases, namely, (1) where drawer and drawee are the same person, (2) where the drawee is a fictitious person or a person not having capacity to contract, (3) where the drawer is the person to whom the bill is presented for payment, (4) where the drawee or acceptor is, as between himself and the drawer, under no obligation to accept or pay the bill, (5) where the drawer has countermanded payment;

(*d.*) As regards the indorser, in the following cases, namely, (1) where the drawee is a fictitious person or a person not having capacity to contract, and the indorser was aware of the fact at the time he indorsed the bill, (2) where the indorser is the person to whom the bill is presented for payment, (3) where the bill was accepted or made for his accommodation.

51. Where an inland bill has been dishonored it may, if the holder thinks fit, be noted and protested for non-acceptance or non-payment, as the case may be; but, subject to the provisions of this Act with respect to notice of dishonor, it shall not, except in the Province of Quebec, be necessary to note or protest any such bill in order to preserve the recourse against the drawer or indorser; but in the case of a bill drawn upon any person in the Province of Quebec, or payable or accepted at any place therein, in default of protest for non-acceptance or non-payment, as the case may be, and of notice thereof the parties liable on the bill other than the acceptor are discharged, subject, nevertheless, to the exceptions in this section hereinafter contained:

2. Where a foreign bill, appearing on the face of it to be such, has been dishonored by non-acceptance, it must be duly protested for non-acceptance, and where such a bill, which has not been previously dishonored by non-acceptance, is dishonored by non-payment, it must be duly protested for non-payment. If it is not so protested, the drawer and indorsers are discharged. Where a bill does not appear on the face of it to be a foreign bill, protest thereof in case of dishonor, except as in this section provided, is unnecessary:

3. A bill which has been protested for non-acceptance, or a bill of which protest for non-acceptance has been waived, may be subsequently protested for non-payment:

4. Subject to the provisions of this Act, when a bill is protested the protest must be made or noted on the day of its dishonor. When a bill has been duly noted, the protest may be subsequently extended as of the date of the noting:

5. Where the acceptor of a bill becomes bankrupt or suspends payment before it matures, the holder may cause the bill to be protested for better security against the drawer and indorsers:

6. A bill must be protested at the place where it is dishonored, or at some other place in Canada situate within five miles of the place of presentment and dishonor of such bill: Provided that—

(*a.*) When a bill is presented through the post office, and returned by post dishonored, it may be protested at the place to which it is returned, not later than on the day of its return or the next juridical day ;

(*b.*) Every protest for dishonor, either for non-acceptance or non-payment, may be made on the day of such dishonor at any time after non-acceptance, or in case of non-payment, at any time after three o'clock in the afternoon :

7. A protest must contain a copy of the bill, or the original bill may be annexed thereto, and the protest must be signed by the notary making it, and must specify—

(*a.*) The person at whose request the bill is protested ;

(*b.*) The place and date of protest, the cause or reason for protesting the bill, the demand made, and the answer given, if any, or the fact that the drawee or acceptor could not be found :

8. Where a bill is lost or destroyed, or is wrongly or accidentally detained from the person entitled to hold it, or is accidentally retained in a place other than where payable, protest may be made on a copy or written particulars thereof :

9. Protest is dispensed with by any circumstances which would dispense with notice of dishonor. Delay in noting or protesting is excused when the delay is caused by circumstances beyond the control of the holder, and not imputable to his default, misconduct or negligence. When the cause of delay ceases to operate, the bill must be noted or protested with reasonable diligence.

10. No clerk, teller or agent of any bank shall act as a notary in the protesting of any bill or note payable at the bank or at any of the branches of the bank in which he is employed.

52. When no place of payment is specified in the bill or acceptance, presentment for payment is not necessary in order to render the acceptor liable :

2. When a place of payment is specified in the bill or acceptance, the acceptor, in the absence of an express stipulation to that effect, is not discharged by the omission to present the bill for payment on the day that it matures, but if any suit or action be instituted thereon before presentation the costs thereof shall be in the discretion of the court.

3. In order to render the acceptor of a bill liable, it is not necessary to protest it, or that notice of dishonor should be given to him :

4. Where the holder of a bill presents it for payment, he shall exhibit the bill to the person from whom he demands payment, and when a bill is paid the holder shall forthwith deliver it up to the party paying it.

Liabilities of Parties.

53. A bill, of itself, does not operate as an assignment of funds in the hands of the drawee available for the payment thereof, and the drawee of a bill who does not accept as required by this Act is not liable on the instrument.

54. The acceptor of a bill, by accepting it—

(*a.*) Engages that he will pay it according to the tenor of his acceptance ;

(*b.*) Is precluded from denying to a holder in due course—

(1.) The existence of the drawer, the genuineness of his signature, and his capacity and authority to draw the bill ;

(2.) In the case of a bill payable to drawer's order, the then capacity of the drawer to indorse, but not the genuineness or validity of his indorsement ;

(3.) In the case of a bill payable to the order of a third person, the existence of the payee and his then capacity to indorse, but not the genuineness or validity of his indorsement.

55. The drawer of a bill, by drawing it—

(*a.*) Engages that on due presentment it shall be accepted and paid according to its tenor, and that if it is dishonored he will compensate the holder or any indorser who is compelled to pay it, provided that the requisite proceedings on dishonor are duly taken;

(*b.*) Is precluded from denying to a holder in due course the existence of the payee and his then capacity to indorse:

2. The indorser of a bill, by indorsing it—

(*a.*) Engages that on due presentment it shall be accepted and paid according to its tenor, and that if it is dishonored he will compensate the holder or a subsequent indorser who is compelled to pay it, provided that the requisite proceedings on dishonor are duly taken;

(*b.*) Is precluded from denying to a holder in due course the genuineness and regularity in all respects of the drawer's signature and all previous indorsements;

(*c.*) Is precluded from denying to his immediate or a subsequent indorsee that the bill was, at the time of his indorsement, a valid and subsisting bill, and that he had then a good title thereto.

56. Where a person signs a bill otherwise than as a drawer or acceptor, he thereby incurs the liabilities of an indorser to a holder in due course, and is subject to all the provisions of this Act respecting indorsers.

57. Where a bill is dishonored, the measure of damages which shall be deemed to be liquidated damages, shall be as follows:

(*a.*) The holder may recover from any party liable on the bill, the drawer who has been compelled to pay the bill may recover from the acceptor, and an indorser who has been compelled to pay the bill may recover from the acceptor or from the drawer, or from a prior indorser—

(1.) The amount of the bill;

(2.) Interest thereon from the time of presentment for payment, if the bill is payable on demand, and from the maturity of the bill in any other case;

(3.) The expenses of noting and protest;

(*b.*) In the case of a bill which has been dishonored abroad, in addition to the above damages, the holder may recover from the drawer or any indorser, and the drawer or an indorser who has been compelled to pay the bill may recover from any party liable to him, the amount of the re-exchange with interest thereon until the time of payment.

58. Where the holder of a bill payable to bearer negotiates it by delivery without indorsing it, he is called a "transferrer by delivery:"

2. A transferrer by delivery is not liable on the instrument:

3. A transferrer by delivery who negotiates a bill thereby warrants to his immediate transferee, being a holder for value, that the bill is what it purports to be, that he has a right to transfer it, and that at the time of transfer he is not aware of any fact which renders it valueless.

Discharge of Bill.

59. A bill is discharged by payment in due course by or on behalf of the drawee or acceptor:

"Payment in due course" means payment made at or after the maturity of the bill to the holder thereof in good faith and without notice that his title to the bill is defective:

2. Subject to the provisions hereinafter contained, when a bill is paid by the drawer or an indorser, it is not discharged; but—

(*a*) Where a bill payable to, or to the order of, a third party is paid by the drawer, the drawer may enforce payment thereof against the acceptor, but may not re-issue the bill;

(*b.*) Where a bill is paid by an indorser, or where a bill payable to drawer's order is paid by the drawer, the party paying it is remitted to his former rights as regards the acceptor or antecedent parties, and he may, if he thinks fit, strike out his own and subsequent indorsements, and again negotiate the bill :

3. Where an accommodation bill is paid in due course by the party accommodated, the bill is discharged.

60. When the acceptor of a bill is or becomes the holder of it at or after its maturity, in his own right, the bill is discharged.

61. When the holder of a bill at or after its maturity absolutely and unconditionally renounces his rights against the acceptor, the bill is discharged : the renunciation must be in writing, unless the bill is delivered up to the acceptor :

2. The liabilities of any party to a bill may in like manner be renounced by the holder before, at or after its maturity ; but nothing in this section shall affect the rights of a holder in due course without notice of renunciation.

62. Where a bill is intentionally cancelled by the holder or his agent, and the cancellation is apparent thereon, the bill is discharged :

2. In like manner, any party liable on a bill may be discharged by the intentional cancellation of his signature by the holder or his agent. In such case, any indorser who would have had a right of recourse against the party whose signature is cancelled is also discharged :

3. A cancellation made unintentionally, or under a mistake, or without the authority of the holder, is inoperative ; but where a bill or any signature thereon appears to have been cancelled, the burden of proof lies on the party who alleges that the cancellation was made unintentionally, or under a mistake, or without authority.

63. Where a bill or acceptance is materially altered without the assent of all parties liable on the bill, the bill is voided, except as against a party who has himself made, authorized, or assented to the alteration, and subsequent indorsers :

Provided, that where a bill has been materially altered, but the alteration is not apparent, and the bill is in the hands of a holder in due course, such holder may avail himself of the bill as if it had not been altered, and may enforce payment of it according to its original tenor :

2. In particular, the following alterations are material, namely, any alteration of the date, the sum payable, the time of payment, the place of payment, and where a bill has been accepted generally, the addition of a place of payment without the acceptor's assent.

Acceptance and Payment for Honor.

64. Where a bill of exchange has been protested for dishonor by non-acceptance, or protested for better security, and is not overdue, any person, not being a party already liable thereon, may, with the consent of the holder, intervene and accept the bill *suprâ* protest, for the honor of any party liable thereon, or for the honor of the person for whose account the bill is drawn :

2. A bill may be accepted for honor for part only of the sum for which it is drawn :

3. An acceptance for honor *suprâ* protest, in order to be valid, must—

(*a.*) Be written on the bill, and indicate that it is an acceptance for honor ;

(*b.*) Be signed by the acceptor for honor :

4. Where an acceptance for honor does not expressly state for whose honor it is made, it is deemed to be an acceptance for the honor of the drawer :

5. Where a bill payable after sight is accepted for honor, its maturity is calculated from the date of protesting for non-acceptance, and not from the date of the acceptance for honor.

65. The acceptor for honor of a bill by accepting it engages that he will, on due presentment, pay the bill according to the tenor of his acceptance, if it is not paid by the drawee, provided it has been duly presented for payment and protested for non-payment, and that he receives notice of these facts :

2. The acceptor for honor is liable to the holder and to all parties to the bill subsequent to the party for whose honor he has accepted.

66. Where a dishonored bill has been accepted for honor *suprâ* protest, or contains a reference in case of need, it must be protested for non-payment before it is presented for payment to the acceptor for honor, or referee in case of need :

2. Where the address of the acceptor for honor is in the same place where the bill is protested for non-payment, the bill must be presented to him not later than the day following its maturity ; and where the address of the acceptor for honor is in some place other than the place where it was protested for non-payment, the bill must be forwarded not later than the day following its maturity for presentment to him :

3. Delay in presentment or non-presentment is excused by any circumstance which would excuse delay in presentment for payment or non-presentment for payment :

4. When a bill of exchange is dishonored by the acceptor for honor, it must be protested for non-payment by him.

67. Where a bill has been protested for non-payment, any person may intervene and pay it *suprâ* protest for the honor of any party liable thereon, or for the honor of the person for whose account the bill is drawn :

2. Where two or more persons offer to pay a bill for the honor of different parties, the person whose payment will discharge most parties to the bill shall have the preference :

3. Payment for honor *suprâ* protest, in order to operate as such and not as a mere voluntary payment, must be attested by a notarial act of honor, which may be appended to the protest or form an extension of it :

4. The notarial act of honor must be founded on a declaration made by the payer for honor, or his agent in that behalf, declaring his intention to pay the bill for honor, and for whose honor he pays :

5. Where a bill has been paid for honor, all parties subsequent to the party for whose honor it is paid are discharged, but the payer for honor is subrogated for and succeeds to both the rights and duties of the holder as regards the party for whose honor he pays, and all parties liable to that party :

6. The payer for honor, on paying to the holder the amount of the bill and the notarial expenses incidental to its dishonor, is entitled to receive both the bill itself and the protest. If the holder does not on demand deliver them up, he shall be liable to the payer for honor in damages :

7. Where the holder of a bill refuses to receive payment *suprâ* protest, he shall lose his right of recourse against any party who would have been discharged by such payment.

Lost Instruments.

68. Where a bill has been lost before it is overdue, the person who was holder of it may apply to the drawer to give him another bill of the same tenor, giving security to the drawer, if required, to indemnify him against all persons whatever in case the bill alleged to have been lost shall be found again:

2. If the drawer, on request as aforesaid, refuses to give such duplicate bill, he may be compelled to do so.

69. In any action or proceeding upon a bill, the court or a judge may order that the loss of the instrument shall not be set up, provided an indemnity is given to the satisfaction of the court or judge against the claims of any other person upon the instrument in question.

Bill in a Set.

70. Where a bill is drawn in a set, each part of the set being numbered, and containing a reference to the other parts, the whole of the parts constitute one bill:

2. Where the holder of a set indorses two or more parts to different persons, he is liable on every such part, and every indorser subsequent to him is liable on the part he has himself indorsed as if the said parts were separate bills:

3. Where two or more parts of a set are negotiated to different holders in due course, the holder whose title first accrues is, as between such holders, deemed the true owner of the bill; but nothing in this sub-section shall affect the rights of a person who in due course accepts or pays the part first presented to him:

4. The acceptance may be written on any part, and it must be written on one part only:

5. If the drawee accepts more than one part, and such accepted parts get into the hands of different holders in due course, he is liable on every such part as if it were a separate bill:

6. When the acceptor of a bill drawn in a set pays it without requiring the part bearing his acceptance to be delivered up to him, and that part at maturity is outstanding in the hands of a holder in due course, he is liable to the holder thereof:

7. Subject to the preceding rules, where any one part ot a bill drawn in a set is discharged by payment or otherwise, the whole bill is discharged.

Conflict of Laws.

71. Where a bill drawn in one country is negotiated, accepted or payable in another, the rights, duties and liabilities of the parties thereto are determined as follows:—

(*a.*) The validity of a bill as regards requisites in form is determined by the law of the place of issue, and the validity as regards requisites in form of the supervening contracts, such as acceptance, or indorsement, or acceptance *suprâ* protest, is determined by the law of the place where such contract was made:

Provided that—

(1.) Where a bill is issued out of Canada, it is not invalid by reason only that it is not stamped in accordance with the law of the place of issue;

(2.) Where a bill, issued out of Canada, conforms, as regards requisites in form, to the law of Canada, it may, for the purpose of enforcing payment thereof, be treated as valid as between all persons who negotiate, hold or become parties to it in Canada;

(*b.*) Subject to the provisions of this Act, the interpretation of the drawing, indorsement, acceptance or acceptance *suprâ* protest of a bill, is determined by the law of the place where such contract is made;

Provided, that where an inland bill is indorsed in a foreign country, the indorsement shall, as regards the payer, be interpreted according to the law of Canada;

(*c.*) The duties of the holder with respect to presentment for acceptance or payment and the necessity for or sufficiency of a protest or notice of dishonor, or otherwise, are determined by the law of the place where the act is done or the bill is dishonored ;

(*d.*) Where a bill is drawn out of but payable in Canada, and the sum payable is not expressed in the currency of Canada, the amount shall, in the absence of some express stipulation, be calculated according to the rate of exchange for sight drafts at the place of payment on the day the bill is payable ;

(*e.*) Where a bill is drawn in one country and is payable in another, the due date thereof is determined according to the law of the place where it is payable.

(*f.*) If a bill or note, presented for acceptance, or payable out of Canada, is protested for non-acceptance or non-payment, a notarial copy of the protest and of the notice of dishonour, and a notarial certificate of the service of such notice, shall be received in all courts, as *primâ facie* evidence of such protest, notice and service.

PART III.

CHEQUES ON A BANK.

72. A cheque is a bill of exchange drawn on a bank, payable on demand :

2. Except as otherwise provided in this part, the provisions of this Act applicable to a bill of exchange payable on demand apply to a cheque.

73. Subject to the provisions of this Act—

(*a.*) Where a cheque is not presented for payment within a reasonable time of its issue, and the drawer or the person on whose account it is drawn had the right at the time of such presentment, as between him and the bank, to have the cheque paid, and suffers actual damage through the delay, he is discharged to the extent of such damage, that is to say, to the extent to which such drawer or person is a creditor of such bank to a larger amount than he would have been had such cheque been paid ;

(*b.*) In determining what is a reasonable time, regard shall be had to the nature of the instrument, the usage of trade and of banks, and the facts of the particular case ;

(*c.*) The holder of such cheque, as to which such drawer or person is discharged, shall be a creditor, in lieu of such drawer or person, of such bank to the extent of such discharge, and entitled to recover the amount from it.

74. The duty and authority of a bank to pay a cheque drawn on it by its customer are terminated by—

(*a.*) Countermand of payment ;

(*b.*) Notice of the customer's death.

Crossed Cheques.

75. Where a cheque bears across its face an addition of—

(*a.*) The word "bank" between two parallel transverse lines, either with or without the words "not negotiable ;" or

(*b.*) Two parallel transverse lines simply, either with or without the words "not negotiable ;"

That addition constitutes a crossing, and the cheque is crossed generally :

2. Where a cheque bears across its face an addition of the name of a bank, either with or without the words "not negotiable," that addition constitutes a crossing, and the cheque is crossed specially and to that bank.

76. A cheque may be crossed generally or specially by the drawer :

2 Where a cheque is uncrossed, the holder may cross it generally or specially :

3. Where a cheque is crossed generally, the holder may cross it specially :

4. Where a cheque is crossed generally or specially, the holder may add the words "not negotiable :"

5. Where a cheque is crossed specially the bank to which it is crossed may again cross it specially, to another bank for collection :

6. Where an uncrossed cheque, or a cheque crossed generally, is sent to a bank for collection, it may cross it specially to itself :

7. A crossed cheque may be reopened or uncrossed by the drawer writing between the transverse lines, and initialling the same, the words "pay cash."

77. A crossing authorized by this Act is a material part of the cheque ; it shall not be lawful for any person to obliterate or, except as authorized by this Act, to add to or alter the crossing.

78. Where a cheque is crossed specially to more than one bank, except when crossed to another bank as agent for collection, the bank on which it is drawn shall refuse payment thereof :

2. Where the bank on which a cheque so crossed is drawn, nevertheless pays the same, or pays a cheque crossed generally otherwise than to a bank, or, if crossed specially, otherwise than to the bank to which it is crossed, or to the bank acting as its agent for collection, it is liable to the true owner of the cheque for any loss he sustains owing to the cheque having been so paid :

Provided, that where a cheque is presented for payment which does not at the time of presentment appear to be crossed, or to have had a crossing which has been obliterated, or to have been added to or altered otherwise than as authorized by this Act, the bank paying the cheque in good faith and without negligence shall not be responsible or incur any liability, nor shall the payment be questioned by reason of the cheque having been crossed, or of the crossing having been obliterated or having been added to or altered otherwise than as authorized by this Act, and of payment having been made otherwise than to a bank or to the bank to which the cheque is or was crossed, or to the bank acting as its agent for collection, as the case may be.

79. Where the bank, on which a crossed cheque is drawn, in good faith and without negligence pays it, if crossed generally, to a bank, or, if crossed specially, to the bank to which it is crossed, or to a bank acting as its agent for collection, the bank paying the cheque, and if the cheque has come into the hands of the payee, the drawer, shall respectively be entitled to the same rights and be placed in the same position as if payment of the cheque had been made to the true owner thereof.

80. Where a person takes a crossed cheque which bears on it the words "not negotiable," he shall not have and shall not be capable of giving a better title to the cheque than that which had the person from whom he took it.

81. Where a bank, in good faith and without negligence, receives for a customer payment of a cheque crossed generally or specially to itself, and the customer has no title, or a defective title thereto, the bank shall not incur any liability to the true owner of the cheque by reason only of having received such payment.

PART IV.

PROMISSORY NOTES.

82. A promissory note is an unconditional promise in writing made by one person to another, signed by the maker, engaging to pay, on demand or at a fixed or determinable future time, a sum certain in money, to, or to the order of, a specified person, or to bearer:

2. An instrument in the form of a note payable to maker's order is not a note within the meaning of this section, unless and until it is indorsed by the maker:

3. A note is not invalid by reason only that it contains also a pledge of collateral security with authority to sell or dispose thereof:

4. A note which is, or on the face of it purports to be, both made and payable within Canada, is an inland note: any other note is a foreign note.

83. A promissory note is inchoate and incomplete until delivery thereof to the payee or bearer.

84. A promissory note may be made by two or more makers, and they may be liable thereon jointly, or jointly and severally, according to its tenor:

2. Where a note runs "I promise to pay," and is signed by two or more persons, it is deemed to be their joint and several note.

85. Where a note payable on demand has been indorsed, it must be presented for payment within a reasonable time of the indorsement: if it is not so presented, the indorser is discharged; if however, with the assent of the indorser it has been delivered as a collateral or continuing security it need not be presented for payment so long as it is held as such security:

2. In determining what is a reasonable time, regard shall be had to the nature of the instrument, the usage of trade, and the facts of the particular case:

3. Where a note payable on demand is negotiated, it is not deemed to be overdue, for the purpose of affecting the holder with defects of title of which he had no notice, by reason that it appears that a reasonable time for presenting it for payment has elapsed since its issue.

86. Where a promissory note is in the body of it made payable at a particular place, it must be presented for payment at that place. But the maker is not discharged by the omission to present the note for payment on the day that it matures. But if any suit or action is instituted thereon against him before presentation, the costs thereof shall be in the discretion of the court. If no place of payment is specified in the body of the note, presentment for payment is not necessary in order to render the maker liable:

2. Presentment for payment is necessary in order to render the indorser of a note liable:

3. Where a note is in the body of it made payable at a particular place, presentment at that place is necessary in order to render an indorser liable; but when a place of payment is indicated by way of memorandum only, presentment at that place is sufficient to render the indorser liable, but a presentment to the maker elsewhere, if sufficient in other respects, shall also suffice.

87. The maker of a promissory note, by making it—

(*a.*) Engages that he will pay it according to its tenor;

(*b.*) Is precluded from denying to a holder in due course the existence of the payee and his then capacity to indorse.

88. Subject to the provisions in this part, and except as by this section provided, the provisions of this Act relating to bills of exchange apply, with the necessary modifications, to promissory notes:

2. In applying those provisions the maker of a note shall be deemed to correspond with the acceptor of a bill, and the first indorser of a note shall be deemed to correspond with the drawer of an accepted bill payable to drawer's order:

3. The following provisions as to bills do not apply to notes, namely, provisions relating to—

(*a.*) Presentment for acceptance;
(*b.*) Acceptance;
(*c.*) Acceptance *suprâ* protest;
(*d.*) Bills in a set:

4. Where a foreign note is dishonored, protest thereof is unnecessary, except for the preservation of the liabilities of indorsers.

PART V.

SUPPLEMENTARY.

89. A thing is deemed to be done in good faith, within the meaning of this Act, where it is in fact done honestly whether it is done negligently or not.

90. Where, by this Act, any instrument or writing is required to be signed by any person, it is not necessary that he should sign it with his own hand, but it is sufficient if his signature is written thereon by some other person by or under his authority:

2. In the case of a corporation, where, by this Act, any instrument or writing is required to be signed, it is sufficient if the instrument or writing is duly sealed with the corporate seal; but nothing in this section shall be construed as requiring the bill or note of a corporation to be under seal.

91. Where, by this Act, the time limited for doing any act or thing is less than three days, in reckoning time, non-business days are excluded: "non-business days," for the purposes of this Act, mean the days mentioned in the fourteenth section of this Act; any other day is a business day.

92. For the purposes of this Act, where a bill or note is required to be protested within a specified time or before some further proceeding is taken, it is sufficient that the bill or note has been noted for protest before the expiration of the specified time or the taking of the proceeding; and the formal protest may be extended at any time thereafter as of the date of the noting.

93. Where a dishonored bill is authorized or required to be protested, and the services of a notary cannot be obtained at the place where the bill is dishonored, any justice of the peace resident in the place may present and protest such bill and give all necessary notices, and shall have all the necessary powers of a notary in respect thereto:

2. The expense of noting and protesting any bill or note, and the postages thereby incurred, shall be allowed and paid to the holder in addition to any interest thereon:

3. Notaries may charge the fees in each Province heretofore allowed them:

4. The forms in the first schedule to this Act may be used in noting or protesting any bill or note and in giving notice thereof. A copy of the bill or note and indorsement may be included in the forms, or the original bill or note may be annexed and the necessary changes in that behalf made in the forms;

5. A protest of any bill or note, and any copy thereof as copied by the notary or justice of the peace, shall, in any action be *primâ facie* evidence of presentation and dishonor, and also of service of notice of such presentation and dishonor as stated in such protest.

94. The provisions of this Act as to crossed cheques shall apply to a warrant for payment of dividend.

95. The enactments mentioned in the second schedule to this Act are hereby repealed, as from the commencement of this Act, to the extent in that schedule mentioned:

Provided, that such repeal shall not affect anything done or suffered, or any right, title or interest acquired or accrued before the commencement of this Act, or any legal proceeding or remedy in respect of any such thing, right, title or interest;

2. Nothing in this Act or in any repeal effected thereby shall affect the provisions of "*The Bank Act:*"

3. The Act of the Parliament of Great Britain passed in the fifteenth year of the reign of His late Majesty George III, intituled "An Act to restrain the negotiation of Promissory Notes and Inland Bills of Exchange under a limited sum within that part of Great Britain called England," and the Act of the said Parliament passed in the seventeenth year of His said Majesty's reign, intituled "An Act for further restraining the negotiation of Promissory Notes and Inland Bills of Exchange under a limited sum within that part of Great Britain called England," shall not extend to or be in force in any Province of Canada, nor shall the said Acts make void any bills, notes, drafts or orders which have been or may be made or uttered therein.

96. Where any Act or document refers to any enactment repealed by this Act, the Act or document shall be construed and shall operate as if it referred to the corresponding provisions of this Act.

97. This Act shall come into force on the first day of September next.

BUOYAGE OF DANGERS IN GEORGIAN BAY.

I. Kennedy's Bank.—A spar buoy, marked with white and black horizontal bands, has been placed in 6½ fathoms of water on Kennedy's bank, which, with 9 feet water over it, lies on the north-east coast of the Georgian Bay. The position of Kennedy's rock was described in Notice to Mariners No. 19 of 1889.

The buoy bears west, and is distant $3\frac{9}{10}$ miles from the highest Black Bill Island. The water is good close north-east of the buoy, but a vessel passing south-west should give it a berth of half a mile.

II. Morden Rock.—A similar buoy has been placed in 6½ fathoms 100 yards south-westward of Morden rock, with 8 feet of water on it, situate 3 miles southward of the line of the Byng Inlet range lights, on the same coast.

The buoy bears S.W. by W. ½ W., and is distant 2¼ miles from Red rock of Byng Inlet.

Although there is deep water all round this rock it is advisable for a vessel to pass south-westward of it and the buoy.

This Notice affects Admiralty Charts Nos. 327 and 678.

I. FOOTE'S DOCK BEACON LIGHT.

A beacon light established by the Government of Canada at Foote's Dock, Point aux Pins, in the River St. Mary above the Sault, in the District of Algoma, and Province of Ontario, was put in operation on the 4th instant.

Position, taken from Admiralty Chart 320,

Lat. N. 46° 28' 30"
Long. W. 84° 27' 15"

The light is fixed red shown from a small lenticular lantern hoisted on a mast. It is elevated 24 feet above the water and should be visible 5 miles up and down the river. The mast is 20 feet high.

This light stands at the shore end of the dock, near the bank of the river, and is intended as a guide to clear the shoals on the south side of the river from Point aux Pins to the entrance to the Canal.

II. POINT AUX PINS LIGHT.

The light at Foote's Dock is situated a short distance south-west of the spot erroneously indicated on the Admiralty Charts as the site of the Point aux Pins Light, which actually stands on the south extreme of the sand spit nearly a mile southwestwardly of Foote's Dock, in Lat. N. 46° 27' 50", Long. W. 84° 28' 0".

III. CORBAY POINT LIGHT.

The position of Corbay Point Light in Batchewana (Bachewauaung) Bay, is wrongly given in the List of Lights. It should be Lat. N. 46° 53' 35", Long. W. 84° 36' 5".

This Notice affects Admiralty Charts Nos. 320 and 324, and Canadian List of Lights Nos. 249, 249*a* and 250.

DAY BEACONS AT POINT AU BARIL.

Two white beacons have been erected under the direction of Staff Commander J. G. Boulton, R. N., Georgian Bay Hydrographic Survey, on the shore 2 miles north-westward of Point au Baril front range lighthouse, on the east shore of the Georgian Bay, in the District of Parry Sound and Province of Ontario. Kept in line bearing N.E. ⅛ E., they will lead a vessel north-west of the shoals between the Black Bills and Point au Baril.

This range will be found serviceable in daylight, to a vessel proceeding to Point au Baril harbor from the south-eastward. It intersects the line of the Point au Baril range lighthouses, at 2⅛ miles distant from the front one of the latter.

This notice affects Admiralty Charts Nos. 327 and 678.

NOTICE TO MARINERS.

No. 28 of 1890.

BEACONS IN INSIDE CHANNEL, BETWEEN POINT AU BARIL AND PARRY SOUND.

The following information has been forwarded by Staff-Commander J. G. Boulton, R. N., Georgian Bay Hydrographic Survey :

Fifteen beacons (6 red and 9 white) have been erected between Twin I., Sha-wa-na-ga Bay and Pt. au Baril, to assist in the navigation of part ot the inside channel leading to Parry Sound, on the east coast of the Georgian Bay, in the District of Parry Sound, Province of Ontario. These beacons are not placed as ranges to clear shoals nor is it intended that a vessel should rigidly steer from one to the other, but like the larger beacons in Parry Sound itself, they are for the purpose of affording to a stranger an indication of the route among the numerous islands which characterize this shore.

In proceeding toward Parry Sound, a vessel should keep the red beacons on her starboard hand.

When the chart of this portion of the coast and the accompanying Sailing Directions are printed, there should be no difficulty in navigating this beaconed part of the inside channel, with a vessel drawing 13 feet. Pending their publication, however, a few directions are now given, with a description of these beacons, which may assist a stranger drawing not more than 10½ feet water in getting through.

The portion of the inside channel embrace between Twin Island and Point au Baril, may be divided into three portions or reaches, the southern, widest and longest, being a part of Sha-wa-na-ga Bay, the northern and narrowest division may be termed the Point au Baril reach, the remaining portion being considered the middle reach.

Of the beacons, four are erected in She-wa-na-ga Bay, viz : a red one surmounted by a white square on the south-east point of Twin Island, a similar one on extremity of Grave or Bald Island, a white beacon and triangle on the summit of Lloyd Island (situated near the latter), and another of the same character on Turning Island at the Junction of Sha-wa-na-ga Bay with middle reach.

To lead clear of the dangers between Twin and Grave Islands, Turning Island should be kept its breadth open eastward of Grave Island.

Between the last mentioned Islands, a vessel may steer from one beacon to the other.

In the middle reach, there are three beacons, which includes that on Turning Island ; the little rock on which the centre one is placed being named Pym Rock. The western white beacon is placed on Sedgewick Point near the junction of the middle and Point au Baril reaches. Between Pym Rock and Sedgewick Point beacons a vessel should keep nearer the north shore to avoid a rock with 6 feet water over it, lying on the south side of the channel. At the present time there is on this rock a red flag buoy, which will no doubt remain in position if the rafts do not drag it away.

In the Point au Baril reach there are 9 beacons, 4 of which are red, to be kept as before stated, on the starboard hand when proceeding to Parry Sound.

The southernmost red beacons are opon Abbott and Passage Islands, between the latter of which and Sedgewick Point is the narrow channel generally used, although (as will be seen when the chart is published) the channel between the next island and Abbott Island is both broader and deeper.

If using the narrow channel keep rather nearer Sedgewick Point than Passage Island, and a vessel will carry fifteen feet water and avoid a shallow rocky spur making out from Passage Island.

When through these narrows, the first white beacon come to, marks the south point of a bight, the coast of which a vessel should follow round, in order to avoid a rock with eight feet water over it, abreast of and connected with an island with a pole on it.

In the bottom of this bight a pair of small white beacons should be kept in line to lead east of this danger, and between the shoals 155 yards north of it, with 14 feet water.

From this to Point au Baril harbor a vessel has only to keep in the middle of the channel pointed out by the remaining beacons.

When past the northern white beacon on Sidney Island the front lighthouse may be steered for ; and if going out into Georgian Bay care must be taken to avoid the rock with 4 feet water on it, lying in the middle of the passage north of Double Island, by keeping close to its north point marked by the fishermen with a pole and red barrel.

This notice affects Admiralty Charts Nos. 327 and 678.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Quebec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle adopté par la Chambre, le 23 juin 1887, dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression.

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer

à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré, durant trois mois, entre l'expiration de la dernière session parlementaire avant l'avis et la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extra-judiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

WHEREAS by the Extradition Acts, 1870 and 1873, it was amongst other things enacted that, where an arrangement has been made with any foreign State with respect to the surrender to such State of any fugitive criminals, Her Majesty may, by Order in Council, direct that the said Acts shall apply in the case of such foreign State; and that Her Majesty may, by the same or any subsequent Order, limit the operation of the Order, and restrict the same to fugitive criminals who are in or suspected of being in the part of Her Majesty's Dominions specified in the Order, and render the operation thereof subject to such conditions, exceptions and qualifications as may be deemed expedient; and that if, by any law made after the passing of the Act of 1870 by the Legislature of any British possession, provision is made for carrying into effect within such possession the surrender of fugitive criminals who are in or suspected of being in such British possession, Her Majesty may, by the Order in Council applying the said Acts in the case of any foreign State, or by any subsequent Order, suspend the operation within any such British possession of the said Acts, or of any part thereof, so far as it relates to such foreign State, and so long as such law continues in force there, and no longer.

AT THE COURT AT OSBORNE HOUSE, ISLE OF WIGHT,

The 23rd day of July, 1889.

PRESENT :

The QUEEN'S Most Excellent Majesty in Council.

WHEREAS by the Merchant Shipping Act Amendment Act, 1862, it is enacted that whenever it is made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act have been adopted by the Government of any foreign country, and are in force in that country, it shall be lawful for Her Majesty by Order in Council to direct that the ships of such foreign country shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers, and thereupon it shall no longer be necessary for such ships to be re-measured in any port or place in Her Majesty's Dominions, but such ships shall be deemed to be of the tonnage denoted in their certificates of registry or other papers in the same manner, to the same extent, and for the same purposes in, to, and for which the tonnage denoted in the certificates of registry of British ships is to be deemed the tonnage of such ships :

And whereas by the Merchant Shipping Act, 1876, it is enacted that " where Her Majesty has power " under the Merchant Shipping Act, 1854, or any Act " passed or hereafter to be passed amending the same " to make an Order in Council, it shall be lawful for " Her Majesty from time to time to make such Order " in Council, and by Order in Council to revoke, alter, " or add to any order so made : "

And whereas it was made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships in force under the Merchant Shipping Act, 1854, had been adopted by the Government of His Majesty the German Emperor, with the exception of a difference in the mode in certain steamers of estimating the allowance for engine room, and such rules were in force in that country and came into operation on the 1st day of January, 1873 :

And whereas by Order in Council dated the 26th day of June, 1873, Her Majesty was pleased to direct as follows :

1. As regards sailing ships, that merchant sailing ships of the said German Empire the measurement whereof should, after the said 1st day of January, 1873, have been ascertained and denoted in the registers and other national papers of such sailing ships testified by the date thereof should be deemed to be of the tonnage denoted in such registers and other national papers in the manner and to the same extent and for the same purpose in, to, and for which the tonnage denoted in the certificate of registry of British sailing ships is deemed to be the tonnage of such ships.
2. As regards steam ships, that merchant ships belonging to the said German Empire which are propelled by steam, or any other power requiring engine room, the measurement whereof should, after the said 1st day of January, 1873, have been ascertained and denoted in the registers and other national papers of such steam ships testified by the dates thereof, should be deemed to be of the tonnage denoted on such registers or other national papers in the same manner and to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificate of Registry of British ships is deemed to be the tonnage of such ships. Provided nevertheless, that should the owner or master of any such German steam ship desire the deduction for engine room in his ship to be estimated under the rules for engine-room measurement and deduction applicable to British ships instead of under the German rule, the engine room should be measured and the deduction calculated according to the British rules.

And whereas it has been made to appear to Her Majesty that a new Imperial Ordinance, which came into operation on the 20th day of June, 1888, stipulates that the owners of German steamships may have the net tonnage of their vessels calculated according to British as well as according to German rules, and shall have issued to them a separate certificate to be used in foreign countries, showing the net tonnage calculated according to British rules :

And whereas it has been made to appear desirable to Her Majesty that the provisions of the said recited Order in Council of the 26th day of June, 1873, should be revoked, and a new Order in Council made and substituted in lieu thereof :

Now, THEREFORE, Her Majesty, in virtue of the powers vested in Her by the said recited Acts, and by and with the advice of Her Privy Council, is pleased to direct that the said recited Order of the 26th day of June, 1873, shall be and the same is hereby revoked, and in lieu thereof, and in substitution therefor, Her Majesty is hereby pleased, by and with the advice of Her Privy Council, to direct as follows :—

1. As regards sailing ships, that merchant sailing ships of the said German Empire, the measurement whereof after the said 1st day of January, 1873, has been ascertained and denoted in the registers and other national papers of such sailing ships, testified by the date thereof, shall be deemed to be of the tonnage denoted in such registers and other national papers in the same manner and to the same extent, and for the same purpose into

and for which the tonnage denoted in the certificate of registry of British sailing ships is deemed to be the tonnage of such ships.

2. As regards steamships, that merchant ships belonging to the said German Empire, which are propelled by steam or any other power requiring engine room, the measurement whereof shall, after the 1st day of January, 1873, have been ascertained and denoted in the registers and other national papers of such steamships, testified by the dates thereof shall be deemed to be of the tonnage denoted on such registers or other national papers in the same manner and to the same extent, and for the same purposes in, to, and for which the tonnage in the certificate of registry of British ships is deemed to be the tonnage of such ships. Provided, nevertheless, that if the owner or master of any such German steam ship desires the deduction for engine room in his ship to be estimated under the rules for engine room measurement and deduction applicable to British ships instead of under the German rule, the engine room shall be measured and the deduction calculated according to the British rules; and that, in the event of any such steamship possessing a certificate of tonnage or other national paper issued as aforesaid on or after the 20th day of June, 1888, denoting the net registered tonnage of such ship under the British rules, the ship shall be deemed to be of the tonnage so denoted thereon.

HIS Excellency the Governor General, by and with the advice of the Queen's Privy Council for Canada, has been pleased to authorize the issue of the following circular to the several collectors of Canal tolls.

JOHN J. McGEE,

Circular.

DEPARTMENT OF RAILWAYS AND CANALS.

OTTAWA, 1890.

SIR,—Whereas it is provided by Section 9 of the Act 49 Victoria, chapter 98, Revised Statutes of Canada 1886, that "All Collectors of Customs, Officers of " Canals and all other Government Officers when re-" quested to do so, shall co-operate with the Collector " of tolls and dues and his assistants, with the view of " preventing the transport of timber, lumber or saw-" logs and the products thereof until the tolls and dues " thereon are secured."

I am, Sir,

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, 7th day of June, 1890.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency, in pursuance of the provisions of Item one of Section 10, of the Act 53 Victoria, chapter 20, intituled "An Act to amend the Acts respecting the duties of Customs," and by and with the advice of the Queen's Privy Council for Canada, is pleased to establish the following Regulations respecting the manner of determining the strength of imported Acetic and Pyroligneous Acid and Vinegar, and the same are hereby established accordingly, namely :

1. Samples of about one gill each, taken indiscriminately from one package of ten if in barrels, or one in twenty if in other packages, of all importations of acetic and pyroligneous acids and vinegar dutiable under Item one of Section 10 of the Act above cited shall be submitted to test, and the result shall determine the amount of duty payable thereon.

2. The testing shall be done at such ports and by such officers as the Minister of Customs may direct and in the following manner, viz :

3. A standard solution of sodium hydrate (Na H.O.) of such strength that two volumes thereof shall exactly neutralize one volume of such acid or vinegar when of the standard strength of proof, shall be from time to time furnished by the Minister of Customs to the Officers to whom he may assign the duty of testing the strength of such acids or vinegar, together with two specially graduated burettes and such other apparatus as may be by him deemed advisable, as well as a solution of phenol-phthalein to be used as an indicator.

4. The solutions shall be by the officers to whom entrusted at all times kept in well-stoppered bottles in a cool place, and any of the soda solution once taken from the bottle shall not be again returned thereto.

5. The shorter of the two burettes supplied shall be used for the acid or vinegar and the longer for the soda solution. They shall be at all times kept perfectly clean and immediately before using each rinsed with a small quantity of the acid, vinegar or soda for which it is to be used — such rinsings to be carefully disposed of in such manner as to ensure that it shall not become mingled with any of that used in making the test.

6. The acid or vinegar burette shall then be filled with the sample to be tested to a point about one inch above the upper 0 line, and carefully drawn off by means of the pinch-cock through the rubber tube exactly down to the 0 line, the bottom of the meniscus or curved line of the liquid exactly touching the line when the eye is on the same level.

The drawing down must be carefully done and in such manner as to ensure the exclusion of all air bubbles from the rubber tube both below and above the pinch cock. A slight pressure with the thumb and finger will send them to the surface.

7. The acid or vinegar shall then be cautiously drawn into the receiving cup until the bottom of the meniscus touches the upper 3 line.

There shall then be added to the quantity so drawn into the receiving cup, distilled water of not less than about an equal quantity to that of the acid or vinegar therein in case such acid or vinegar is apparently weak or is light colored, and a greater quantity in proportion to its apparent or suspected strength using for very strong acid or dark colored vinegar four or five times its bulk, the exact quantity being immaterial.

8. To the acid or vinegar so reduced shall then be carefully added by means of a small pipette, ten drops of the phenol-phthalein, and the mixture carefully stirred with a glass rod or agitated with a rotary motion in such manner as to ensure its perfect admixture with the diluted acid or vinegar.

9. The larger burette shall be filled in like manner with the soda solution, the same precautions being taken to expel the air bubbles etc.

10. The soda solution shall then be carefully and slowly drawn into the receiving cup containing the acid or vinegar and phenol-phthalein mixture, the contents of the cup being constantly stirred with the glass rod or agitated by a rotary motion in manner to ensure a perfect mingling of the solution with the contents of the cup, the eye being kept constantly on the contents of the cup to detect the first indications of an approaching neutralization of the acid contained therein, which will be by the instantaneous appearance of a distinct though fleeting red-purple color on the surface of the contents of the cup at the point where the soda strikes when falling thereon.

At this point great care shall be taken and the soda solution allowed to fall into the cup drop by drop, until by the addition of one single drop the whole contents of the cup assumes the red purple color which does not disappear on stirring or agitating, but remains permanent.

11. The quantity of the soda solution thus used as shown by the graduation marks on the burette indicates the strength of the acid or vinegar; thus, if the quantity used is less than 6 on the scale, the acid or vinegar is under proof as defined by the Act item above cited; if the quantity used is 6 on the scale, the sample is exactly the strength of proof; if the quantity used is 7 on the scale, the sample is one degree over proof, and so on, the figures on the scale indicating the exact degrees of strength.

12. In order to check the test, the acid or vinegar remaining in the burette shall then be carefully run down to the lower 0 line and the contents then drawn from such line down to the lower 3 line into the contents of the receiving cup, a little more distilled water and five drops of the phenol-phthalein added thereto, and the soda solution again added in the same manner as above, and if the same quantity of soda solution or an excess not exceeding two drops is required to restore the permanent red purple color, the test shall be considered as satisfactory, and the result shall govern the duty payable under the terms of the said item of the said Section 10 of the Act above referred to.

His Excellency is also pleased to order that the Order in Council of the 27th day of June, 1884, as well as Section 4 of chapter 13 of the Consolidated Orders in Council dated the 25th day of July, 1888, establishing the standard for imported vinegar, shall be and the same are hereby cancelled.

Clerk, Privy Council.

BUOYAGE OF DANGERS IN GEORGIAN BAY.

I. KENNEDY'S BANK.—A spar buoy, marked with white and black horizontal bands, has been placed in 6½ fathoms of water on Kennedy's bank, which, with 9 feet water over it, lies on the north-east coast of the Georgian Bay. The position of Kennedy's rock was described in Notice to Mariners No. 19 of 1889.

The buoy bears west, and is distant 3$\frac{9}{10}$ miles from the highest Black Bill Island. The water is good close north-east of the buoy, but a vessel passing south-west should give it a berth of half a mile.

II. MORDEN ROCK.—A similar buoy has been placed in 6½ fathoms 100 yards south-westward of Morden rock, with 8 feet of water on it, situate 3 miles southward of the line of the Byng Inlet range lights, on the same coast.

The buoy bears S.W. by W. ½ W., and is distant 2¼ miles from Red rock of Byng Inlet.

Although there is deep water all round this rock it is advisable for a vessel to pass south-westward of it and the buoy.

I. FOOTE'S DOCK BEACON LIGHT.

A beacon light established by the Government of Canada at Foote's Dock, Point aux Pins, in the River St. Mary above the Sault, in the District of Algoma, and Province of Ontario, was put in operation on the 4th instant.

Position, taken from Admiralty Chart 320,

Lat.	N.	46°	28'	30"
Long.	W.	84°	27'	15"

The light is fixed red shown from a small lenticular lantern hoisted on a mast. It is elevated 24 feet above the water and should be visible 5 miles up and down the river. The mast is 20 feet high.

This light stands at the shore end of the dock, near the bank of the river, and is intended as a guide to clear the shoals on the south side of the river from Point aux Pins to the entrance to the Canal.

II. POINT AUX PINS LIGHT.

The light at Foote's Dock is situated a short distance south-west of the spot erroneously indicated on the Admiralty Charts as the site of the Point aux Pins Light, which actually stands on the south extreme of the sand spit nearly a mile southwestwardly of Foote's Dock, in Lat. N. 46° 27' 50", Long. W. 84° 28' 0".

III. CORBAY POINT LIGHT.

The position of Corbay Point Light in Batchewana (Bachewauaung) Bay, is wrongly given in the List of Lights. It should be Lat. N. 46° 53' 35", Long. W. 84° 36' 5".

NOTICE TO MARINERS.

No. 28 of 1890.

BEACONS IN INSIDE CHANNEL, BETWEEN POINT AU BARIL AND PARRY SOUND.

The following information has been forwarded by Staff-Commander J. G. Boulton, R. N., Georgian Bay Hydrographic Survey :

Fifteen beacons (6 red and 9 white) have been erected between Twin I., Sha-wa-na-ga Bay and Pt. au Baril, to assist in the navigation of part ot the inside channel leading to Parry Sound, on the east coast of the Georgian Bay, in the District of Parry Sound, Province of Ontario. These beacons are not placed as ranges to clear shoals nor is it intended that a vessel should rigidly steer from one to the other, but like the larger beacons in Parry Sound itself, they are for the purpose of affording to a stranger an indication of the route among the numerous islands which characterize this shore.

In proceeding toward Parry Sound, a vessel should keep the red beacons on her starboard hand.

When the chart of this portion of the coast and the accompanying Sailing Directions are printed, there should be no difficulty in navigating this beaconed part of the inside channel, with a vessel drawing 13 feet. Pending their publication, however, a few directions are now given, with a description of these beacons, which may assist a stranger drawing not more than 10½ feet water in getting through.

The portion of the inside channel embrace between Twin Island and Point au Baril, may be divided into three portions or reaches, the southern, widest and longest, being a part of Sha-wa-na-ga Bay, the northern and narrowest division may be termed the Point au Baril reach, the remaining portion being considered the middle reach.

Of the beacons, four are erected in She-wa-na-ga Bay, viz : a red one surmounted by a white square on the south-east point of Twin Island, a similar one on extremity of Grave or Bald Island, a white beacon and triangle on the summit of Lloyd Island (situated near the latter), and another of the same character on Turning Island at the Junction of Sha-wa-na-ga Bay with middle reach.

To lead clear of the dangers between Twin and Grave Islands, Turning Island should be kept its breadth open eastward of Grave Island.

Between the last mentioned Islands, a vessel may steer from one beacon to the other.

In the middle reach, there are three beacons, which includes that on Turning Island ; the little rock on which the centre one is placed being named Pym Rock. The western white beacon is placed on Sedgewick Point near the junction of the middle and Point au Baril reaches. Between Pym Rock and Sedgewick Point beacons a vessel should keep nearer the north shore to avoid a rock with 6 feet water over it, lying on the south side of the channel. At the present time there is on this rock a red flag buoy, which will no doubt remain in position if the rafts do not drag it away.

In the Point au Baril reach there are 9 beacons, 4 of which are red, to be kept as before stated, on the starboard hand when proceeding to Parry Sound.

The southernmost red beacons are opon Abbott and Passage Islands, between the latter of which and Sedgewick Point is the narrow channel generally used, although (as will be seen when the chart is published) the channel between the next island and Abbott Island is both broader and deeper.

If using the narrow channel keep rather nearer Sedgewick Point than Passage Island, and a vessel will carry fifteen feet water and avoid a shallow rocky spur making out from Passage Island.

When through these narrows, the first white beacon come to, marks the south point of a bight, the coast of which a vessel should follow round, in order to avoid a rock with eight feet water over it, abreast of and connected with an island with a pole on it.

In the bottom of this bight a pair of small white beacons should be kept in line to lead east of this danger, and between the shoals 155 yards north of it, with 14 feet water.

From this to Point au Baril harbor a vessel has only to keep in the middle of the channel pointed out by the remaining beacons.

When past the northern white beacon on Sidney Island the front lighthouse may be steered for; and if going out into Georgian Bay care must be taken to avoid the rock with 4 feet water on it, lying in the middle of the passage north of Double Island, by keeping close to its north point marked by the fishermen with a pole and red barrel.

This notice affects Admiralty Charts Nos. 327 and 678.

L'on remarquera que la convention est devenue exécutoire le 4 courant, conformément à l'article IX.

J'ai l'honneur d'être,
Milord,
Votre très obéissant serviteur,

Extrait de la *Gazette de Londres,* de mardi, 25 mars 1890.

ARRÊTÉ EN CONSEIL.

EXTRADITION ENTRE LA GRANDE-BRETAGNE ET LES ETATS-UNIS.

AU CHATEAU DE WINDSOR,
21 mars 1890.

PRÉSENTS :

Sa Très Excellente Majesté la REINE.

Le lord Président,
Le duc de Rutland,
Le lord Chambellan,
Le comte de Coventry,
Sir William Field.

CONSIDÉRANT que par les *Actes d'Extradition,* 1870 et 1873, il est statué, entre autres choses, que chaque fois qu'un arrangement aura été conclu avec un Etat étranger au sujet de la reddition à cet Etat des criminels fugitifs, Sa Majesté pourra ordonner par arrêté en conseil que les dits actes s'appliqueront à l'égard de l'Etat étranger en question ; et que Sa Majesté pourra, par le même ou par un arrêté subséquent, restreindre l'opération du dit arrêté et limiter son application aux criminels fugitifs qui se trouvent ou sont supposés se trouver dans la partie des possessions de Sa Majesté spécifiées dans l'arrêté, et en rendre l'exécution sujette aux conditions, exceptions et restrictions qui pourront être jugées convenables ; et que si, par quelque loi adoptée après la sanction de l'Acte de 1870 par la législature de toute possession britannique, il est pourvu à l'extradition des criminels fugitifs qui se trouvent ou sont soupçonnés se trouver dans cette possession britannique, Sa Majesté pourra, par un arrêté en conseil, appliquer les dits actes à l'égard de tout Etat étranger, ou par tout arrêté subséquent suspendre la mise en opération, dans toute telle possession britannique, des dits actes ou de toute partie de ces actes, en tant qu'ils se rapportent à cette puissance étrangère, et aussi longtemps que ces lois continueront d'y être en vigueur, mais pas plus longtemps ;

Et considérant que dans un acte du parlement du Canada, passé en 1886, intitulé “Acte concernant l'extradition de criminels fugitifs,” il est pourvu à la reddition des criminels fugitifs qui se trouvent ou pourront se trouver au Canada ;

Et considérant que par un arrêté de Sa Majesté en conseil, en date du dix-septième jour de novembre mil huit cent quatre-vingt-huit, il est décrété que l'opération des Actes d'extradition de 1870 et 1873 sera suspendue au Canada tant que les dispositions du dit acte du parlement du Canada de 1886 continueront en vigueur et pas plus longtemps ;

Et considérant qu'une convention a été conclue le douzième jour de juillet mil huit cent quatre-vingt-neuf, entre Sa Majesté et les Etats-Unis d'Amérique, pour l'extradition mutuelle des criminels fugitifs, laquelle convention est rédigée comme suit :—

“Considérant que le Xe article du traité conclu entre Sa Majesté Britannique et les Etats-Unis d'Amérique le neuvième jour d'août mil huit cent quarante-deux, pourvoit à l'extradition de personnes accusées de certains crimes ;

“Et considérant que les hautes parties contractantes désirent aujourd'hui que les dispositions du dit article embrassent certains crimes qui n'y sont pas spécifiés, et s'appliquent aux fugitifs trouvés coupables des crimes spécifiés dans le dit article et dans la présente convention ;

“Les dites hautes parties contractantes ont nommé pour leurs plénipotentiaires à l'effet de conclure une convention dans ce but, savoir :—

“Sa Majesté la Reine du Royaume-Uni et de la Grande-Bretagne et d'Irlande : Sir Julian Pauncefote, chevalier grand-croix de l'Ordre très-distingué de Saint-Michel et Saint-George, chevalier commandeur du très-honorable Ordre du Bain, et envoyé extraordinaire et ministre plénipotentiaire de Sa Majesté Britannique près les Etats-Unis ;

“Et le Président des Etats-Unis d'Amérique : James G. Blaine, Secrétaire d'Etat des Etats-Unis ;

“Lesquels, après s'être communiqué leurs pleins pouvoirs respectifs, trouvés en bonne et due forme, ont conclu les articles suivants :—

“ARTICLE I.

“Les dispositions du dit Xe article sont par la présente rendues applicables aux crimes additionnels ci-dessous :—

“1. Homicide, lorsque volontaire.

“2. Contrefaçon ou altération de monnaie ; mise en circulation de monnaie contrefaite ou altérée.

“3. Détournement ; larcin ; recel d'argent, objets de valeur ou autre propriété, sachant qu'ils ont été détournés, volés ou obtenus frauduleusement.

“4. Fraude (abus de confiance) par un administrateur, banquier, agent, commissionnaire, curateur, directeur, membre ou fonctionnaire d'une société quelconque, pour autant que le fait est puni par les lois en vigueur.

“5. Faux serment ou subornation de témoins.

“6. Viol ; enlèvement ; vol d'enfant ; sequestration et détention illégale.

“7. Vol avec effraction ; bris de maison ou de boutique.

“8. Piraterie, d'après le droit des gens.

“9. Révolte ou complot de révolte par deux ou plusieurs personnes à bord d'un navire en haute mer, contre l'autorité du capitaine ; submersion, échouement ou destruction d'un navire en mer, ou tentative ou complot ayant ce crime pour but ; attaque à bord d'un navire en haute mer dans le but de porter de graves lésions corporelles.

“10. Crimes et délits contre les lois des deux pays établies pour la suppression de l'esclavage de la traite des esclaves.

“L'extradition aura également lieu pour complicité à un des crimes mentionnés dans la présente convention ou dans le susdit Xe article, pourvu que cette complicité soit punissable par les lois des deux pays.

“ARTICLE II.

“Un criminel fugitif ne sera pas extradé si le délit pour lequel l'extradition est demandée est considérée comme un délit politique, ou si l'individu prouve que la demande d'extradition a été faite en réalité dans le but de le poursuivre ou de le punir pour un délit d'un caractère politique.

“Aucune personne livrée par l'une des hautes parties contractantes à l'autre, ne sera sujette d'être jugée ni ne sera jugée ni punie pour aucun crime ou délit politique, ou aucun acte s'y rattachant, commis antérieurement à son extradition.

“S'il s'élève quelque question quant à savoir si un cas tombe sous l'empire du présent article, la décision des autorités du gouvernement dans la juridiction duquel se trouverait alors le fugitif, sera définitive.

“ARTICLE III.

“Aucune personne livrée par l'une ou l'autre des hautes parties contractantes ne sera susceptible d'être jugée ni ne sera jugée pour aucun crime ou délit commis antérieurement à son extradition, autre que le délit pour lequel elle a été extradée, avant qu'elle n'ait eu l'occasion de retourner dans le pays qui l'a extradée.

“ARTICLE IV.

“Tous les objets saisis en la possession de l'individu réclamé au moment de son arrestation, qu'ils soient le produit du crime ou du délit imputé, ou de nature à servir de pièce de conviction, seront, en tant que possible et si l'autorité compétente de l'Etat requis en a ordonné la remise, livrés lorsque l'extradition aura lieu. Toutefois, les droits des tiers au sujet des articles susdits seront dûment respectés.

"ARTICLE V.

"Si l'individu réclamé par l'une des deux hautes parties contractantes en exécution de la présente convention est aussi réclamé par une ou plusieurs autres puissances, du chef d'autres crimes ou délits commis sur leurs territoires respectifs, son extradition sera accordée à l'Etat dont la demande est la plus ancienne en date,

"Les définitions du présent article, et aussi des articles II et IV inclusivement de la présente convention, s'appliqueront à l'extradition pour délits spécifiés dans le susdit Xe article, aussi bien qu'à l'extradition pour délits spécifiés dans la présente convention.

"ARTICLE VI.

"L'extradition de fugitifs en vertu des dispositions de la présente convention et du dit Xe article se fera, tant dans les possessions de Sa Majesté que dans les Etats-Unis, en conformité des lois concernant l'extradition alors en vigueur dans l'Etat requis.

"ARTICLE VII.

"Les dispositions du dit Xe article et de la présente convention s'appliqueront aux personnes trouvées coupables des délits qui y sont respectivement nommés et spécifiés, pour lesquels sentence n'aura pas été exécutée.

"Dans le cas d'un criminel fugitif réputé avoir été trouvé coupable d'un crime pour lequel son extradition est demandée, une copie du dossier du procès, et de la sentence du tribunal qui l'a jugé, dûment attestée, sera produite, ainsi que la preuve que le prisonnier est bien la personne mentionnée dans la sentence.

"ARTICLE VIII.

"La présente convention ne s'appliquera pas à aucun des crimes y spécifiés qui ont été commis, ou à aucune condamnation qui aura été prononcée antérieurement à l'entrée en vigueur de la convention.

"ARTICLE IX.

"La présente convention sera ratifiée et les ratifications seront échangées à Londres aussitôt que possible,

"Elle sera exécutoire dix jours après sa promulgation, dans les formes prescrites par les lois des hautes parties contractantes, et continuera en vigueur jusqu'à ce que l'une ou l'autre des hautes parties contractantes ait signifié son désir d'y mettre fin, et pas plus longtemps.

"En foi de quoi les soussignés ont signé la présente convention, et y ont apposé le cachet de leurs armes.

"Faite en double, à la cité de Washington, ce douzième jour de juillet, mil huit cent quatre-vingt-neuf.

"[L.S.] JULIAN PAUNCEFOTE,
"[L.S.] JAMES G. BLAINE."

Et attendu que les ratifications de la dite convention ont été échangées à Londres le onzième jour de mars mil huit cent quatre-vingt-dix :

C'est pourquoi Sa Majesté, par et de l'avis de son Conseil privé, et en vertu de l'autorité que lui confèrent les dits actes cités, ordonne et il est par le présent ordonné, que le et après le quatrième jour d'avril mil huit cent quatre-vingt-dix, les dits actes s'appliqueront dans le cas des Etats-Unis d'Amérique, et de la dite convention avec les Etats-Unis d'Amérique.

Pourvu, toujours, et il est par le présent ordonné que l'opération des dits Actes d'extradition 1870 et 1873 sera suspendue dans la Puissance du Canada, en tant qu'il s'agit des Etats-Unis d'Amérique et la dite convention, tant que les dispositions de l'acte canadien de 1886 resteront en vigueur, et pas plus longtemps.

A OSBORNE HOUSE, ILE DE WIGHT.

Le 23e jour de juillet 1889.

PRÉSENTE :

Sa Très Excellente Majesté la REINE en Conseil.

CONSIDÉRANT que par l'*Acte d'amendement de la marine marchande de* 1862, il est statué que lorsqu'il sera représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands alors en vigueur en vertu de l'acte principal, ont été adoptés par le gouvernement d'un pays étranger et sont en vigueur dans ce pays, il sera loisible à Sa Majesté de déclarer, par un arrêté en conseil, que les bâtiments de ce pays étranger seront censés avoir le tonnage indiqué sur leurs certificats d'enregistrement ou autres papiers nationaux, et que dès lors il ne sera plus nécessaire pour ces bâtiments d'être mesurés de nouveau dans un port ou lieu quelconque des possessions de Sa Majesté, mais que ces bâtiments seront censés être du tonnage inscrit sur leurs certificats d'enregistrement ou autres papiers, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur les certificats d'enregistrement des bâtiments britanniques est censé être le tonnage de ces bâtiments :

Et considérant que par l'*Acte de la marine marchande de* 1876, il est statué, que "lorsque Sa Majesté a le "droit, en vertu de l'*Acte de la marine marchande de* "1854, ou de tout autre acte passé ou devant être passé "plus tard, amendant le susdit acte, à rendre un "arrêté en conseil, il sera loisible à Sa Majesté de rendre "de temps à autre un tel arrêté en conseil, et par ce "dernier de révoquer, modifier ou étendre tout arrêté "du conseil ainsi rendu ;"

En considérant qu'il a été représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands maintenant en vigueur sous l'autorité de l'*Acte de la marine marchande de* 1854, ont été adoptés par le gouvernement de Sa Majesté l'Empereur d'Allemagne, à l'exception d'une différence dans le mode adopté par certains vapeurs d'estimer l'espace pour la chambre des machines, et que ces règlements étaient en vigueur dans ce pays-là et sont entrés en vigueur le 1er jour de janvier 1873 ;

Et considérant que par arrêté en conseil du 26 juin 1873, Sa Majesté a bien voulu ordonner comme suit :—

1. En ce qui concerne les bâtiments à voiles,—Que les bâtiments marchands à voiles du dit Empire Allemand, dont le mesurage, le et après le 1er jour de janvier 1873, a été terminé et inscrit dans les certificats d'enregistrement et autres papiers nationaux du bord, attestés par leurs dates, seraient censés être du tonnage inscrit dans ces certificats ou autres documents nationaux, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement des bâtiments marchands britanniques est censé être le tonnage de ces bâtiments.
2. En ce qui concerne les navires à vapeur,—Que les bâtiments marchands appartenant au dit Empire Allemand, et mûs par la vapeur ou autre force motrice, exigeant une chambre des machines, et dont le mesurage, le et après le 1er jour de janvier 1873, a été déterminé et inscrit dans les certificats d'enregistrement ou autres documents nationaux du bord, attestés par leurs dates, seraient censés être du tonnage inscrit dans ces certificats ou autres documents nationaux, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement des bâtiments britanniques est censé être le tonnage de ces bâtiments ; pourvu, toutefois, que si le propriétaire ou le capitaine d'un bâtiment à vapeur allemand désire que la déduction pour la chambre des machines de son bâtiment soit évaluée suivant les règlements concernant le mesurage de la chambre des machines et sa déduction applicables aux bâtiments à vapeur britanniques, au lieu de l'être d'après les règlements allemands, la chambre des machines soit mesurée et la déduction soit calculée suivant les règlements anglais.

Et considérant qu'il a été démontré à Sa Majesté qu'une nouvelle ordonnance royale, qui est devenue en opération le 20me jour de juin 1888, stipule que les certificats de tonnage des bâtiments à vapeur allemand peuvent indiquer leur tonnage net calculé d'après les règlements anglais aussi bien que d'après les règlements allemands, et pourront recevoir un certificat distinct devant servir dans les pays étrangers indiquant le tonnage net calculé d'après les règlements anglais :

Et considérant qu'il a été démontré à Sa Majesté qu'il était opportun que les prescriptions de l'arrêté en conseil précité du 26 juin 1873 fussent révoquées, et que le dit arrêté fût remplacé par un autre :

A ces causes, il a plu à Sa Majesté, en vertu des pouvoirs qui lui sont conférés par les actes précités, et de l'avis et avec le consentement de son Conseil Privé, d'ordonner que le dit arrêté en conseil du 26 juin 1873 soit révoqué, et le dit arrêté est par le présent révoqué, et pour en tenir lieu, il a plu à Sa Majesté, de l'avis et du consentement de son Conseil Privé, d'ordonner comme il suit :

1. En ce qui concerne les bâtiments à voiles :—Que les bâtiments marchands à voiles du dit Empire Allemand, dont de mesurage, le et après le dit 1er jour de janvier 1873, a été déterminé et inscrit dans les certificats d'enregistrement et autres papiers nationaux du bord de ces bâtiments à voiles, attestés par leurs dates, seront censés être du tonnage inscrit dans ces certificats ou autres documents nationaux, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement des bâtiments marchands britanniques est censé être le tonnage de ces bâtiments ;
2. En ce qui concerne les navires à vapeur :—Que les bâtiments marchands appartenant au dit Empire Allemand, et mûs par la vapeur ou autre force motrice exigeant une chambre des machines, et dont le mesurage, le et après le 1er jour de janvier 1873, a été déterminé et inscrit dans les certificats d'enregistrement ou autres documents nationaux du bord de ces vapeurs, attestés par leurs dates, seront censés être du tonnage inscrit dans ces certificats ou autres documents nationaux, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement des bâtiments britanniques est censé être le tonnage de ces bâtiments ; pourvu, toutefois, que si le propriétaire ou le capitaine d'un bâtiment à vapeur allemand désire que la déduction pour la chambre des machines de son bâtiment soit évaluée suivant les règlements concernant le mesurage de la chambre des machines et sa déduction applicables aux bâtiments à vapeur britanniques, au lieu de l'être d'après les règlements allemands, la chambre des machines soit mesurée et la déduction soit calculée suivant les règlements anglais, et que si ce vapeur possède un certificat de tonnage ou autre document national émis comme susdit le ou après le 20e jour de juin 1888, indiquant le tonnage net enregistré de tel navire à vapeur évalué en conformité des règlements anglais, le tonnage du dit vapeur sera censé être le tonnage ainsi inscrit.

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Quebec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle adopté par la Chambre, le 23 juin 1887, dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression.

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le traité du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer

à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré, durant trois mois, entre l'expiration de la dernière session parlementaire avant l'avis et la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comité ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extrajudiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

EDOUARD J. LANGEVIN,

The 21st day of March, 1890.

Lord President,	Earl of Coventry,
Duke of Rutland,	Sir William Field.
Lord Chamberlain,	

WHEREAS by the Extradition Acts, 1870 and 1873, it was amongst other things enacted that, where an arrangement has been made with any foreign State with respect to the surrender to such State of any fugitive criminals, Her Majesty may, by Order in Council, direct that the said Acts shall apply in the case of such foreign State; and that Her Majesty may, by the same or any subsequent Order, limit the operation of the Order, and restrict the same to fugitive criminals who are in or suspected of being in the part of Her Majesty's Dominions specified in the Order, and render the operation thereof subject to such conditions, exceptions and qualifications as may be deemed expedient; and that if, by any law made after the passing of the Act of 1870 by the Legislature of any British possession, provision is made for carrying into effect within such possession the surrender of fugitive criminals who are in or suspected of being in such British possession, Her Majesty may, by the Order in Council applying the said Acts in the case of any foreign State, or by any subsequent Order, suspend the operation within any such British possession of the said Acts, or of any part thereof, so far as it relates to such foreign State, and so long as such law continues in force there, and no longer.

And whereas by an Act of the Parliament of Canada passed in 1886, and intituled "An Act respecting the Extradition of Fugitive Criminals," provision is made for carrying into effect within the Dominion the surrender of fugitive criminals:

And whereas by an Order of Her Majesty the Queen in Council, dated the seventeenth day of November, one thousand eight hundred and eighty-eight, it was directed that the operation of the Extradition Acts 1870 and 1873 should be suspended within the Dominion of Canada so long as the provision of the said Act of the Parliament of Canada of 1886 should continue in force and no longer:

And whereas a Convention was concluded on the twelfth day of July, one thousand eight hundred and eighty-nine, between Her Majesty and the United States of America for the mutual extradition of Fugitive Criminals, which Convention is in the terms following:—

"WHEREAS by the Xth Article of the Treaty concluded between Her Britannic Majesty and the United States of America on the ninth day of August, one thousand eight hundred and forty-two, provision is made for the extradition of persons charged with certain crimes;

"The provisions of the said Xth Article and of this Convention shall apply to persons convicted of the crimes therein respectively named and specified, whose sentence therefor shall not have been executed.

"In case of a fugitive criminal alleged to have been convicted of the crime for which his surrender is asked, a copy of the record of the conviction, and of the sentence of the Court before which such conviction took place, duly authenticated, shall be produced, together with the evidence proving that the prisoner is the person to whom such sentence refers.

"ARTICLE VIII.

"The present Convention shall not apply to any of the crimes herein specified which shall have been committed, or to any conviction which shall have been pronounced, prior to the date at which the Convention shall come into force.

"ARTICLE IX.

"This Convention shall be ratified, and the ratifications shall be exchanged at London as soon as possible.

"It shall come into force ten days after its publication, in conformity with the forms prescribed by the laws of the High Contracting Parties, and shall continue in force until one or the other of the High Contracting Parties shall signify its wish to terminate it, and no longer.

"In witness whereof, the undersigned have signed the same, and have affixed thereto their seals.

"Done in duplicate, at the City of Washington, this twelfth day of July, one thousand eight hundred and eighty-nine.

"(L.S.) JULIAN PAUNCEFOTE.
"(L.S.) JAMES G. BLAINE."

And whereas the ratifications of the said Convention were exchanged at London on the eleventh day of March, one thousand eight hundred and ninety:

Now, therefore, Her Majesty, by and with the advice of Her Privy Council, and in virtue of the authority committed to Her by the said recited Acts, doth order, and it is hereby ordered, that from and after the 4th day of April, one thousand eight hundred and ninety, the said Acts shall apply in the case of the United States of America, and of the said Convention with the United States of America.

Provided always, and it is hereby further ordered, that the operation of the said Extradition Acts, 1870 and 1873, shall be suspended within the Dominion of Canada so far as relates to the United States of America and to the said Convention, and so long as the provisions of the Canadian Act aforesaid of 1886 continue in force, and no longer.

AT THE COURT AT OSBORNE HOUSE, ISLE OF WIGHT,

The 23rd day of July, 1889.

PRESENT:

The QUEEN'S Most Excellent Majesty in Council.

WHEREAS by the Merchant Shipping Act Amendment Act, 1862, it is enacted that whenever it is made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act have been adopted by the Government of any foreign country, and are in force in that country, it shall be lawful for Her Majesty by Order in Council to direct that the ships of such foreign country shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers, and thereupon it shall no longer be necessary for such ships to be re-measured in any port or place in Her Majesty's Dominions, but such ships shall be deemed to be of the tonnage denoted in their certificates of registry or other papers in the same manner, to the same extent, and for the same purposes in, to, and for which the tonnage denoted in the certificates of registry of British ships is to be deemed the tonnage of such ships:

And whereas by the Merchant Shipping Act, 1876, it is enacted that "where Her Majesty has power "under the Merchant Shipping Act, 1854, or any Act "passed or hereafter to be passed amending the same "to make an Order in Council, it shall be lawful for "Her Majesty from time to time to make such Order "in Council, and by Order in Council to revoke, alter, "or add to any order so made:"

And whereas it was made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships in force under the Merchant Shipping Act, 1854, had been adopted by the Government of His Majesty the German Emperor, with the exception of a difference in the mode in certain steamers of estimating the allowance for engine room, and such rules were in force in that country and came into operation on the 1st day of January, 1873:

And whereas by Order in Council dated the 26th day of June, 1873, Her Majesty was pleased to direct as follows:

1. As regards sailing ships, that merchant sailing ships of the said German Empire the measurement whereof should, after the said 1st day of January, 1873, have been ascertained and denoted in the registers and other national papers of such sailing ships testified by the date thereof should be deemed to be of the tonnage denoted in such registers and other national papers in the manner and to the same extent and for the same purpose in, to, and for which the tonnage denoted in the certificate of registry of British sailing ships is deemed to be the tonnage of such ships.

2. As regards steam ships, that merchant ships belonging to the said German Empire which are propelled by steam, or any other power requiring engine room, the measurement whereof should, after the said 1st day of January, 1873, have been ascertained and denoted in the registers and other national papers of such steam ships testified by the dates thereof, should be deemed to be of the tonnage denoted on such registers or other national papers in the same manner and to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificate of Registry of British ships is deemed to be the tonnage of such ships. Provided nevertheless, that should the owner or master of any such German steam ship desire the deduction for engine room in his ship to be estimated under the rules for engine-room measurement and deduction applicable to British ships instead of under the German rule, the engine room should be measured and the deduction calculated according to the British rules.

And whereas it has been made to appear to Her Majesty that a new Imperial Ordinance, which came into operation on the 20th day of June, 1888, stipulates that the owners of German steamships may have the net tonnage of their vessels calculated according to British as well as according to German rules, and shall have issued to them a separate certificate to be used in foreign countries, showing the net tonnage calculated according to British rules:

And whereas it has been made to appear desirable to Her Majesty that the provisions of the said recited Order in Council of the 26th day of June, 1873, should be revoked, and a new Order in Council made and substituted in lieu thereof:

Now, THEREFORE, Her Majesty, in virtue of the powers vested in Her by the said recited Acts, and by and with the advice of Her Privy Council, is pleased to direct that the said recited Order of the 26th day of June, 1873, shall be and the same is hereby revoked, and in lieu thereof, and in substitution therefor, Her Majesty is hereby pleased, by and with the advice of Her Privy Council, to direct as follows:—

1. As regards sailing ships, that merchant sailing ships of the said German Empire, the measurement whereof after the said 1st day of January, 1873, has been ascertained and denoted in the registers and other national papers of such sailing ships, testified by the date thereof, shall be deemed to be of the tonnage denoted in such registers and other national papers in the same manner and to the same extent, and for the same purpose into and for which the tonnage denoted in the certificate of registry of British sailing ships is deemed to be the tonnage of such ships.

2. As regards steamships, that merchant ships belonging to the said German Empire, which are propelled by steam or any other power requiring engine room, the measurement whereof shall, after the 1st day of January, 1873, have been ascertained and denoted in the registers and other national papers of such steamships, testified by the dates thereof shall be deemed to be of the tonnage denoted on such registers or other national papers in the same manner and to the same extent, and for the same purposes in, to, and for which the tonnage in the certificate of registry of British ships is deemed to be the tonnage of such ships. Provided, nevertheless, that if the owner or master of any such German steam ship desires the deduction for engine room in his ship to be estimated under the rules for engine room measurement and deduction applicable to British ships instead of under the German rule, the engine room shall be measured and the deduction calculated according to the British rules; and that, in the event of any such steamship possessing a certificate of tonnage or other national paper issued as aforesaid on or after the 20th day of June, 1888, denoting the net registered tonnage of such ship under the British rules, the ship shall be deemed to be of the tonnage so denoted thereon.

JOHN J. McGEE,
51-4   Clerk, Privy Council.

AT THE GOVEARNMENT HOUSE AT OTTAWA.

Saturday, 7th day of June, 1890.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency, in pursuance of the provisions of Item one of Section 10, of the Act 53 Victoria, chapter 20, intituled "An Act to amend the Acts respecting the duties of Customs," and by and with the advice of the Queen's Privy Council for Canada, is pleased to establish the following Regulations respecting the manner of determining the strength of imported Acetic and Pyroligneous Acid and Vinegar, and the same are hereby established accordingly, namely :

1. Samples of about one gill each, taken indiscriminately from one package of ten if in barrels, or one in twenty if in other packages, of all importations of acetic and pyroligneous acids and vinegar dutiable under Item one of Section 10 of the Act above cited shall be submitted to test, and the result shall determine the amount of duty payable thereon.

2. The testing shall be done at such ports and by such officers as the Minister of Customs may direct and in the following manner, viz :

3. A standard solution of sodium hydrate (Na H.O.) of such strength that two volumes thereof shall exactly neutralize one volume of such acid or vinegar when of the standard strength of proof, shall be from time to time furnished by the Minister of Customs to the Officers to whom he may assign the duty of testing the strength of such acids or vinegar, together with two specially graduated burettes and such other apparatus as may be by him deemed advisable, as well as a solution of phenol-phthalein to be used as an indicator.

4. The solutions shall be by the officers to whom entrusted at all times kept in well-stoppered bottles in a cool place, and any of the soda solution once taken from the bottle shall not be again returned thereto.

5. The shorter of the two burettes supplied shall be used for the acid or vinegar and the longer for the soda solution. They shall be at all times kept perfectly clean and immediately before using each rinsed with a small quantity of the acid, vinegar or soda for which it is to be used—such rinsings to be carefully disposed of in such manner as to ensure that it shall not become mingled with any of that used in making the test.

6. The acid or vinegar burette shall then be filled with the sample to be tested to a point about one inch above the upper 0 line, and carefully drawn off by means of the pinch-cock through the rubber tube exactly down to the 0 line, the bottom of the meniscus or curved line of the liquid exactly touching the line when the eye is on the same level.

The drawing down must be carefully done and in such manner as to ensure the exclusion of all air bubbles from the rubber tube both below and above the pinch cock. A slight pressure with the thumb and finger will send them to the surface.

7. The acid or vinegar shall then be cautiously drawn into the receiving cup until the bottom of the meniscus touches the upper 3 line.

There shall then be added to the quantity so drawn into the receiving cup, distilled water of not less than about an equal quantity to that of the acid or vinegar therein in case such acid or vinegar is apparently weak or is light colored, and a greater quantity in proportion to its apparent or suspected strength, using for very strong acid or dark colored vinegar four or five times its bulk, the exact quantity being immaterial.

8. To the acid or vinegar so reduced shall then be carefully added by means of a small pipette, ten drops of the phenol-phthalein, and the mixture carefully stirred with a glass rod or agitated with a rotary motion in such manner as to ensure its perfect admixture with the diluted acid or vinegar.

9. The larger burette shall be filled in like manner with the soda solution, the same precautions being taken to expel the air bubbles etc.

10. The soda solution shall then be carefully and slowly drawn into the receiving cup containing the acid or vinegar and phenol-phthalein mixture, the contents of the cup being constantly stirred with the glass rod or agitated by a rotary motion in manner to ensure a perfect mingling of the solution with the contents of the cup, the eye being kept constantly on the contents of the cup to detect the first indications of an approaching neutralization of the acid contained therein, which will be by the instantaneous appearance of a distinct though fleeting red-purple color on the surface of the contents of the cup at the point where the soda strikes when falling thereon.

At this point great care shall be taken and the soda solution allowed to fall into the cup drop by drop, until by the addition of one single drop the whole contents of the cup assumes the red purple color which does not disappear on stirring or agitating, but remains permanent.

11. The quantity of the soda solution thus used as shown by the graduation marks on the burette indicates the strength of the acid or vinegar; thus, if the quantity used is less than 6 on the scale, the acid or vinegar is under proof as defined by the Act item above cited; if the quantity used is 6 on the scale, the sample is exactly the strength of proof; if the quantity used is 7 on the scale, the sample is one degree over proof, and so on, the figures on the scale indicating the exact degrees of strength.

12. In order to check the test, the acid or vinegar remaining in the burette shall then be carefully run down to the lower 0 line and the contents then drawn from such line down to the lower 3 line into the contents of the receiving cup, a little more distilled water and five drops of the phenol-phthalein added thereto, and the soda solution again added in the same manner as above, and if the same quantity of soda solution or an excess not exceeding two drops is required to restore the permanent red purple color, the test shall be considered as satisfactory, and the result shall govern the duty payable under the terms of the said item of the said Section 10 of the Act above referred to.

His Excellency is also pleased to order that the Order in Council of the 27th day of June, 1884, as well as Section 4 of chapter 13 of the Consolidated Orders in Council dated the 25th day of July, 1888, establishing the standard for imported vinegar, shall be and the same are hereby cancelled.

JOHN J. McGEE,
50-4 Clerk, Privy Council.

Therefore, His Excellency, under the authority conferred upon him by "The Public Works Act," chapter 36 of the Revised Statutes, and by and with the advice of the Queen's Privy Council for Canada, is pleased to impose and authorize the collection of a toll at the rate of eight (8) cents per cord on pulp wood coming out of the Gatineau Boom, and the same is hereby imposed and authorized accordingly, the same to be collected in such manner and under such powers as the other rates for other kinds of wood are collected, and the measurement to be established by affidavit to be supplied to the Collector of slide and boom dues when applied for, and as required by him from either the manufacturer or the purchaser.

A beacon light established by the Government of Canada at Foote's Dock, Point aux Pins, in the River St. Mary above the Sault, in the District of Algoma, and Province of Ontario, was put in operation on the 4th instant.

Lat. N. 46° 28' 30"
Long. W. 84° 27' 15"

The light is fixed red shown from a small lenticular lantern hoisted on a mast. It is elevated 24 feet above the water and should be visible 5 miles up and down the river. The mast is 20 feet high.

This light stands at the shore end of the dock, near the bank of the river, and is intended as a guide to clear the shoals on the south side of the river from Point aux Pins to the entrance to the Canal.

II. POINT AUX PINS LIGHT.

The light at Foote's Dock is situated a short distance south-west of the spot erroneously indicated on the Admiralty Charts as the site of the Point aux Pins Light, which actually stands on the south extreme of the sand spit nearly a mile southwestwardly of Foote's Dock, in Lat. N. 46° 27' 50", Long. W. 84° 28' 0".

III. CORBAY POINT LIGHT.

The position of Corbay Point Light in Batchewana (Bachewauaung) Bay, is wrongly given in the List of Lights. It should be Lat. N. 46° 53' 35", Long. W. 84° 36' 5".

DAY BEACONS AT POINT AU BARIL.

Two white beacons have been erected under the direction of Staff Commander J. G. Boulton, R. N., Georgian Bay Hydrographic Survey, on the shore 2 miles north-westward of Point au Baril front range lighthouse, on the east shore of the Georgian Bay, in the District of Parry Sound and Province of Ontario. Kept in line bearing N.E. ⅛ E., they will lead a vessel north-west of the shoals between the Black Bills and Point au Baril.

This range will be found serviceable in daylight, to a vessel proceeding to Point au Baril harbor from the south-eastward. It intersects the line of the Point au Baril range lighthouses, at 2⅕ miles distant from the front one of the latter.

This notice affects Admiralty Charts Nos. 327 and 678.

NOTICE TO MARINERS.

No. 28 of 1890.

BEACONS IN INSIDE CHANNEL, BETWEEN POINT AU BARIL AND PARRY SOUND.

The following information has been forwarded by Staff-Commander J. G. Boulton, R. N., Georgian Bay Hydrographic Survey :

Fifteen beacons (6 red and 9 white) have been erected between Twin I., Sha-wa-na-ga Bay and Pt. au Baril, to assist in the navigation of part ot the inside channel leading to Parry Sound, on the east coast of the Georgian Bay, in the District of Parry Sound, Province of Ontario. These beacons are not placed as ranges to clear shoals nor is it intended that a vessel should rigidly steer from one to the other, but like the larger beacons in Parry Sound itself, they are for the purpose of affording to a stranger an indication of the route among the numerous islands which characterize this shore.

In proceeding toward Parry Sound, a vessel should keep the red beacons on her starboard hand.

When the chart of this portion of the coast and the accompanying Sailing Directions are printed, there should be no difficulty in navigating this beaconed part of the inside channel, with a vessel drawing 13 feet. Pending their publication, however, a few directions are now given, with a description of these beacons, which may assist a stranger drawing not more than 10½ feet water in getting through.

The portion of the inside channel embrace between Twin Island and Point au Baril, may be divided into three portions or reaches, the southern, widest and longest, being a part of Sha-wa-na-ga Bay, the northern and narrowest division may be termed the Point au Baril reach, the remaining portion being considered the middle reach.

Of the beacons, four are erected in She-wa-na-ga Bay, viz : a red one surmounted by a white square on the south-east point of Twin Island, a similar one on extremity of Grave or Bald Island, a white beacon and triangle on the summit of Lloyd Island (situated near the latter), and another of the same character on Turning Island at the Junction of Sha-wa-na-ga Bay with middle reach.

To lead clear of the dangers between Twin and Grave Islands, Turning Island should be kept its breadth open eastward of Grave Island.

Between the last mentioned Islands, a vessel may steer from one beacon to the other.

In the middle reach, there are three beacons, which includes that on Turning Island ; the little rock on which the centre one is placed being named Pym Rock. The western white beacon is placed on Sedgewick Point near the junction of the middle and Point au Baril reaches. Between Pym Rock and Sedgewick Point beacons a vessel should keep nearer the north shore to avoid a rock with 6 feet water over it, lying on the south side of the channel. At the present time there is on this rock a red flag buoy, which will no doubt remain in position if the rafts do not drag it away.

In the Point au Baril reach there are 9 beacons, 4 of which are red, to be kept as before stated, on the starboard hand when proceeding to Parry Sound.

The southernmost red beacons are upon Abbott and Passage Islands, between the latter of which and Sedgewick Point is the narrow channel generally used, although (as will be seen when the chart is published) the channel between the next island and Abbott Island is both broader and deeper.

If using the narrow channel keep rather nearer Sedgewick Point than Passage Island, and a vessel will carry fifteen feet water and avoid a shallow rocky spur making out from Passage Island.

When through these narrows, the first white beacon come to, marks the south point of a bight, the coast of which a vessel should follow round, in order to avoid a rock with eight feet water over it, abreast of and connected with an island with a pole on it.

In the bottom of this bight a pair of small white beacons should be kept in line to lead east of this danger, and between the shoals 155 yards north of it, with 14 feet water.

From this to Point au Baril harbor a vessel has only to keep in the middle of the channel pointed out by the remaining beacons.

When past the northern white beacon on Sidney Island the front lighthouse may be steered for; and if going out into Georgian Bay care must be taken to avoid the rock with 4 feet water on it, lying in the middle of the passage north of Double Island, by keeping close to its north point marked by the fishermen with a pole and red barrel.

This notice affects Admiralty Charts Nos. 327 and 678.

NOTICE TO MARINERS.

No. 25 of 1890.

BUOYAGE OF DANGERS IN GEORGIAN BAY.

I. Kennedy's Bank.—A spar buoy, marked with white and black horizontal bands, has been placed in $6\frac{1}{2}$ fathoms of water on Kennedy's bank, which, with 9 feet water over it, lies on the north-east coast of the Georgian Bay. The position of Kennedy's rock was described in Notice to Mariners No. 19 of 1889.

The buoy bears west, and is distant $3\frac{9}{10}$ miles from the highest Black Bill Island. The water is good close north-east of the buoy, but a vessel passing south-west should give it a berth of half a mile.

II. Morden Rock.—A similar buoy has been placed in $6\frac{1}{2}$ fathoms 100 yards south-westward of Morden rock, with 8 feet of water on it, situate 3 miles southward of the line of the Byng Inlet range lights, on the same coast.

The buoy bears S.W. by W. $\frac{1}{2}$ W., and is distant $2\frac{1}{4}$ miles from Red rock of Byng Inlet.

Although there is deep water all round this rock it is advisable for a vessel to pass south-westward of it and the buoy.

This Notice affects Admiralty Charts Nos. 327 and 678.

WM. SMITH,
Deputy Minister of Marine.

Department of Marine,
Ottawa, 17th May, 1890.

NOTICE TO MARINERS.

No. 29 of 1890.

I. POSITION OF RED CAN BUOY IN THE WEST NARROWS OF BEAUJEU CHANNEL.

The red wooden can buoy at the west narrows of Beaujeu Channel, in the River St. Lawrence, below Quebec, which was on the 13th instant, moved southward of the position which it had occupied in previous years, as advertised in Part IX of Notice to Mariners No. 21 of 1890, has been returned to its former position, which, as shewn on chart 318, would be

Lat. N. 47° 4' 0"
Long. W. 70° 30 50

From the present position of the buoy Crane Island lighthouse bears S. W. by W. $\frac{5}{8}$ W., the south diamond beacon N. $\frac{1}{4}$ W., and the south beacon at Macpherson Point N. by E. $\frac{3}{4}$ E.

This change has been made because it was found that, in its late position, though more accurately marking the limits of the shoalest water, it necessitated a dangerously abrupt turn to enter or leave the Beaujeu Channel.

Pilots are, however, warned that the recent survey by Staff Commander Maxwell, R. N., shows patches with only 22 feet of water within a radius of $1\frac{1}{4}$ cables southward and south-eastward of this buoy. The best water to enter the Beaujeu Channel clear of these patches, with nowhere less than 27 feet, will be found on a N. N. E. and S.S.W. line passing close to the gas buoy on its westward side.

This notice affects Admiralty Charts Nos. 310, 316, 318 and 2516.

II. INTERVALS BETWEEN BLASTS OF PROPOSED FOG ALARM AT CAPE NORMAN

The intervals between the blasts of the fog horn at Cape Norman, in the Strait of Belle Isle, when established, will be thirty-five seconds, instead of five seconds as stated in Notice to Mariners No. 30 of 1889. The alarm will consequently be single blasts of five seconds' duration, with intervals of thirty-five seconds between them.

This notice affects Admiralty charts Nos. 232*b*, 282, 703, 1430 and 2516. The interval is correctly given in No. 5 of Canadian List of Lights and Fog Signals.

I. BUOYAGE OF OBSTRUCTION OFF POINT PELEE.

The obstruction 3¼ miles S.E. ¼ S. from the Lighthouse off Point Pelee, Lake Erie, which was described in Notice to Mariners No. 17 of 1890, was, on the 12th instant, marked by a red spar buoy, moored in 35 feet water immediately to the southward of the obstruction.

The buoy stands 11 feet out of the water.

This notice affects Admiralty charts Nos. 332 and 678.

II. LIGHT OFF GROSSE POINTE, LAKE ST. CLAIR, MICHIGAN.

The United States of America Lighthouse Board has given notice that on or about June 2nd, 1890, two fixed lights, a red above a white light, shown from lens lanterns about 34 feet above lake level, will be exhibited from the structure recently erected off Grosse Pointe, Lake St. Clair, Michigan.

The structure consists of a cluster of piles 13 feet in diameter and 11 feet high, surmounted by a wooden house 8 feet square and 10 feet high, above which rises a mast and a day mark of slats 8 feet square.

Bearings and distances of prominent objects are approximately as follows :—

Windmill Point Lighthouse S. 75° 21' 52" W., nearly 2 miles.

Club House at Grosse Pointe N. 27° 17' 30" W., 1⅛ miles.

This notice affects Admiralty charts Nos. 330, 332, 490 and 678.

ARRÊTÉ EN CONSEIL.

EXTRADITION ENTRE LA GRANDE-BRETAGNE ET LES ETATS-UNIS.

AU CHATEAU DE WINDSOR,
21 mars 1890.

PRÉSENTS :

Sa Très Excellente Majesté la REINE.

Le lord Président,	Le comte de Coventry,
Le duc de Rutland,	Sir William Field.
Le lord Chambellan,	

CONSIDÉRANT que par les *Actes d'Extradition*, 1870 et 1873, il est statué, entre autres choses, que chaque fois qu'un arrangement aura été conclu avec un Etat étranger au sujet de la reddition à cet Etat des criminels fugitifs, Sa Majesté pourra ordonner par arrêté en conseil que les dits actes s'appliqueront à l'égard de l'Etat étranger en question ; et que Sa Majesté pourra, par le même ou par un arrêté subséquent, restreindre l'opération du dit arrêté et limiter son application aux criminels fugitifs qui se trouvent ou sont supposés se trouver dans la partie des possessions de Sa Majesté spécifiées dans l'arrêté, et en rendre l'exécution sujette aux conditions, exceptions et restrictions qui pourront être jugées convenables ; et que si, par quelque loi adoptée après la sanction de l'Acte de 1870 par la législature de toute possession britannique, il est pourvu à l'extradition des criminels fugitifs qui se trouvent ou sont soupçonnés se trouver dans cette possession britannique, Sa Majesté pourra, par un arrêté en conseil, appliquer les dits actes à l'égard de tout Etat étranger, ou par tout arrêté subséquent suspendre la mise en opération, dans toute telle possession britannique, des dits actes ou de toute partie de ces actes, en tant qu'ils se rapportent à cette puissance étrangère, et aussi longtemps que ces lois continueront d'y être en vigueur, mais pas plus longtemps ;

Et considérant que dans un acte du parlement du Canada, passé en 1886, intitulé "Acte concernant l'extradition de criminels fugitifs," il est pourvu à la reddition des criminels fugitifs qui se trouvent ou pourront se trouver au Canada ;

Et considérant que par un arrêté de Sa Majesté en conseil, en date du dix-septième jour de novembre mil huit cent quatre-vingt-huit, il est décrété que l'opération des Actes d'extradition de 1870 et 1873 sera suspendue au Canada tant que les dispositions du dit acte du parlement du Canada de 1886 continueront en vigueur et pas plus longtemps ;

Et considérant qu'une convention a été conclue le douzième jour de juillet mil huit cent quatre-vingt-neuf, entre Sa Majesté et les Etats-Unis d'Amérique, pour l'extradition mutuelle des criminels fugitifs, laquelle convention est rédigée comme suit :—

" Considérant que le Xe article du traité conclu entre Sa Majesté Britannique et les Etats-Unis d'Amérique le neuvième jour d'août mil huit cent quarante-deux, pourvoit à l'extradition de personnes accusées de certains crimes ;

" Et considérant que les hautes parties contractantes désirent aujourd'hui que les dispositions du dit article embrassent certains crimes qui n'y sont pas spécifiés, et s'appliquent aux fugitifs trouvés coupables des crimes spécifiés dans le dit article et dans la présente convention ;

" Les dites hautes parties contractantes ont nommé pour leurs plénipotentiaires à l'effet de conclure une convention dans ce but, savoir :—

" Sa Majesté la Reine du Royaume-Uni et de la Grande-Bretagne et d'Irlande : Sir Julian Pauncefote, chevalier grand-croix de l'Ordre très-distingué de Saint-Michel et Saint-George, chevalier commandeur du très-honorable Ordre du Bain, et envoyé extraordinaire et ministre plénipotentiaire de Sa Majesté Britannique près les États-Unis ;

« Et le Président des Etats-Unis d'Amérique : James G. Blaine, Secrétaire d'Etat des Etats-Unis ;

« Lesquels, après s'être communiqué leurs pleins pouvoirs respectifs, trouvés en bonne et due forme, ont conclu les articles suivants :—

« ARTICLE I.

« Les dispositions du dit Xe article sont par la présente rendues applicables aux crimes additionnels ci-dessous :—

« 1. Homicide, lorsque volontaire.

« 2. Contrefaçon ou altération de monnaie ; mise en circulation de monnaie contrefaite ou altérée.

« 3. Détournement ; larcin ; recel d'argent, objets de valeur ou autre propriété, sachant qu'ils ont été détournés, volés ou obtenus frauduleusement.

« 4. Fraude (abus de confiance) par un administrateur, banquier, agent, commissionnaire, curateur, directeur, membre ou fonctionnaire d'une société quelconque, pour autant que le fait est puni par les lois en vigueur.

« 5. Faux serment ou subornation de témoins.

« 6. Viol ; enlèvement ; vol d'enfant ; sequestration et détention illégale.

« 7. Vol avec effraction ; bris de maison ou de boutique.

« 8. Piraterie, d'après le droit des gens.

« 9. Révolte ou complot de révolte par deux ou plusieurs personnes à bord d'un navire en haute mer, contre l'autorité du capitaine ; submersion, échouement ou destruction d'un navire en mer, ou tentative ou complot ayant ce crime pour but ; attaque à bord d'un navire en haute mer dans le but de porter de graves lésions corporelles.

« 10. Crimes et délits contre les lois des deux pays établies pour la suppression de l'esclavage de la traite des esclaves.

« L'extradition aura également lieu pour complicité à un des crimes mentionnés dans la présente convention ou dans le susdit Xe article, pourvu que cette complicité soit punissable par les lois des deux pays.

« ARTICLE II.

« Un criminel fugitif ne sera pas extradé si le délit pour lequel l'extradition est demandée est considérée comme un délit politique, ou si l'individu prouve que la demande d'extradition a été faite en réalité dans le but de le poursuivre ou de le punir pour un délit d'un caractère politique.

« Aucune personne livrée par l'une des hautes parties contractantes à l'autre, ne sera sujette d'être jugée ni ne sera jugée ni punie pour aucun crime ou délit politique, ou aucun acte s'y rattachant, commis antérieurement à son extradition.

« S'il s'élève quelque question quant à savoir si un cas tombe sous l'empire du présent article, la décision des autorités du gouvernement dans la juridiction duquel se trouverait alors le fugitif, sera définitive.

« ARTICLE III.

« Aucune personne livrée par l'une ou l'autre des hautes parties contractantes ne sera susceptible d'être jugée ni ne sera jugée pour aucun crime ou délit commis antérieurement à son extradition, autre que le délit pour lequel elle a été extradée, avant qu'elle n'ait eu l'occasion de retourner dans le pays qui l'a extradée.

« ARTICLE IV.

« Tous les objets saisis en la possession de l'individu réclamé au moment de son arrestation, qu'ils soient le produit du crime ou du délit imputé, ou de nature à servir de pièce de conviction, seront, en tant que possible et si l'autorité compétente de l'Etat requis en a ordonné la remise, livrés lorsque l'extradition aura lieu. Toutefois, les droits des tiers au sujet des articles susdits seront dûment respectés.

« ARTICLE V.

« Si l'individu réclamé par l'une des deux hautes parties contractantes en exécution de la présente convention est aussi réclamé par une ou plusieurs autres puissances, du chef d'autres crimes ou délits commis sur leurs territoires respectifs, son extradition sera accordée à l'Etat dont la demande est la plus ancienne en date,

« Les définitions du présent article, et aussi des articles II et IV inclusivement de la présente convention, s'appliqueront à l'extradition pour délits spécifiés dans le susdit Xe article, aussi bien qu'à l'extradition pour délits spécifiés dans la présente convention.

« ARTICLE VI.

« L'extradition de fugitifs en vertu des dispositions de la présente convention et du dit Xe article se fera, tant dans les possessions de Sa Majesté que dans les Etats-Unis, en conformité des lois concernant l'extradition alors en vigueur dans l'Etat requis.

« ARTICLE VII.

« Les dispositions du dit Xe article et de la présente convention s'appliqueront aux personnes trouvées coupables des délits qui y sont respectivement nommés et spécifiés, pour lesquels sentence n'aura pas été exécutée.

« Dans le cas d'un criminel fugitif réputé avoir été trouvé coupable d'un crime pour lequel son extradition est demandée, une copie du dossier du procès, et de la sentence du tribunal qui l'a jugé, dûment attestée, sera produite, ainsi que la preuve que le prisonnier est bien la personne mentionnée dans la sentence.

« ARTICLE VIII.

« La présente convention ne s'appliquera pas à aucun des crimes y spécifiés qui ont été commis, ou à aucune condamnation qui aura été prononcée antérieurement à l'entrée en vigueur de la convention.

« ARTICLE IX.

« La présente convention sera ratifiée et les ratifications seront échangées à Londres aussitôt que possible,

« Elle sera exécutoire dix jours après sa promulgation, dans les formes prescrites par les lois des hautes parties contractantes, et continuera en vigueur jusqu'à ce que l'une ou l'autre des hautes parties contractantes ait signifié son désir d'y mettre fin, et pas plus longtemps.

« En foi de quoi les soussignés ont signé la présente convention, et y ont apposé le cachet de leurs armes.

« Faite en double, à la cité de Washington, ce douzième jour de juillet, mil huit cent quatre-vingt-neuf.

« [L.S.] JULIAN PAUNCEFOTE,
« [L.S.] JAMES G. BLAINE. »

Et attendu que les ratifications de la dite convention ont été échangées à Londres le onzième jour de mars mil huit cent quatre-vingt-dix :

C'est pourquoi Sa Majesté, par et de l'avis de son Conseil privé, et en vertu de l'autorité que lui confèrent les dits actes cités, ordonne et il est par le présent ordonné, que le et après le quatrième jour d'avril mil huit cent quatre-vingt-dix, les dits actes s'appliqueront dans le cas des Etats-Unis d'Amérique, et de la dite convention avec les Etats-Unis d'Amérique.

Pourvu, toujours, et il est par le présent ordonné que l'opération des dits Actes d'extradition 1870 et 1873 sera suspendue dans la Puissance du Canada, en tant qu'il s'agit des Etats-Unis d'Amérique et la dite convention, tant que les dispositions de l'acte canadien de 1886 resteront en vigueur, et pas plus longtemps.

A OSBORNE HOUSE, ILE DE WIGHT.

Le 23e jour de juillet 1889.

PRÉSENTE :

Sa Très Excellente Majesté la REINE en Conseil.

CONSIDÉRANT que par l'*Acte d'amendement de la marine marchande de* 1862, il est statué que lorsqu'il sera représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands alors en vigueur en vertu de l'acte principal, ont été adoptés par le gouvernement d'un pays étranger et sont en vigueur dans ce pays, il sera loisible à Sa Majesté de déclarer, par un arrêté en conseil, que les bâtiments de ce pays étranger seront censés avoir le tonnage indiqué sur leurs certificats d'enregistrement ou autres papiers nationaux, et que dès lors il ne sera plus nécessaire pour ces bâtiments d'être mesurés de nouveau dans un port ou lieu quelconque des possessions de Sa Majesté, mais que ces bâtiments seront censés être du tonnage inscrit sur leurs certificats d'enregistrement ou autres papiers, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur les certificats d'enregistrement des bâtiments britanniques est censé être le tonnage de ces bâtiments :

Et considérant que par l'*Acte de la marine marchande de* 1876, il est statué, que “lorsque Sa Majesté a le “droit, en vertu de l'*Acte de la marine marchande de* “1854, ou de tout autre acte passé ou devant être passé “plus tard, amendant le susdit acte, à rendre un “arrêté en conseil, il sera loisible à Sa Majesté de rendre “de temps à autre un tel arrêté en conseil, et par ce “dernier de révoquer, modifier ou étendre tout arrêté “du conseil ainsi rendu ;”

En considérant qu'il a été représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands maintenant en vigueur sous l'autorité de l'*Acte de la marine marchande de* 1854, ont été adoptés par le gouvernement de Sa Majesté l'Empereur d'Allemagne, à l'exception d'une différence dans le mode adopté par certains vapeurs d'estimer l'espace pour la chambre des machines, et que ces règlements étaient en vigueur dans ce pays-là et sont entrés en vigueur le 1er jour de janvier 1873 ;

Et considérant que par arrêté en conseil du 26 juin 1873, Sa Majesté a bien voulu ordonner comme suit :—

1. En ce qui concerne les bâtiments à voiles,—Que les bâtiments marchands à voiles du dit Empire Allemand, dont le mesurage, le et après le 1er jour de janvier 1873, a été terminé et inscrit dans les certificats d'enregistrement et autres papiers nationaux du bord, attestés par leurs dates, seraient censés être du tonnage inscrit dans ces certificats ou autres documents nationaux, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement des bâtiments marchands britanniques est censé être le tonnage de ces bâtiments.
2. En ce qui concerne les navires à vapeur,—Que les bâtiments marchands appartenant au dit Empire Allemand, et mûs par la vapeur ou autre force motrice, exigeant une chambre des machines, et dont le mesurage, le et après le 1er jour de janvier 1873, a été déterminé et inscrit dans les certificats d'enregistrement ou autres documents nationaux du bord, attestés par leurs dates, seraient censés être du tonnage inscrit dans ces certificats ou autres documents nationaux, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement des bâtiments britanniques est censé être le tonnage de ces bâtiments ; pourvu, toutefois, que si le propriétaire ou le capitaine d'un bâtiment à vapeur allemand désire que la déduction pour la chambre des machines de son bâtiment soit évaluée suivant les règlements concernant le mesurage de la chambre des machines et sa déduction applicables aux bâtiments à vapeur britanniques, au lieu de l'être d'après les règlements allemands, la chambre des machines soit mesurée et la déduction soit calculée suivant les règlements anglais.

Et considérant qu'il a été démontré à Sa Majesté qu'une nouvelle ordonnance royale, qui est devenue en opération le 20me jour de juin 1888, stipule que les certificats de tonnage des bâtiments à vapeur allemand peuvent indiquer leur tonnage net calculé d'après les règlements anglais aussi bien que d'après les règlements allemands, et pourront recevoir un certificat distinct devant servir dans les pays étrangers indiquant le tonnage net calculé d'après les règlements anglais :

Et considérant qu'il a été démontré à Sa Majesté qu'il était opportun que les prescriptions de l'arrêté en conseil précité du 26 juin 1873 fussent révoquées, et que le dit arrêté fût remplacé par un autre :

A ces causes, il a plu à Sa Majesté, en vertu des pouvoirs qui lui sont conférés par les actes précités, et de l'avis et avec le consentement de son Conseil Privé, d'ordonner que le dit arrêté en conseil du 26 juin 1873 soit révoqué, et le dit arrêté est par le présent révoqué, et pour en tenir lieu, il a plu à Sa Majesté, de l'avis et du consentement de son Conseil Privé, d'ordonner comme il suit :

1. En ce qui concerne les bâtiments à voiles :—Que les bâtiments marchands à voiles du dit Empire Allemand, dont de mesurage, le et après le dit 1er jour de janvier 1873, a été déterminé et inscrit dans les certificats d'enregistrement et autres papiers nationaux du bord de ces bâtiments à voiles, attestés par leurs dates, seront censés être du tonnage inscrit dans ces certificats ou autres documents nationaux, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement des bâtiments marchands britanniques est censé être le tonnage de ces bâtiments ;
2. En ce qui concerne les navires à vapeur :—Que les bâtiments marchands appartenant au dit Empire Allemand, et mûs par la vapeur ou autre force motrice exigeant une chambre des machines, et dont le mesurage, le et après le 1er jour de janvier 1873, a été déterminé et inscrit dans les certificats d'enregistrement ou autres documents nationaux du bord de ces vapeurs, attestés par leurs dates, seront censés être du tonnage inscrit dans ces certificats ou autres documents nationaux, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement des bâtiments britanniques est censé être le tonnage de ces bâtiments ; pourvu, toutefois, que si le propriétaire ou le capitaine d'un bâtiment à vapeur allemand désire que la déduction pour la chambre des machines de son bâtiment soit évaluée suivant les règlements concernant le mesurage de la chambre des machines et sa déduction applicables aux bâtiments à vapeur britanniques, au lieu de l'être d'après les règlements allemands, la chambre des machines soit mesurée et la déduction soit calculée suivant les règlements anglais, et que si ce vapeur possède un certificat de tonnage ou autre document national émis comme susdit le ou après le 20e jour de juin 1888, indiquant le tonnage net enregistré de tel navire à vapeur évalué en conformité des règlements anglais, le tonnage du dit vapeur sera censé être le tonnage ainsi inscrit.

ORDRES EN CONSEIL.

HOTEL DU GOUVERNEMENT À OTTAWA

Samedi, le 7e jour de juin 1890.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR-GÉNÉRAL EN CONSEIL.

Il plait à Son Excellence le Gouverneur général, par et avec l'avis du Conseil privé de la Reine pour le Canada, d'autoriser l'émission de la circulaire ci-dessous aux divers percepteurs de péages sur les canaux.

JOHN J. McGEE,
Greffier du Conseil privé.

Circulaire.

MINISTÈRE DES CHEMINS DE FER ET CANAUX.

OTTAWA, 1890.

MONSIEUR,—Considérant que l'article 9 de l'Acte 49 Victoria, chapitre 98, Statuts Revisés du Canada 1886, statue que “tous les percepteurs des douanes, employés “des canaux, et tous autres fonctionnaires publics, “lorsqu'ils y seront appelés, devront coopérer avec le “percepteur des droits et péages et ses aides, afin “d'empêcher le transport des bois de service ou en “grume, et de leurs dérivés ou produits, jusqu'à ce “que les droits et péages dont ils sont grevés soient “garantis.”

Il m'est enjoint, en conformité du dit acte, de vous donner les instructions ci-dessous :—

Chaque fois que vous êtes averti par écrit, soit par le Ministère des Travaux Publics, soit par un employé autorisé de ce ministère, que certaines réclamations du gouvernement du Canada pour droits de glissoire ou d'estacade contre un radeau de bois, des billots ou un vaisseau chargé de bois de service, ne sont pas payées, et que ce ministère ou son employé demande que ce radeau de bois, billots ou vaisseau chargé de bois de service n'ait pas la permission de passer dans le canal auquel vous êtes attaché, vous refuserez d'accorder un laissez-passer ou radeau ou vaisseau ainsi désigné jusqu'à ce que vous soyez dûment notifié que les dits droits ont été payés, ou que l'affaire a été autrement réglée.

Je suis, monsieur,
Votre obéissant serviteur,
Secrétaire.

Percepteur des péages sur les canaux. 51-4

HOTEL DU GOUVERNEMENT À OTTAWA,

Samedi, le 7e jour de juin 1890.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Il plait à Son Excellence, en conformité des dispositions de l'item un de l'article 10 de l'Acte 53 Victoria, chapitre 20, intitulé " Acte modifiant les actes relatifs aux droits de douane," et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'établir les règlements suivants concernant le mode de déterminer la force de l'acide acétique et pyroligneux et du vinaigre, importés, et ces règlements sont en conséquence par le présent établis, savoir :

1. Des échantillons d'environ une roquille chacun, pris au hasard d'un colis sur dix si ce sont des barils, ou d'un sur vingt si ce sont d'autres colis, de toutes importations d'acide acétique et pyroligneux et de vinaigre imposables en vertu de l'item un de l'article 10 de l'acte précité, seront soumis à l'épreuve, et le résultat déterminera le montant des droits payables sur iceux.

2. L'épreuve sera faite aux ports et par les employés que le ministre des Douanes indiquera, et de la manière ci-dessous, savoir :—

3. Une solution étalon de sodium hydrate (Na H.O.) d'une force telle que deux volumes de cette solution puissent neutraliser exactement un volume de cet acide ou vinaigre lorsqu'il est de la force étalon de preuve, sera de temps à autre fournie par le ministre des Douanes aux employés qu'il chargera du devoir d'éprouver la force de ces acides ou vinaigre, ainsi que deux burettes spécialement graduées et tels autres appareils qui lui paraîtront nécessaires, ainsi qu'une solution de phénol-phtaléine qui servira d'indicateur.

4. Les employés auxquels seront confiées ces solutions les garderont toujours dans des bouteilles bien bouchées, dans un endroit frais, et toute partie de la solution de soude une fois sortie de la bouteille ne devra pas y être remise.

5. La plus courte des deux burettes fournies sera employée pour l'acide ou le vinaigre, et la plus longue pour la solution de soude. Elles seront toujours gardées parfaitement nettes, et immédiatement avant de s'en servir chacune devra être rinsée avec une petite quantité de l'acide, du vinaigre ou de la soude qui doit y être versé,—on doit veiller soigneusement à ce que ces rinçures ne se mélangent pas avec la solution qui sert à faire l'épreuve.

6. La burette à l'acide ou vinaigre sera alors remplie de l'échantillon à éprouver jusqu'à environ un pouce plus haut que la ligne 0 supérieure, et soigneusement soutirée jusqu'à la ligne 0 en bas au moyen du robinet à pression par le tube en caoutchouc, le fond du ménisque ou ligne courbe du liquide touchant exactement la ligne lorsque l'œil est au même niveau.

Le soutirage doit être fait avec précaution et de manière à assurer l'exclusion de toutes bulles d'air du tube de caoutchouc tant au-dessous qu'au-dessus du robinet à pression. Une légère pression avec le pouce et le doigt les fera remonter à la surface.

7. L'acide ou vinaigre sera alors tiré avec précaution dans le récipient jusqu'à ce que le fond du ménisque touche la ligne 3 supérieure.

Alors à la quantité ainsi tirée dans le récipient, on ajoutera de l'eau distillée en quantité presque égale à celle de l'acide ou vinaigre si cet acide ou vinaigre paraît faible ou d'une couleur pâle, et une plus grande quantité proportionnément à sa force apparente ou supposée, employant pour l'acide très fort ou le vinaigre d'une couleur foncée quatre ou cinq fois son volume, la quantité exacte étant d'aucune conséquence.

8. A l'acide ou vinaigre ainsi réduit ajoutez alors soigneusement au moyen d'une petite pipette, dix gouttes de phénol-phtaléine, et brassez le mélange soigneusement avec une tige de verre ou remuez-le par un mouvement rotatoire de manière à obtenir un mélange parfait avec l'acide ou le vinaigre dilué.

9. La grande burette sera remplie de la même manière avec la solution de soude, en prenant les mêmes précautions pour exclure les bulles d'air, etc.

10. La solution de soude sera alors soigneusement et lentement tirée dans le récipient contenant le mélange d'acide ou vinaigre et de phénol-phtaléine, le contenu du récipient étant constamment brassé avec la tige de verre ou agité par un mouvement rotatoire de façon à obtenir un mélange parfait de la solution avec le contenu du récipient, la vue étant constamment fixée sur le contenu du récipient afin de découvrir les premiers signes d'une proche neutralisation de l'acide y contenu, ce qui est indiquée par l'apparence instantanée d'une couleur rouge-pourpre distincte quoique passagère sur la surface du contenu du récipient au point que la soude touche en tombant.

Ici il faut beaucoup de soin, et la solution de soude doit être versée goutte à goutte jusqu'à ce que l'addition d'une seule goutte ait l'effet de donner à tout le contenu du récipient une couleur rouge pourpre qui ne disparaît pas lorsqu'on le brasse ou agite, mais reste permanente.

11. La quantité de la solution de soude ainsi employée d'après les marques graduées sur la burette indique la force de l'acide ou du vinaigre ; ainsi, si la quantité employée est moindre que 6 sur l'échelle, l'acide ou le vinaigre est au-dessous de preuve tel que défini par l'item de l'acte précité ; si la quantité employée est 6 sur l'échelle, l'échantillon est exactement de la force de preuve ; si la quantité employée est 7 sur l'échelle, l'échantillon est un degré au-dessous de preuve, et ainsi de suite, les chiffres sur l'échelle indiquant le degré exact de force.

12. Afin de vérifier l'épreuve, l'acide ou vinaigre restant dans la burette sera alors soigneusement diminué jusqu'à la ligne 0 inférieure, et le contenu alors soutiré de cette ligne jusqu'à la ligne 3 inférieure dans le contenu du récipient, un peu plus d'eau distillée et cinq gouttes de phénol-phtaléine ajoutées, et la solution de soude encore ajoutée comme plus haut, et s'il ne faut que la même quantité de solution de soude ou un excédant de pas plus de deux gouttes pour ramener la couleur rouge-pourpre permanente, l'épreuve sera considérée satisfaisante, et le résultat établira le droit payable en vertu du dit item du dit article 10 de l'acte précité.

Il plait aussi à Son Excellence d'ordonner que l'arrêté en conseil du 27e jour de juin 1884, ainsi que l'article 4 du chapitre 13 des arrêtés en conseil refondus datés le 25 juillet 1888, établissant le type pour le vinaigre importé, sera et il est par le présent annulé.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT qu'il sort maintenant de l'estacade de la Gatineau une espèce de bois appelée " bois à pulpe " pour laquelle il n'est pas établi de taux de péage par le tarif, et vu que ce bois est acheté et vendu à la corde (128 pieds cubes) et mis en radeau par rangées de 4 et 5 pièces de hauteur, ce qui rend impossible d'obtenir le nombre exact de pièces, il semble raisonnable que des péages soient imposés sur ce bois à tant par corde,—

En conséquence, il plait à Son Excellence, en vertu de l'autorité qui lui est conférée par " l'Acte des travaux publics," chapitre 36 des Statuts revisés, et par et avec l'avis du Conseil Privé de la Reine pour le Canada, d'imposer et autoriser la perception d'un péage au taux de huit (8) centins par corde sur le bois à pulpe sortant de l'estacade de la Gatineau, et ce péage est par le présent imposé et autorisé, et sera prélevé de la même manière et avec les mêmes pouvoirs que les autres droits sur les autres espèces de bois, et le mesurage sera établi par affidavit qui sera fourni sur demande au percepteur des droits de glissoires et d'estacades, et qu'il exigera soit du fabricant ou de l'acheteur.

AVIS AUX MARINS.

N° 29 de 1890.

I. POSITION DE LA BOUÉE-BOITE ROUGE DANS LE RÉTRÉCI OUEST DU CHENAL BEAUJEU.

La bouée-boîte rouge en bois, au rétréci ouest du chenal Beaujeu, fleuve Saint-Laurent en bas de Québec, qui, le 13 courant, fut placée au sud de la position qu'elle occupait autrefois, tel qu'annoncé dans la partie IX de l'Avis aux Marins n° 21 de 1890, a été remise à son ancienne place, ce qui, d'après la carte 318, serait

Lat. N. 47° 4' 0"
Long. O. 70° 30' 50"

D'après la position actuelle de la bouée le phare de l'ile aux Grues est dans une direction S. O. par O. $\frac{5}{8}$ O., la bouée sud en losenge N. $\frac{1}{4}$ O., et la bouée sud à la Pointe Macpherson N. par E. $\frac{3}{4}$ E.

Ce changement a été fait parce qu'on s'est aperçu que la bouée, là où elle était en dernier lieu, bien qu'elle marquait exactement les limites des eaux les moins profondes, nécessitait un détour brusque dangereux afin d'entrer dans le chenal Beaujeu ou en sortir.

En conséquence les pilotes sont avertis que le récent relevé hydrographique fait par le commandant Maxwell, M. R., indique des étendues qui n'ont que 22 pieds de profondeur dans un rayon d'une encâblure et un quart au sud et au sud-est de cette bouée. La meilleure eau pour entrer dans le chenal Beaujeu et éviter ces hauts-fonds, avec pas moins de 27 pieds, se trouve sur une ligne N.N.E. et S.S.O. qui passe tout près de la bouée à gaz au côté ouest.

Cet avis affecte les cartes de l'Amirauté, Nos. 310, 316, 318 et 2516.

WM. SMITH,
Sous-ministre de la Marine.

Ministère de la Marine,
Ottawa, 31 mai 1890.

☞Tous les relèvements sont magnétiques et sont donnés venant de la mer, les milles sont des milles marins, les hauteurs sont au-dessus des hautes eaux, et toutes les profondeurs sont à l'eau basse moyenne.

Les pilotes, capitaines et autres intéressés sont instamment priés d'envoyer tous renseignements quant aux dangers, changements pour faciliter la navigation, avis de nouvelles battures ou de nouveaux chenaux. erreurs dans les publications, ou autres faits touchant la navigation dans les eaux canadiennes, au "Sous-ministre de la marine, Ottawa, Canada." 51-3

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Quebec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle adopté par la Chambre, le 23 juin 1887, dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression.

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le traité du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer

à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré, durant trois mois, entre l'expiration de la dernière session parlementaire avant l'avis et la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extrajudiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

AT THE COURT AT OSBORNE HOUSE, ISLE OF WIGHT,

The 23rd day of July, 1889.

PRESENT :

The QUEEN'S Most Excellent Majesty in Council.

WHEREAS by the Merchant Shipping Act Amendment Act, 1862, it is enacted that whenever it is made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act have been adopted by the Government of any foreign country, and are in force in that country, it shall be lawful for Her Majesty by Order in Council to direct that the ships of such foreign country shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers, and thereupon it shall no longer be necessary for such ships to be re-measured in any port or place in Her Majesty's Dominions, but such ships shall be deemed to be of the tonnage denoted in their certificates of registry or other papers in the same manner, to the same extent, and for the same purposes in, to, and for which the tonnage denoted in the certificates of registry of British ships is to be deemed the tonnage of such ships:

And whereas by the Merchant Shipping Act, 1876, it is enacted that "where Her Majesty has power "under the Merchant Shipping Act, 1854, or any Act "passed or hereafter to be passed amending the same "to make an Order in Council, it shall be lawful for "Her Majesty from time to time to make such Order "in Council, and by Order in Council to revoke, alter, "or add to any order so made:"

And whereas it was made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships in force under the Merchant Shipping Act, 1854, had been adopted by the Government of His Majesty the German Emperor, with the exception of a difference in the mode in certain steamers of estimating the allowance for engine room, and such rules were in force in that country and came into operation on the 1st day of January, 1873:

And whereas by Order in Council dated the 26th day of June, 1873, Her Majesty was pleased to direct as follows:

1. As regards sailing ships, that merchant sailing ships of the said German Empire the measurement whereof should, after the said 1st day of January, 1873, have been ascertained and denoted in the registers and other national papers of such sailing ships testified by the date thereof should be deemed to be of the tonnage denoted in such registers and other national papers in the manner and to the same extent and for the same purpose in, to, and for which the tonnage denoted in the certificate of registry of British sailing ships is deemed to be the tonnage of such ships.
2. As regards steam ships, that merchant ships belonging to the said German Empire which are propelled by steam, or any other power requiring engine room, the measurement whereof should, after the said 1st day of January, 1873, have been ascertained and denoted in the registers and other national papers of such steam ships testified by the dates thereof, should be deemed to be of the tonnage denoted on such registers or other national papers in the same manner and to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificate of Registry of British ships is deemed to be the tonnage of such ships. Provided nevertheless, that should the owner or master of any such German steam ship desire the deduction for engine room in his ship to be estimated under the rules for engine-room measurement and deduction applicable to British ships instead of under the German rule, the engine room should be measured and the deduction calculated according to the British rules.

And whereas it has been made to appear to Her Majesty that a new Imperial Ordinance, which came into operation on the 20th day of June, 1888, stipulates that the owners of German steamships may have the net tonnage of their vessels calculated according to British as well as according to German rules, and shall have issued to them a separate certificate to be used in foreign countries, showing the net tonnage calculated according to British rules:

And whereas it has been made to appear desirable to Her Majesty that the provisions of the said recited Order in Council of the 26th day of June, 1873, should be revoked, and a new Order in Council made and substituted in lieu thereof:

Now, THEREFORE, Her Majesty, in virtue of the powers vested in Her by the said recited Acts, and by and with the advice of Her Privy Council, is pleased to direct that the said recited Order of the 26th day of June, 1873, shall be and the same is hereby revoked, and in lieu thereof, and in substitution therefor, Her Majesty is hereby pleased, by and with the advice of Her Privy Council, to direct as follows:—

1. As regards sailing ships, that merchant sailing ships of the said German Empire, the measurement whereof after the said 1st day of January, 1873, has been ascertained and denoted in the registers and other national papers of such sailing ships, testified by the date thereof, shall be deemed to be of the tonnage denoted in such registers and other national papers in the same manner and to the same extent, and for the same purpose into and for which the tonnage denoted in the certificate of registry of British sailing ships is deemed to be the tonnage of such ships.
2. As regards steamships, that merchant ships belonging to the said German Empire, which are propelled by steam or any other power requiring engine room, the measurement whereof shall, after the 1st day of January, 1873, have been ascertained and denoted in the registers and other national papers of such steamships, testified by the dates thereof shall be deemed to be of the tonnage denoted on such registers or other national papers in the same manner and to the same extent, and for the same purposes in, to, and for which the tonnage in the certificate of registry of British ships is deemed to be the tonnage of such ships. Provided, nevertheless, that if the owner or master of any such German steam ship desires the deduction for engine room in his ship to be estimated under the rules for engine room measurement and deduction applicable to British ships instead of under the German rule, the engine room shall be measured and the deduction calculated according to the British rules; and that, in the event of any such steamship possessing a certificate of tonnage or other national paper issued as aforesaid on or after the 20th day of June, 1888, denoting the net registered tonnage of such ship under the British rules, the ship shall be deemed to be of the tonnage so denoted thereon.

INTERPRETATION.

"Lake or River Service" refers to service on the inland waters which must have been performed in a capacity not lower than 3rd engineer on a steamer having an aggregate piston area of not less than 2,000 circular inches, 2 months of such service being considered only as equivalent to one month's actual sea service.

"Coasting Trade" refers to service in steamships plying between any port or place in Canada, and any other port or place in Canada, not being a port or place on the inland waters. Service in the coasting trade must amount to half as much again as service in the foreign trade.

"Workshop service" refers to an apprenticeship to an engineer, or as a journeyman mechanic employed in a factory, or workshop, making and repairing steam engines.

"Engineer on the watch" refers to the actual charge of the propelling engines, responsible for the bells, and in a capacity which affords opportunity of obtaining practical experience as an engineer. Service in the capacity of greaser, or fireman, will not be accepted.

"Sea service" or "Foreign Trade" refers to service in steamships engaged in the foreign sea trade, and plying between some port or place in the Dominion, and some port or place outside the Dominion, not being a port or place on any of the inland waters.

1. It is necessary that the Indian Corn upon which the drawback is claimed when ground into meal or the meal the product of such corn shall have been actually kiln-dried in Canada (as the term "kiln-dried" is ordinarily understood and accepted), and the fact of such kiln-drying having taken place must be proved to the satisfaction of the Minister of Customs, and no partial process of drying or other process than kiln-drying, shall be sufficient to entitle the claimant to the benefit of drawback, as intended by these regulations.

JOHN J. McGEE,

AT THE GOVEARNMENT HOUSE AT OTTAWA.

Saturday, 7th day of June, 1890.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency, in pursuance of the provisions of Item one of Section 10, of the Act 53 Victoria, chapter 20, intituled "An Act to amend the Acts respecting the duties of Customs," and by and with the advice of the Queen's Privy Council for Canada, is pleased to establish the following Regulations respecting the manner of determining the strength of imported Acetic and Pyroligneous Acid and Vinegar, and the same are hereby established accordingly, namely :

1. Samples of about one gill each, taken indiscriminately from one package of ten if in barrels, or one in twenty if in other packages, of all importations of acetic and pyroligneous acids and vinegar dutiable under Item one of Section 10 of the Act above cited shall be submitted to test, and the result shall determine the amount of duty payable thereon.

2. The testing shall be done at such ports and by such officers as the Minister of Customs may direct and in the following manner, viz :

3. A standard solution of sodium hydrate (Na H.O.) of such strength that two volumes thereof shall exactly neutralize one volume of such acid or vinegar when of the standard strength of proof, shall be from time to time furnished by the Minister of Customs to the Officers to whom he may assign the duty of testing the strength of such acids or vinegar, together with two specially graduated burettes and such other apparatus as may be by him deemed advisable, as well as a solution of phenol-phthalein to be used as an indicator.

4. The solutions shall be by the officers to whom entrusted at all times kept in well-stoppered bottles in a cool place, and any of the soda solution once taken from the bottle shall not be again returned thereto.

5. The shorter of the two burettes supplied shall be used for the acid or vinegar and the longer for the soda solution. They shall be at all times kept perfectly clean and immediately before using each rinsed with a small quantity of the acid, vinegar or soda for which it is to be used — such rinsings to be carefully disposed of in such manner as to ensure that it shall not become mingled with any of that used in making the test.

6. The acid or vinegar burette shall then be filled with the sample to be tested to a point about one inch above the upper 0 line, and carefully drawn off by means of the pinch-cock through the rubber tube exactly down to the 0 line, the bottom of the meniscus or curved line of the liquid exactly touching the line when the eye is on the same level.

The drawing down must be carefully done and in such manner as to ensure the exclusion of all air bubbles from the rubber tube both below and above the pinch cock. A slight pressure with the thumb and finger will send them to the surface.

7. The acid or vinegar shall then be cautiously drawn into the receiving cup until the bottom of the meniscus touches the upper 3 line.

There shall then be added to the quantity so drawn into the receiving cup, distilled water of not less than about an equal quantity to that of the acid or vinegar therein in case such acid or vinegar is apparently weak or is light colored, and a greater quantity in proportion to its apparent or suspected strength, using for very strong acid or dark colored vinegar four or five times its bulk, the exact quantity being immaterial.

8. To the acid or vinegar so reduced shall then be carefully added by means of a small pipette, ten drops of the phenol-phthalein, and the mixture carefully stirred with a glass rod or agitated with a rotary motion in such manner as to ensure its perfect admixture with the diluted acid or vinegar.

9. The larger burette shall be filled in like manner with the soda solution, the same precautions being taken to expel the air bubbles etc.

10. The soda solution shall then be carefully and slowly drawn into the receiving cup containing the acid or vinegar and phenol-phthalein mixture, the contents of the cup being constantly stirred with the glass rod or agitated by a rotary motion in manner to ensure a perfect mingling of the solution with the contents of the cup, the eye being kept constantly on the contents of the cup to detect the first indications of an approaching neutralization of the acid contained therein, which will be by the instantaneous appearance of a distinct though fleeting red-purple color on the surface of the contents of the cup at the point where the soda strikes when falling thereon.

At this point great care shall be taken and the soda solution allowed to fall into the cup drop by drop, until by the addition of one single drop the whole contents of the cup assumes the red purple color which does not disappear on stirring or agitating, but remains permanent.

11. The quantity of the soda solution thus used as shown by the graduation marks on the burette indicates the strength of the acid or vinegar; thus, if the quantity used is less than 6 on the scale, the acid or vinegar is under proof as defined by the Act item above cited; if the quantity used is 6 on the scale, the sample is exactly the strength of proof; if the quantity used is 7 on the scale, the sample is one degree over proof, and so on, the figures on the scale indicating the exact degrees of strength.

12. In order to check the test, the acid or vinegar remaining in the burette shall then be carefully run down to the lower 0 line and the contents then drawn from such line down to the lower 3 line into the contents of the receiving cup, a little more distilled water and five drops of the phenol-phthalein added thereto, and the soda solution again added in the same manner as above, and if the same quantity of soda solution or an excess not exceeding two drops is required to restore the permanent red purple color, the test shall be considered as satisfactory, and the result shall govern the duty payable under the terms of the said item of the said Section 10 of the Act above referred to.

His Excellency is also pleased to order that the Order in Council of the 27th day of June, 1884, as well as Section 4 of chapter 13 of the Consolidated Orders in Council dated the 25th day of July, 1888, establishing the standard for imported vinegar, shall be and the same are hereby cancelled.

NOTICE TO MARINERS.

No. 29 of 1890.

I. POSITION OF RED CAN BUOY IN THE WEST NARROWS OF BEAUJEU CHANNEL.

The red wooden can buoy at the west narrows of Beaujeu Channel, in the River St. Lawrence, below Quebec, which was on the 13th instant, moved southward of the position which it had occupied in previous years, as advertised in Part IX of Notice to Mariners No. 21 of 1890, has been returned to its former position, which, as shewn on chart 318, would be

Lat.	N.	47°	4'	0"
Long.	W.	70°	30	50

From the present position of the buoy Crane Island lighthouse bears S. W. by W. ⅝ W., the south diamond beacon N. ¼ W., and the south beacon at Macpherson Point N. by E. ¾ E.

This change has been made because it was found that, in its late position, though more accurately marking the limits of the shoalest water, it necessitated a dangerously abrupt turn to enter or leave the Beaujeu Channel.

Pilots are, however, warned that the recent survey by Staff Commander Maxwell, R. N., shows patches with only 22 feet of water within a radius of 1¼ cables southward and south-eastward of this buoy. The best water to enter the Beaujeu Channel clear of these patches, with nowhere less than 27 feet, will be found on a N. N. E. and S.S.W. line passing close to the gas buoy on its westward side.

This notice affects Admiralty Charts Nos. 310, 316, 318 and 2516.

II. INTERVALS BETWEEN BLASTS OF PROPOSED FOG ALARM AT CAPE NORMAN

The intervals between the blasts of the fog horn at Cape Norman, in the Strait of Belle Isle, when established, will be thirty-five seconds, instead of five seconds as stated in Notice to Mariners No. 30 of 1889. The alarm will consequently be single blasts of five seconds' duration, with intervals of thirty-five seconds between them.

This notice affects Admiralty charts Nos. 232*b*, 282, 703, 1430 and 2516. The interval is correctly given in No. 5 of Canadian List of Lights and Fog Signals.

WM. SMITH,
Deputy Minister of Marine.

Department of Marine,
Ottawa, 31st May, 1890.

☞ All bearings are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

Pilots, masters, or others interested are earnestly requested to send information of dangers, changes in aids to navigation, notice of new shoals or channels, errors in publications, or any other facts affecting the navigation of Canadian waters, to the Deputy Minister of Marine, Ottawa, Canada. 51-3

I. BUOYAGE OF OBSTRUCTION OFF POINT PELEE.

The obstruction 3¼ miles S.E. ¼ S. from the Lighthouse off Point Pelee, Lake Erie, which was described in Notice to Mariners No. 17 of 1890, was, on the 12th instant, marked by a red spar buoy, moored in 35 feet water immediately to the southward of the obstruction.

The buoy stands 11 feet out of the water.

This notice affects Admiralty charts Nos. 332 and 678.

II. LIGHT OFF GROSSE POINTE, LAKE ST. CLAIR, MICHIGAN.

The United States of America Lighthouse Board has given notice that on or about June 2nd, 1890, two fixed lights, a red above a white light, shown from lens lanterns about 34 feet above lake level, will be exhibited from the structure recently erected off Grosse Pointe, Lake St. Clair, Michigan.

The structure consists of a cluster of piles 13 feet in diameter and 11 feet high, surmounted by a wooden house 8 feet square and 10 feet high, above which rises a mast and a day mark of slats 8 feet square.

Bearings and distances of prominent objects are approximately as follows:—

Windmill Point Lighthouse S. 75° 21' 52" W., nearly 2 miles.

Club House at Grosse Pointe N. 27° 17' 30" W., 1⅕ miles.

This notice affects Admiralty charts Nos. 330, 332, 490 and 678.

III. FOG SIGNAL AT CHEBOYGAN LIGHT STATION, LAKE HURON, MICHIGAN.

The United States of America Lighthouse Board has also given notice that on or about June 2nd, 1890, a 10-inch steam whistle will be sounded at Cheboygan Light Station, Lake Huron, during thick and foggy weather, giving blasts of five seconds' duration at intervals of 25 seconds.

This notice affects Admiralty charts Nos. 334, 519 and 678.

A Bell Buoy, painted red, has been established by the Government of Canada off Yarmouth Sound, in the Bay of Fundy, on the Western coast of the Province of Nova Scotia, as a Fairway Buoy, for the purpose of aiding vessels seeking the entrance to Yarmouth.

Lat.	N.	43°	44'	0"
Long.	W.	66°	10'	47"

The buoy is moored in 10 fathoms, and from it the "Roaring Bull" bears E. N. E., distant 1½ miles, and Cape Fourchu Light N. E. by N., distant 3⅝ miles.

The iron can buoy marking the "Roaring Bull," which is moored 200 yards W. N. W. from the rock, will still be retained.

This notice affects Admiralty charts Nos. 352, 2537 and 2670, and the substance of it should be entered in the Canadian List of Lights and Fog Signals under the No. 431c.

NOTE.—Lurcher Shoal whistling buoy should be numbered 433a, and Green Cove Light 433b, in the List of Lights and Fog Signals.

NOTICE TO MARINERS.

No. 25 of 1890.

BUOYAGE OF DANGERS IN GEORGIAN BAY.

I. KENNEDY'S BANK.—A spar buoy, marked with white and black horizontal bands, has been placed in $6\frac{1}{2}$ fathoms of water on Kennedy's bank, which, with 9 feet water over it, lies on the north-east coast of the Georgian Bay. The position of Kennedy's rock was described in Notice to Mariners No. 19 of 1889.

The buoy bears west, and is distant $3\frac{9}{10}$ miles from the highest Black Bill Island. The water is good close north-east of the buoy, but a vessel passing south-west should give it a berth of half a mile.

II. MORDEN ROCK.—A similar buoy has been placed in $6\frac{1}{2}$ fathoms 100 yards south-westward of Morden rock, with 8 feet of water on it, situate 3 miles southward of the line of the Byng Inlet range lights, on the same coast.

The buoy bears S.W. by W. $\frac{1}{2}$ W., and is distant $2\frac{1}{4}$ miles from Red rock of Byng Inlet.

Although there is deep water all round this rock it is advisable for a vessel to pass south-westward of it and the buoy.

This Notice affects Admiralty Charts Nos. 327 and 678.

MILORD,—J'ai l'honneur de vous transmettre, afin qu'elle soit publiée dans la colonie que vous administrez, copie d'un arrêté de Sa Majesté la Reine en conseil, daté du 21 mars 1890 mettant en vigueur la convention conclue entre Sa Majesté et les Etats-Unis d'Amérique touchant l'extradition mutuelle des criminels fugitifs, signée à Washington le 12 de juillet 1889, et dont les ratifications ont été échangées à Londres le 11 de mars 1890.

L'on remarquera que la convention est devenue exécutoire le 4 courant, conformément à l'article IX.

J'ai l'honneur d'être,
Milord,
Votre très obéissant serviteur,
KNUTSFORD.

A l'administrateur
du gouvernement du Canada.

Extrait de la *Gazette de Londres*, de mardi, 25 mars 1890.

ARRÊTÉ EN CONSEIL.

EXTRADITION ENTRE LA GRANDE-BRETAGNE ET LES ETATS-UNIS.

AU CHATEAU DE WINDSOR,
21 mars 1890.

PRÉSENTS :

Sa Très Excellente Majesté la REINE.

Le lord Président,
Le duc de Rutland,
Le lord Chambellan,
Le comte de Coventry,
Sir William Field.

CONSIDÉRANT que par les *Actes d'Extradition*, 1870 et 1873, il est statué, entre autres choses, que chaque fois qu'un arrangement aura été conclu avec un Etat étranger au sujet de la reddition à cet Etat des criminels fugitifs, Sa Majesté pourra ordonner par arrêté en conseil que les dits actes s'appliqueront à l'égard de l'Etat étranger en question ; et que Sa Majesté pourra, par le même ou par un arrêté subséquent, restreindre l'opération du dit arrêté et limiter son application aux criminels fugitifs qui se trouvent ou sont supposés se trouver dans la partie des possessions de Sa Majesté spécifiées dans l'arrêté, et en rendre l'exécution sujette aux conditions, exceptions et restrictions qui pourront être jugées convenables ; et que si, par quelque loi adoptée après la sanction de l'Acte de 1870 par la législature de toute possession britannique, il est pourvu à l'extradition des criminels fugitifs qui se trouvent ou sont soupçonnés se trouver dans cette possession britannique, Sa Majesté pourra, par un arrêté en conseil, appliquer les dits actes à l'égard de tout Etat étranger, ou par tout arrêté subséquent suspendre la mise en opération, dans toute telle possession britannique, des dits actes ou de toute partie de ces actes, en tant qu'ils se rapportent à cette puissance étrangère, et aussi longtemps que ces lois continueront d'y être en vigueur, mais pas plus longtemps ;

Et considérant que dans un acte du parlement du Canada, passé en 1886, intitulé “Acte concernant l'extradition de criminels fugitifs,” il est pourvu à la reddition des criminels fugitifs qui se trouvent ou pourront se trouver au Canada ;

Et considérant que par un arrêté de Sa Majesté en conseil, en date du dix-septième jour de novembre mil huit cent quatre-vingt-huit, il est décrété que l'opération des Actes d'extradition de 1870 et 1873 sera suspendue au Canada tant que les dispositions du dit acte du parlement du Canada de 1886 continueront en vigueur et pas plus longtemps ;

Et considérant qu'une convention a été conclue le douzième jour de juillet mil huit cent quatre-vingt-neuf, entre Sa Majesté et les Etats-Unis d'Amérique, pour l'extradition mutuelle des criminels fugitifs, laquelle convention est rédigée comme suit :—

“Considérant que le Xe article du traité conclu entre Sa Majesté Britannique et les Etats-Unis d'Amérique le neuvième jour d'août mil huit cent quarante-deux, pourvoit à l'extradition de personnes accusées de certains crimes ;

“Et considérant que les hautes parties contractantes désirent aujourd'hui que les dispositions du dit article embrassent certains crimes qui n'y sont pas spécifiés, et s'appliquent aux fugitifs trouvés coupables des crimes spécifiés dans le dit article et dans la présente convention ;

“Les dites hautes parties contractantes ont nommé pour leurs plénipotentiaires à l'effet de conclure une convention dans ce but, savoir :—

“Sa Majesté la Reine du Royaume-Uni et de la Grande-Bretagne et d'Irlande : Sir Julian Pauncefote, chevalier grand-croix de l'Ordre très-distingué de Saint-Michel et Saint-George, chevalier commandeur du très-honorable Ordre du Bain, et envoyé extraordinaire et ministre plénipotentiaire de Sa Majesté Britannique près les Etats-Unis ;

“Et le Président des Etats-Unis d'Amérique : James G. Blaine, Secrétaire d'Etat des Etats-Unis ;

“Lesquels, après s'être communiqué leurs pleins pouvoirs respectifs, trouvés en bonne et due forme, ont conclu les articles suivants :—

“ARTICLE I.

“Les dispositions du dit Xe article sont par la présente rendues applicables aux crimes additionnels ci-dessous :—

“1. Homicide, lorsque volontaire.

“2. Contrefaçon ou altération de monnaie ; mise en circulation de monnaie contrefaite ou altérée.

“3. Détournement ; larcin ; recel d'argent, objets de valeur ou autre propriété, sachant qu'ils ont été détournés, volés ou obtenus frauduleusement.

“4. Fraude (abus de confiance) par un administrateur, banquier, agent, commissionnaire, curateur, directeur, membre ou fonctionnaire d'une société quelconque, pour autant que le fait est puni par les lois en vigueur.

“5. Faux serment ou subornation de témoins.

“6. Viol ; enlèvement ; vol d'enfant ; sequestration et détention illégale.

“7. Vol avec effraction ; bris de maison ou de boutique.

“8. Piraterie, d'après le droit des gens.

“9. Révolte ou complot de révolte par deux ou plusieurs personnes à bord d'un navire en haute mer, contre l'autorité du capitaine ; submersion, échouement ou destruction d'un navire en mer, ou tentative ou complot ayant ce crime pour but ; attaque à bord d'un navire en haute mer dans le but de porter de graves lésions corporelles.

“10. Crimes et délits contre les lois des deux pays établies pour la suppression de l'esclavage de la traite des esclaves.

“L'extradition aura également lieu pour complicité à un des crimes mentionnés dans la présente convention ou dans le susdit Xe article, pourvu que cette complicité soit punissable par les lois des deux pays.

“ARTICLE II.

“Un criminel fugitif ne sera pas extradé si le délit pour lequel l'extradition est demandée est considérée comme un délit politique, ou si l'individu prouve que la demande d'extradition a été faite en réalité dans le but de le poursuivre ou de le punir pour un délit d'un caractère politique.

“Aucune personne livrée par l'une des hautes parties contractantes à l'autre, ne sera sujette d'être jugée ni ne sera jugée ni punie pour aucun crime ou délit politique, ou aucun acte s'y rattachant, commis antérieurement à son extradition.

“S'il s'élève quelque question quant à savoir si un cas tombe sous l'empire du présent article, la décision des autorités du gouvernement dans la juridiction duquel se trouverait alors le fugitif, sera définitive.

“ARTICLE III.

“Aucune personne livrée par l'une ou l'autre des hautes parties contractantes ne sera susceptible d'être jugée ni ne sera jugée pour aucun crime ou délit commis antérieurement à son extradition, autre que le délit pour lequel elle a été extradée, avant qu'elle n'ait eu l'occasion de retourner dans le pays qui l'a extradée.

“ARTICLE IV.

“Tous les objets saisis en la possession de l'individu réclamé au moment de son arrestation, qu'ils soient le produit du crime ou du délit imputé, ou de nature à servir de pièce de conviction, seront, en tant que possible et si l'autorité compétente de l'Etat requis en a ordonné la remise, livrés lorsque l'extradition aura lieu. Toutefois, les droits des tiers au sujet des articles susdits seront dûment respectés.

“ARTICLE V.

“Si l'individu réclamé par l'une des deux hautes parties contractantes en exécution de la présente convention est aussi réclamé par une ou plusieurs autres puissances, du chef d'autres crimes ou délits commis sur leurs territoires respectifs, son extradition sera accordée à l'Etat dont la demande est la plus ancienne en date,

“Les définitions du présent article, et aussi des articles II et IV inclusivement de la présente convention, s'appliqueront à l'extradition pour délits spécifiés dans le susdit Xe article, aussi bien qu'à l'extradition pour délits spécifiés dans la présente convention.

A OSBORNE HOUSE, ILE DE WIGHT.

Le 23e jour de juillet 1889.

PRÉSENTE :

Sa Très Excellente Majesté la REINE en Conseil.

CONSIDÉRANT que par l'*Acte d'amendement de la marine marchande de* 1862, il est statué que lorsqu'il sera représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands alors en vigueur en vertu de l'acte principal, ont été adoptés par le gouvernement d'un pays étranger et sont en vigueur dans ce pays, il sera loisible à Sa Majesté de déclarer, par un arrêté en conseil, que les bâtiments de ce pays étranger seront censés avoir le tonnage indiqué sur leurs certificats d'enregistrement ou autres papiers nationaux, et que dès lors il ne sera plus nécessaire pour ces bâtiments d'être mesurés de nouveau dans un port ou lieu quelconque des possessions de Sa Majesté, mais que ces bâtiments seront censés être du tonnage inscrit sur leurs certificats d'enregistrement ou autres papiers, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur les certificats d'enregistrement des bâtiments britanniques est censé être le tonnage de ces bâtiments :

Et considérant que par l'*Acte de la marine marchande de* 1876, il est statué, que "lorsque Sa Majesté a le "droit, en vertu de l'*Acte de la marine marchande de* "1854, ou de tout autre acte passé ou devant être passé "plus tard, amendant le susdit acte, à rendre un "arrêté en conseil, il sera loisible à Sa Majesté de rendre "de temps à autre un tel arrêté en conseil, et par ce "dernier de révoquer, modifier ou étendre tout arrêté "du conseil ainsi rendu ;"

En considérant qu'il a été représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands maintenant en vigueur sous l'autorité de l'*Acte de la marine marchande de* 1854, ont été adoptés par le gouvernement de Sa Majesté l'Empereur d'Allemagne, à l'exception d'une différence dans le mode adopté par certains vapeurs d'estimer l'espace pour la chambre des machines, et que ces règlements étaient en vigueur dans ce pays-là et sont entrés en vigueur le 1er jour de janvier 1873 ;

Et considérant que par arrêté en conseil du 26 juin 1873, Sa Majesté a bien voulu ordonner comme suit :—

1. En ce qui concerne les bâtiments à voiles,—Que les bâtiments marchands à voiles du dit Empire Allemand, dont le mesurage, le et après le 1er jour de janvier 1873, a été terminé et inscrit dans les certificats d'enregistrement et autres papiers nationaux du bord, attestés par leurs dates, seraient censés être du tonnage inscrit dans ces certificats ou autres documents nationaux, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement des bâtiments marchands britanniques est censé être le tonnage de ces bâtiments.
2. En ce qui concerne les navires à vapeur,—Que les bâtiments marchands appartenant au dit Empire Allemand, et mûs par la vapeur ou autre force motrice, exigeant une chambre des machines, et dont le mesurage, le et après le 1er jour de janvier 1873, a été déterminé et inscrit dans les certificats d'enregistrement ou autres documents nationaux du bord, attestés par leurs dates, seraient censés être du tonnage inscrit dans ces certificats ou autres documents nationaux, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement des bâtiments britanniques est censé être le tonnage de ces bâtiments ; pourvu, toutefois, que si le propriétaire ou le capitaine d'un bâtiment à vapeur allemand désire que la déduction pour la chambre des machines de son bâtiment soit évaluée suivant les règlements concernant le mesurage de la chambre des machines et sa déduction applicables aux bâtiments à vapeur britanniques, au lieu de l'être d'après les règlements allemands, la chambre des machines soit mesurée et la déduction soit calculée suivant les règlements anglais.

Et considérant qu'il a été démontré à Sa Majesté qu'une nouvelle ordonnance royale, qui est devenue en opération le 20me jour de juin 1888, stipule que les certificats de tonnage des bâtiments à vapeur allemand peuvent indiquer leur tonnage net calculé d'après les règlements anglais aussi bien que d'après les règlements allemands, et pourront recevoir un certificat distinct devant servir dans les pays étrangers indiquant le tonnage net calculé d'après les règlements anglais :

Et considérant qu'il a été démontré à Sa Majesté qu'il était opportun que les prescriptions de l'arrêté en conseil précité du 26 juin 1873 fussent révoquées, et que le dit arrêté fût remplacé par un autre :

A ces causes, il a plu à Sa Majesté, en vertu des pouvoirs qui lui sont conférés par les actes précités, et de l'avis et avec le consentement de son Conseil Privé, d'ordonner que le dit arrêté en conseil du 26 juin 1873 soit révoqué, et le dit arrêté est par le présent révoqué, et pour en tenir lieu, il a plu à Sa Majesté, de l'avis et du consentement de son Conseil Privé, d'ordonner comme il suit :

1. En ce qui concerne les bâtiments à voiles :—Que les bâtiments marchands à voiles du dit Empire Allemand, dont de mesurage, le et après le dit 1er jour de janvier 1873, a éte déterminé et inscrit dans les certificats d'enregistrement et autres papiers nationaux du bord de ces bâtiments à voiles, attestés par leurs dates, seront censés être du tonnage inscrit dans ces certificats ou autres documents nationaux, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement des bâtiments marchands britanniques est censé être le tonnage de ces bâtiments ;
2. En ce qui concerne les navires à vapeur :—Que les bâtiments marchands appartenant au dit Empire Allemand, et mûs par la vapeur ou autre force motrice exigeant une chambre des machines, et dont le mesurage, le et après le 1er jour de janvier 1873, a été déterminé et inscrit dans les certificats d'enregistrement ou autres documents nationaux du bord de ces vapeurs, attestés par leurs dates, seront censés être du tonnage inscrit dans ces certificats ou autres documents nationaux, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement des bâtiments britanniques est censé être le tonnage de ces bâtiments ; pourvu, toutefois, que si le propriétaire ou le capitaine d'un bâtiment à vapeur allemand désire que la déduction pour la chambre des machines de son bâtiment soit évaluée suivant les règlements concernant le mesurage de la chambre des machines et sa déduction applicables aux bâtiments à vapeur britanniques, au lieu de l'être d'après les règlements allemands, la chambre des machines soit mesurée et la déduction soit calculée suivant les règlements anglais, et que si ce vapeur possède un certificat de tonnage ou autre document national émis comme susdit le ou après le 20e jour de juin 1888, indiquant le tonnage net enregistré de tel navire à vapeur évalué en conformité des règlements anglais, le tonnage du dit vapeur sera censé être le tonnage ainsi inscrit.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Il plaît à Son Excellence, en vertu du pouvoir qui lui est conféré par l'article 8 de l'acte 53 Victoria, chapitre 20, intitulé "Acte modifiant les actes relatifs aux droits de douane," et par et avec l'avis du Conseil privé de la Reine pour le Canada, de faire les règlements suivants concernant le drawback à être accordé sur le maïs importé pour être séché au four et moulu en farine pour des fins comestibles, ou moulu en farine pour cet objet, savoir :—

1. Il est nécessaire que le maïs sur lequel le drawback est demandé, lorsqu'il est moulu en farine ou la farine provenant de ce maïs, ait été virtuellement séché au four en Canada (selon l'interprétation ordinaire du terme "séché au four"); et le fait que ce séchage au four a eu lieu doit être prouvé à la satisfaction du ministre des Douanes, et nul procédé partiel de séchage ou procédé autre que le séchage au four ne suffira pour donner droit au réclamant de bénéficier du drawback, dans le sens des présents règlements.

2. Le réclamant pour drawback sur ce maïs devra, avant de pouvoir le recevoir, prouver conclusivement quand, où et par qui ce maïs a été importé et déclaré à l'entrée, le montant des droits payés sur ce maïs, son parfait séchage au four avant d'être moulu, ou de la farine en provenant après mouture ; que ce maïs a été spécialement moulu pour des fins comestibles, et qu'il en a disposé ou en disposera pour telles fins seulement et nulle autre. "Que je n'ai pas sciemment permis, ni ne permettrai sciemment qu'aucune partie de cette farine provenant du maïs sur lequel un drawback peut être accordé, de sortir de ma possession ou de mon contrôle, sauf dans le but d'être employé comme comestible, ni ai-je connaissance qu'aucune telle farine a été ou est destinée à être employée pour d'autres fins, et que si j'apprends ou ai raison de croire qu'en aucun temps après qu'elle est sortie de ma possession ou contrôle, ou aucune partie d'icelle, elle a servi à d'autres fins que des fins comestible j'en informerai immédiatement les autotités douanières.

"De plus, je jure solennellement que les boisseaux de maïs ici mentionnés ont été déclarés à la douane au port de par le jour de 189 , et que de droits ont été payés sur ce maïs d'après l'entrée n° ; qu'aucun drawback n'a été jusqu'à présent réclamé ou payé sur icelui, et je réclame maintenant un drawback de 90 pour 100 (90%) du droit payé sur ce maïs en vertu du statut et des règlements à cet égard, se montant à

3. Toute personne qui obtient un drawback sur du maïs importé au moyen de fausses déclarations ou autres moyens irréguliers, ou qui, après avoir reçu ce drawback, applique cette farine de maïs ou aucune partie d'icelle à d'autres fins que des fins comestibles,— ou qui permet ou connive à cette application par aucune autre personne, ou toute personne qui a acheté cette farine de maïs de l'importateur ostensiblement pour fins comestibles et ensuite emploie ou permet à une autre personne d'employer cette farine de maïs à d'autres fins, ou sciemment vend ou dispose de cette farine de maïs à une autre personne dans le but d'être employée autrement que pour des fins comestibles, seront passibles des peines décrétées par l'Acte des douanes pour infraction aux lois du revenu.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR-GÉNÉRAL EN CONSEIL.

Il plait à Son Excellence le Gouverneur général, par et avec l'avis du Conseil privé de la Reine pour le Canada, d'autoriser l'émission de la circulaire ci-dessous aux divers percepteurs de péages sur les canaux.

JOHN J. McGEE,
Greffier du Conseil privé.

Circulaire.

MINISTÈRE DES CHEMINS DE FER ET CANAUX.

OTTAWA, 1890.

MONSIEUR,—Considérant que l'article 9 de l'Acte 49 Victoria, chapitre 98, Statuts Revisés du Canada 1886, statue que "tous les percepteurs des douanes, employés "des canaux, et tous autres fonctionnaires publics, "lorsqu'ils y seront appelés, devront coopérer avec le "percepteur des droits et péages et ses aides, afin "d'empêcher le transport des bois de service ou en "grume, et de leurs dérivés ou produits, jusqu'à ce "que les droits et péages dont ils sont grevés soient "garantis."

Il m'est enjoint, en conformité du dit acte, de vous donner les instructions ci-dessous :—

Chaque fois que vous êtes averti par écrit, soit par le Ministère des Travaux Publics, soit par un employé autorisé de ce ministère, que certaines réclamations du gouvernement du Canada pour droits de glissoire ou d'estacade contre un radeau de bois, des billots ou un vaisseau chargé de bois de service, ne sont pas payées, et que ce ministère ou son employé demande que ce radeau de bois, billots ou vaisseau chargé de bois de service n'ait pas la permission de passer dans le canal auquel vous êtes attaché, vous refuserez d'accorder un laissez-passer ou radeau ou vaisseau ainsi désigné jusqu'à ce que vous soyez dûment notifié que les dits droits ont été payés, ou que l'affaire a été autrement réglée.

Je suis, monsieur,
Votre obéissant serviteur,
Secrétaire.

Percepteur des péages sur les canaux. 51-4

HOTEL DU GOUVERNEMENT À OTTAWA,

Samedi, le 7e jour de juin 1890.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Il plait à Son Excellence, en conformité des dispositions de l'item un de l'article 10 de l'Acte 53 Victoria, chapitre 20, intitulé " Acte modifiant les actes relatifs aux droits de douane," et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'établir les règlements suivants concernant le mode de déterminer la force de l'acide acétique et pyroligneux et du vinaigre, importés, et ces règlements sont en conséquence par le présent établis, savoir :

1. Des échantillons d'environ une roquille chacun, pris au hasard d'un colis sur dix si ce sont des barils, ou d'un sur vingt si ce sont d'autres colis, de toutes importations d'acide acétique et pyroligneux et de vinaigre imposables en vertu de l'item un de l'article 10 de l'acte précité, seront soumis à l'épreuve, et le résultat déterminera le montant des droits payables sur iceux.

2. L'épreuve sera faite aux ports et par les employés que le ministre des Douanes indiquera, et de la manière ci-dessous, savoir :—

3. Une solution étalon de sodium hydrate (Na H.O.) d'une force telle que deux volumes de cette solution puissent neutraliser exactement un volume de cet acide ou vinaigre lorsqu'il est de la force étalon de preuve, sera de temps à autre fournie par le ministre des Douanes aux employés qu'il chargera du devoir d'éprouver la force de ces acides ou vinaigre, ainsi que deux burettes spécialement graduées et tels autres appareils qui lui paraîtront nécessaires, ainsi qu'une solution de phénol-phtaléine qui servira d'indicateur.

4. Les employés auxquels seront confiées ces solutions les garderont toujours dans des bouteilles bien bouchées, dans un endroit frais, et toute partie de la solution de soude une fois sortie de la bouteille ne devra pas y être remise.

5. La plus courte des deux burettes fournies sera employée pour l'acide ou le vinaigre, et la plus longue pour la solution de soude. Elles seront toujours gardées parfaitement nettes, et immédiatement avant de s'en servir chacune devra être rinsée avec une petite quantité de l'acide, du vinaigre ou de la soude qui doit y être versé,—on doit veiller soigneusement à ce que ces rinçures ne se mélangent pas avec la solution qui sert à faire l'épreuve.

6. La burette à l'acide ou vinaigre sera alors remplie de l'échantillon à éprouver jusqu'à environ un pouce plus haut que la ligne 0 supérieure, et soigneusement soutirée jusqu'à la ligne 0 en bas au moyen du robinet à pression par le tube en caoutchouc, le fond du ménisque ou ligne courbe du liquide touchant exactement la ligne lorsque l'œil est au même niveau.

Le soutirage doit être fait avec précaution et de manière à assurer l'exclusion de toutes bulles d'air du tube de caoutchouc tant au-dessous qu'au-dessus du robinet à pression. Une légère pression avec le pouce et le doigt les fera remonter à la surface.

7. L'acide ou vinaigre sera alors tiré avec précaution dans le récipient jusqu'à ce que le fond du ménisque touche la ligne 3 supérieure.

Alors à la quantité ainsi tirée dans le récipient, on ajoutera de l'eau distillée en quantité presque égale à celle de l'acide ou vinaigre si cet acide ou vinaigre paraît faible ou d'une couleur pâle, et une plus grande quantité proportionnément à sa force apparente ou supposée, employant pour l'acide très fort ou le vinaigre d'une couleur foncée quatre ou cinq fois son volume, la quantité exacte étant d'aucune conséquence.

8. A l'acide ou vinaigre ainsi réduit ajoutez alors soigneusement au moyen d'une petite pipette, dix gouttes de phénol-phtaléine, et brassez le mélange soigneusement avec une tige de verre ou remuez-le par un mouvement rotatoire de manière à obtenir un mélange parfait avec l'acide ou le vinaigre dilué.

9. La grande burette sera remplie de la même manière avec la solution de soude, en prenant les mêmes précautions pour exclure les bulles d'air, etc.

10. La solution de soude sera alors soigneusement et lentement tirée dans le récipient contenant le mélange d'acide ou vinaigre et de phénol-phtaléine, le contenu du récipient étant constamment brassé avec la tige de verre ou agité par un mouvement rotatoire de façon à obtenir un mélange parfait de la solution avec le contenu du récipient, la vue étant constamment fixée sur le contenu du récipient afin de découvrir les premiers signes d'une proche neutralisation de l'acide y contenu, ce qui est indiquée par l'apparence instantanée d'une couleur rouge-pourpre distincte quoique passagère sur la surface du contenu du récipient au point que la soude touche en tombant.

Ici il faut beaucoup de soin, et la solution de soude doit être versée goutte à goutte jusqu'à ce que l'addition d'une seule goutte ait l'effet de donner à tout le contenu du récipient une couleur rouge pourpre qui ne disparaît pas lorsqu'on le brasse ou agite, mais reste permanente.

11. La quantité de la solution de soude ainsi employée d'après les marques graduées sur la burette indique la force de l'acide ou du vinaigre ; ainsi, si la quantité employée est moindre que 6 sur l'échelle, l'acide ou le vinaigre est au-dessous de preuve tel que défini par l'item de l'acte précité ; si la quantité employée est 6 sur l'échelle, l'échantillon est exactement de la force de preuve ; si la quantité employée est 7 sur l'échelle, l'échantillon est un degré au-dessous de preuve, et ainsi de suite, les chiffres sur l'échelle indiquant le degré exact de force.

12. Afin de vérifier l'épreuve, l'acide ou vinaigre restant dans la burette sera alors soigneusement diminué jusqu'à la ligne 0 inférieure, et le contenu alors soutiré de cette ligne jusqu'à la ligne 3 inférieure dans le contenu du récipient, un peu plus d'eau distillée et cinq gouttes de phénol-phtaléine ajoutées, et la solution de soude encore ajoutée comme plus haut, et s'il ne faut que la même quantité de solution de soude ou un excédant de pas plus de deux gouttes pour ramener la couleur rouge-pourpre permanente, l'épreuve sera considérée satisfaisante, et le résultat établira le droit payable en vertu du dit item du dit article 10 de l'acte précité.

Il plait aussi à Son Excellence d'ordonner que l'arrêté en conseil du 27e jour de juin 1884, ainsi que l'article 4 du chapitre 13 des arrêtés en conseil refondus datés le 25 juillet 1888, établissant le type pour le vinaigre importé, sera et il est par le présent annulé.

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT qu'il sort maintenant de l'estacade de la Gatineau une espèce de bois appelée " bois à pulpe " pour laquelle il n'est pas établi de taux de péage par le tarif, et vu que ce bois est acheté et vendu à la corde (128 pieds cubes) et mis en radeau par rangées de 4 et 5 pièces de hauteur, ce qui rend impossible d'obtenir le nombre exact de pièces, il semble raisonnable que des péages soient imposés sur ce bois à tant par corde,—

En conséquence, il plait à Son Excellence, en vertu de l'autorité qui lui est conférée par " l'Acte des travaux publics," chapitre 36 des Statuts revisés, et par et avec l'avis du Conseil Privé de la Reine pour le Canada, d'imposer et autoriser la perception d'un péage au taux de huit (8) centins par corde sur le bois à pulpe sortant de l'estacade de la Gatineau, et ce péage est par le présent imposé et autorisé, et sera prélevé de la même manière et avec les mêmes pouvoirs que les autres droits sur les autres espèces de bois, et le mesurage sera établi par affidavit qui sera fourni sur demande au percepteur des droits de glissoires et d'estacades, et qu'il exigera soit du fabricant ou de l'acheteur.

AVIS AUX MARINS.

N° 29 de 1890.

I. POSITION DE LA BOUÉE-BOITE ROUGE DANS LE RÉTRÉCI OUEST DU CHENAL BEAUJEU.

La bouée-boîte rouge en bois, au rétréci ouest du chenal Beaujeu, fleuve Saint-Laurent en bas de Québec, qui, le 13 courant, fut placée au sud de la position qu'elle occupait autrefois, tel qu'annoncé dans la partie IX de l'Avis aux Marins n° 21 de 1890, a été remise à son ancienne place, ce qui, d'après la carte 318, serait

Lat. N. 47° 4' 0"
Long. O. 70° 30' 50"

D'après la position actuelle de la bouée le phare de l'île aux Grues est dans une direction S. O. par O. ⅝ O., la bouée sud en losenge N. ¼ O., et la bouée sud à la Pointe Macpherson N. par E. ¾ E.

Ce changement a été fait parce qu'on s'est aperçu que la bouée, là où elle était en dernier lieu, bien qu'elle marquait exactement les limites des eaux les moins profondes, nécessitait un détour brusque dangereux afin d'entrer dans le chenal Beaujeu ou en sortir.

En conséquence les pilotes sont avertis que le récent relevé hydrographique fait par le commandant Maxwell, M. R., indique des étendues qui n'ont que 22 pieds de profondeur dans un rayon d'une encâblure et un quart au sud et au sud-est de cette bouée. La meilleure eau pour entrer dans le chenal Beaujeu et éviter ces hauts-fonds, avec pas moins de 27 pieds, se trouve sur une ligne N.N.E. et S.S.O. qui passe tout près de la bouée à gaz au côté ouest.

Cet avis affecte les cartes de l'Amirauté, Nos. 310, 316, 318 et 2516.

WM. SMITH,
Sous-ministre de la Marine.

Ministère de la Marine,
Ottawa, 31 mai 1890.

☞Tous les relèvements sont magnétiques et sont donnés venant de la mer, les milles sont des milles marins, les hauteurs sont au-dessus des hautes eaux, et toutes les profondeurs sont à l'eau basse moyenne.

Les pilotes, capitaines et autres intéressés sont instamment priés d'envoyer tous renseignements quant aux dangers, changements pour faciliter la navigation, avis de nouvelles battures ou de nouveaux chenaux, erreurs dans les publications, ou autres faits touchant la navigation dans les eaux canadiennes, au "Sous-ministre de la marine, Ottawa, Canada." 51–3

DEMANDES AU PARLEMENT.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique ; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire ou autre ouvrage semblable ; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Quebec et du Manitoba.

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Un avis doit être inséré dans la *Gazette du Canada*, et et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage des radeaux et des navires ; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français ; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) une somme de $200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

L'honoraire payable sur tout bill privé, ne sera payé que dans la Chambre où il a pris naissance.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle adopté par la Chambre, le 23 juin 1887, dont copie peut être obtenue du greffier de la Chambre ;

(*a.*) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression.

(*b.*) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c.*) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le traité du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer

à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré, durant trois mois, entre l'expiration de la dernière session parlementaire avant l'avis et la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extra-judiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
